1. Resolved that the letters above recorded be submitted for the information of the Honorable the Governor in Council

2. GANJAM.—Of the eight Bungalows included in the Report from Ganjam, two are stated to be in good condition, having been only recently put in order by the District Engineer. The other six were in need of repair, which that Officer has been called upon to execute. In regard to the Bungalows at Gopulpur and Patateckali where no travellers appear to have halted during the past year, the Board requested the Collector to consider the propriety or necessity of retaining them. In a letter dated 4th July 1860, he explains that nine travellers used the former and six the latter Bungalow, and recommends their being retained till the trunk road to Chicacole is completed. The omission in the original report of the number of travellers who halted at the Bungalows arose from the Bungalow books having been mislaid.

Proceedings, 3rd May 1860, *No.* 2,159.
In Cons., 14th July 1860, *No.* 3,418.

3. VIZAGAPATAM.—The Bungalows in Vizagapatam situated mostly on the Northern trunk road, are, with two exceptions, reported to be clean and in good order. The exceptions are the Bungalows at Kottapalum and Cupilli, but estimates for their repair in the current year, have been sanctioned by the Chief Engineer. The attention of the Collector has also been drawn to the necessity of executing the trifling repairs which some of the other Bungalows need.

Board's Proceedings, 4th April 1860, *No.* 1,690.

4. The Bungalows at Subaveram, Kottavalsa and Bimsinghi are little used by Europeans, on account of their being situated on the road to Vizianagrum. The Collector will report on the propriety of disposing of those Bungalows either by sale, or by transfer to any public Department that may require them.

5. Godavery District.—The Bungalows in the Godavery District are reported to be clean and in fair order, with the exception of those at Rajahmundry and Nursapoor, the former of which is closed for repairs. The Board have called upon the Collector to adopt measures for the execution of the repairs needed to the out-houses of some of the buildings, and to report on the expediency of retaining the Bungalow at Nursapoor for the use of travellers. The abolition of the Bungalow at Pengonda is proposed, and the Collector has been requested to ascertain whether it is required by the Mufassal Police, or Public Works Department.

Board's Proceedings, 30th March 1850, *No.* 1,624.

Board's Proceedings, 16th June 1860, *No.* 2,871.

6. Kistna District.—The Bungalows in the Kistna District are mostly in good condition, and the trifling repairs which some of them need, have been ordered to be executed. With reference to the number of travellers entered in the statement, the Collector reports that it is far short of the real number, and that measures have been taken for keeping more correct registers. As regards the Bungalows at Bapetla and Vinukonda, which exhibit the smallest number of travellers, he also states that they are a great convenience to persons marching direct from Masulipatam to Madras or Kurnool, and therefore deprecates their sale. The Board request that the degree in which these buildings are frequented may be specially noticed in the next report.

Board's Proceedings, 1st June 1860, *No.* 2,624.

Bapetla	4
Vinukonda	3

7. Nellore.—With the exception of the Iskapalli Bungalow, the northern part of which is reported to have fallen down, the Bungalows in the Nellore District are reported to be generally in good condition, and to need but trifling repairs; for the execution of these, the Board have requested the Collector to call upon the District Engineer. The building at Iskapalli is designed for the accomodation of Ship Captains who frequent the place for the purchase of Salt, and the Board think that it should be kept up in reasonable repair.

Board's Proceedings, 30th April 1860, *No.* 2,083.

8. Cuddapah.—The Bungalow at Nunduloor is the only one stated to be out of order in Cuddapah, and the District Engineer has been called upon to provide for its repair. A new Bungalow has been built at Calacudda, on the road from Cuddapah to Chittoor, and will soon be opened for the use of travellers.

Board's Proceedings, 18th April 1860, *No.* 1,853.

9. Bellary.—The Bungalows situated on the roads leading from Bellary to Madras and Bangalore, are reported to be in bad condition, but as these roads are not now much frequented by travellers, the Board called upon the Collector to state in his next report whether the buildings might not be converted to other public purposes as Police Stations, Schools, &c., or sold to advantage, the District Engineer being required in the mean time to make the necessary repairs. In a letter dated 21st July 1860, the Collector reports that the Bungalows at Honoor and Gollah may be transferred to the Public Works Department, that at Perur made over to the Police as a Station house, that at Kogerra sold, and that at Jalipet converted into a native Choultry. These propositions are approved by the Board, and are recommended for the sanction of Government. All the buildings mentioned are situated on the old road from Bellary to Bangalore.

4th April 1860, *No.* 1,691.

In Cons., 24th July 1860, *No.* 3,593.

