Dated 20 — 10 — 1869.

Not to be folded or roughly handled

No. 341. Read the following Proceedings of the Board of Revenue, dated 10th October 1860, No. 4,652:—

Read the following letter from G. THORNHILL, Esq., Acting Collector of Kistna District, to J. D. SIM, Esq., Secretary to the Board of Revenue, Fort Saint George, dated Masulipatam, 4th October 1860, No. 218:—

SIR,

1. I have the honor to state that favorable rains have fallen since my last report throughout the District, as specified in the margin. In the Delta Táluqs in which young paddy was raised by means of the anicut water, Raiyats have been enabled to transplant, and except in a few very low villages, in which the wet crops are swamped, they are in a very promising condition. In the north and west Táluqs the Raiyats could not raise the young paddy plant from the scarcity of rain in the commencement of the season, they are therefore late with their wet cultivation. These rains have proved somewhat injurious to the dry crops especially to the Cholum, but on the other hand they have been favorable in enabling Raiyats to plough the ground for Paira crops. The Poonasa crops viz., Lajja, Corra, and Mokkajonna are coming into ears and in some places the Gingely oil seed crop is ready for reaping.

Rain fall at Masulipatam from 18th to 30th September 1860.

Inches.	*Tenths.*	*Cents.*
3	3	5

2. Fever and Ague and Cholera are prevalent in some villages. The cattle are suffering from murrain; but forage is abundant.

3. On the whole the prospects of the season are greatly improved since the despatch of my last report.

Submitted for the information of Government.

(A true Extract and Copy.)

(Signed) J. D. SIM, *Secretary.*

No. 342. ORDER THEREON, 20th October 1860, No. 1,919.