10. Kurnool.—The Collector of Kurnool reports that the Bungalows in his District are in good order, with the exception of two, for the repair of which an application has been made to the District Engineer.

Board's Proceedings, 20th April 1860, *No.* 1,911.

11. Chingleput.—The Bungalow at Karunguli on the Southern trunk road is the only building reported to be out of order in Chingleput; and the District Engineer has been called upon to execute the necessary repairs to it. The Bungalows at Koratúr, Perumbakam and Pólúr having fallen into disuse, have been disposed of under the orders of Government, dated 24th September 1859, No. 1,291.

In Cons., 26th September 1859, *No.* 4,819.

12. North Arcot.—Several of the Bungalows in the North Arcot District, particularly those on the Great Western Road, and on the road from Nellore to Bangalore *vid* Chittoor, are reported to be in a bad state. The Board have directed the attention of the Engineer's Department to them. The Soldiers' sheds at Pallikonda and Pelamur have been transferred to other Departments agreeably to the orders Government, dated 9th July 1860, No. 1,132, and arrangements are in contemplation for the similar transfer or sale of the other buildings rendered unnecessary by the construction of the Railway.

Board's Proceedings, 26th March 1860, *No.* 1,516.

In Cons., 10th July 1860, *No.* 3,362.

13. South Arcot.—With a few exceptions, to which the attention of the Public Works Department has been called, the Bungalows in South Arcot are in good order. In their Proceedings dated 3rd May 1860, No. 2,173, the Board requested the Collector to state how far in his opinion, the public convenience was likely to be promoted by the retention of the Chetput and Eriyar Bungalows at which one and three travellers respectively appeared to have halted during the past year. On the 16th July the Collector replied that the Bungalow at Eriyar, though not much frequented, was a convenient halting place for travellers between Virdachellam and Salem, and considered that it ought to be retained. In this, for the present, the Board concur. With regard to the Bungalow at Chetput, it has been ordered that if not required by the Commissioner of Police as a station house, it should be sold under the Freehold rules.

In Cons., 18th July 1860, *No.* 3,501.

14. Tanjore.—The Bungalows in Tanjore are reported to be clean and generally in good order, with the exception of that at Tranquebar, to the repair of which, and to the execution of petty improvements in some other buildings, the attention of the District Engineer has been called.

Board's Proceedings, 8th March 1860, *No.* 1,183.

15. Trichinopoly.—The Bungalow at Utatur is not in good order, and being little used at present owing to the change in the direction of the trunk road, its sale has been recommended. The Bungalows at Nanjaveram, Pudupolliem, and Covilputty are also out of repair. The two former being abandoned, for the same reason as the Utatur Bungalow, the Collector was requested to submit propositions for their disposal, but in his letter dated 27th February 1860, No. 24, he has requested that they may be permitted to remain until certain new rest-houses on the present Coimbatore road are constructed.

Board's Proceedings, 17th February 1860, *No.* 868.
In Cons., 2nd March 1860, *No.* 991.

16. With the abovementioned exceptions, the Bungalows in Trichinopoly are generally in good order. Most of them have been furnished with crockery, &c., and one is provided with an establishment under the Bengal system.

17. Madura.—Six Bungalows are reported as being in bad order in the Madura District, but the Board are glad to find from the column of remarks, that measures have been already taken for their repair. The Bungalow

at Paumben has been made over to the Electric Telegraph Department, under the orders of Government, dated 12th October 1859, No. 1,394, and will not appear in the future returns. Those at Pettai, Agrarum Ammanaikenúr await the completion of arrangements for their disposal.

18. TINNEVELLY.—In their Proceedings dated 15th March 1860, No. 1,332, the Board noted with satisfaction, the attention that had been paid to the maintenance in good order of the public Bungalows in Tinnevelly ; for, with two exceptions which were under consideration, repairs had been executed to all the buildings at the date of the Collector's report. The Bungalow at Palamcottah is a new one, completed in September 1859.

19. COIMBATORE.—The Bungalows in Coimbatore are all reported to be clean and in good order, with the exception of the thatched building at Murídigundam in the Kolligal Táluq. The District Engineer, however, has been called upon to perform the necessary repairs to it.

20. SALEM.—The Collector states that the Bungalows in Salem are generally in good condition, and that he has never seen a District better supplied. The remarks on the condition of buildings individually bear out this statement, the Bungalow at Ráyacotta being the only one stated to need a few repairs, which it is hoped have, ere now, been perfomed.

21. NORTH CANARA.—The Bungalows in this District having tiled roofs, and in some instances not being substantially constructed, the report on their condition is not so satisfactory as in the case of the Districts already reviewed, but the Board observe that measures have been taken by the Collector for the repair of such as are out of order.

22. The old Bungalow at Kumpta is not required for travellers, and is now used as a Post Office and Engineer's Store-room. Measures should be taken by the Collector for its permanent transfer to one of the above Departments. New Bungalows are proposed to be constructed at Betkal, Murdeshwar, Mirjan and Yellapur in lieu of the mud buildings at present in existence. The half-ruined Bungalow at Ankola was destroyed by fire on 18th February 1860, but the Collector does not consider its renewal necessary owing to the little use that has been hitherto made of it by travellers. It is stated that the Bungalow or shed at Chendiya will not be required when the Hyder Ghaut road is opened ; arrangements should be made for its disposal when this takes place.

23. SOUTH CANARA.—The Bungalows in South Canara are on the whole in good condition. The roofs of some, and the out-houses of others need repair, but the attention of the District Engineer has been called to the subject. The Bungalow at Sarpadi on the road from Mangalore to the Munjerbad Ghaut being stated to be not now required on account of the abandonment of the old line in favor of that *viâ* Mani, the Collector should take early measures for the disposal of the building by transfer to some other public Department, or by sale under the Freehold rules. The new Bungalow at Charmadi has not yet been undertaken in consequence of financial restrictions.

24. MALABAR.—The report from Malabar shows that many of the Bungalows require repair, owing doubtless to the heavy monsoons prevalent on the Western Coast, and the nature of the roofs which are mostly tiled or thatched. The Board have directed the Collector to adopt early measures for executing the necessary repairs to the Bungalows.

Board's Proceedings, 24th March 1860, *No.* 1,498.

25. Having observed that many of the buildings were not at all, and others, very little frequented during the past year, the Collector was called upon to report on the propriety of retaining such buildings, especially when not situated on important lines of communication. In his letter dated 20th April 1860, that Officer explains that the omissions are owing to no correct account of travellers being kept, and that the Bungalow books from which the Annual Reports are drawn up can hardly be considered as affordin g accurate information on this point. Measures, however, have been taken for keeping a regular registry

In Cons., 25th April 1860, *No.* 1,891.

of the number of travellers visiting the public Bungalows, in accordance with the Board's Circular, 28th February 1860, No. 1,031, and it is hoped that future returns will afford more trustworthy information in regard to the real utility of the buildings, and the expediency of maintaining them at the public expense. The Collector also reports that none of the buildings to which his attention was called, can be dispensed with, without subjecting travellers to serious inconvenience.

No. 421. ORDER THEREON, 26th October 1860, No. 1,963.

1. The Board of Revenue forward with their remarks the reports of the Collectors on the state of the public Bungalows throughout the various Districts of the Presidency for 1859. The Governor in Council will proceed to pass remarks and orders on points which seem to require notice.

Gopulpur. Patateckali. Subaveram. Koltavalsa. Bimsinghi.

2. *Ganjam.*—Paragraph 2. There is no objection to the course proposed regarding the two Bungalows in question.

3. *Vizagapatam.*—Paragraph 4. The three Bungalows named being situated on a road little used seem unnecessary. The order in which the Bungalows are named in the Collector's list is inconvenient. Those on each road should be entered in regular order of position from one end to the other.

4. *Godavery.*—Paragraph 5. The Government will expect to receive the Collector's proposals in the two cases noticed. With regard to the Nursapoor Bungalow they would however refer the Board to their order respecting it in the table in paragraph 2 of the Proceedings of Government of 28th March last No. 475.

5. *Kistna.*—Paragraph 6. The Collector should adopt means to make the Bungalow lists a more correct record of the number of travellers using the buildings. The subject was noticed in the Government order reviewing the reports for 1858. The Bungalows now referred to were noticed in G. O. 28th March last. This order seems to have been lost sight of.

6. *Nellore.*—Paragraph 7. The Board's order respecting the Iskapalli Bungalow is approved.

7. *Bellary.*—Paragraph 9. The Bungalows named may be disposed of in the manner proposed. In the case of the one at Kogerra, effect should be given to paragraph 5 of the order of 28th March.

8. *Chingleput.*—Paragraph 11. The Collector's attention should be drawn to paragraph 3 of G. O. dated 18th February 1860, No. 258. Not a single Bungalow has been examined by himself or his Assistants.

9. *North Arcot.*—Paragraph 12. It is not necessary to enter Bungalows already made over to other Departments. It appears to Government that several Bungalows in this District may be dispensed with, especially on the Madras and Vaniembádí road, with the exception perhaps of the one at Vellore.

10. *South Arcot.*—Paragraph 13. The Bungalows in this District were reported on exclusively by Tahsíldárs, and no dates of their examination appear. The Government sanction the retention of the Eriyar Bungalow as the Collector recommends it. The one at Chetput was noticed in the order of 28th March.

11. *Trichinopoly.*—Paragraph 15. Here also the Bungalows were examined only by the Collector's native subordinates. If the Bungalow at Utatur is sold, it may be necessary to inquire whether a new one will be wanted *on* the road. The course proposed by the Collector regarding those at Nanjavaram and Pudupolliam is approved. The Board say nothing about Bungalow No. 6, which the Collector mentions is not frequented in consequence of the abandonment of the road on which it is situated. The Government observe that no action has been

apparently taken upon their order of 28th March regarding Bungalows No. 14, 17 and 18 which were among those then recommended by the Board to be given up.

12. *Madura.*—Paragraph 17. Paragraph 3 of the order of 18th February last No. 258 should be attended to in this District. In their letter of 8th February last the Board recommended that four Bungalows should be given up, and Government agreed (28th March) in the case of three of them. That at Ammanaikenúr was the exception, but looking at the small number of travellers in 1859, this too may be abandoned.

13. *Tinnevelly.*—Paragraph 18. Only one Bungalow in this District was examined by the Collector.

14. *Coimbatore.*—Paragraph 19. The Board do not notice whether any steps have been taken regarding the eight Bungalows, the abolition of which was sanctioned in Proceedings of 28th March last.

15. *North Canara.*—The Board's remarks in paragraph 22 are approved. The Bungalows in this District seem generally to require more looking after. Not one of them it is observed was examined in the year under Report by a European Officer.

16. *South Canara.*—Paragraph 23. The same remark applies here. The proposal regarding the Sarpadi Bungalow is approved.

17. *Malabar.*—Paragraph 24. In this District again the examination of the Bungalow has not been conducted in any case by the European Officials.

Enclosure No 2 of the Proceedings of the Board of Revenue & the Secretary to Government Revenue Dept. No. 1,881. 1860. Dated 25th April 1860.

R. 1991/60

Letter from the Collr of Calicut to the Secretary to the Board of Revenue dated 20th March 1860 No 79 respecting Travellers Bungalows

In Con., 25th April 1860, No. 1,881.

From P. GRANT, Esq., Collector of MALABAR,

dated Calicut, 20th April 1860, No. 79.

Dated 24th March 1860, No. 1,498.

In reference to the Board's Proceedings noted in the margin, paragraph 2, I beg to state, that the fact of many of the Bungalows inserted in the last yearly report, appearing to be not at all, and others very little, frequented, is to be attributed to no correct account of travellers having been kept.

2. The Bungalow books, from which the Annual Reports are drawn up, can hardly be considered as affording accurate information on this point. Many travellers neglect to insert their names in these books. On the receipt, however, of the Board's Circular, dated 28th February 1860, No. 1,031, I issued instructions to all my subordinates directing them to keep a regular registry of the number of travellers visiting the public Bungalows. By this means, I expect to be able to furnish more correct information in my report for the current year, as to the number of travellers occupying the Bungalows.

3. None of these buildings can, in my opinion, be dispensed with, without subjecting travellers to serious inconvenience.

Enclosure No 30 - in the Proceedings of the Board of Revenue to the Secretary to Government Revenue Department dated 10 Feby 1860. No 1109.

R. 1991/60.

Letter from the Collr of Malabar No 991 dated 2nd March 1860 to the Secretary to the Board of Revenue & Enclosure respecting the Travellers Bungalows.

In Con. 2nd March 1860, No. 991.

From J. BIRD, Esq., Collector of TRICHINOPOLI,
dated Museri, 27th February 1860, No. 24.

I do myself the honor to acknowledge the receipt of your Board's Proceedings, No. 868, dated the 17th instant, and in reply to state, I have this day called upon the District Engineer to estimate for the repairs of the several serviceable bungalows of the district.

2. It is right for me to say that I have, from time to time, brought to the notice of the Engineer those bungalows that require repair.

3. Of those bungalows marked in my list as numbers 8, 10 and 11, the first ought not to have been entered, as it was made over at the beginning of last year to the Department of Public Works for their use as a store house for the circle. Bungalows 10 and 11, I am of opinion, ought not to be sold or pulled down until the new rest houses on the present Coimbatore road are constructed. These are to be built at Peroogamoney and Lallapett, as soon as the restrictive order on expenditure is removed.

No. 1267.

PROCEEDINGS of the BOARD of REVENUE, dated 12th March 1860.

Read letter from the Collector of Madura, dated 14th February 1860, No. 22, informing that the Department of Public Works has been requested to frame estimates for repairing travellers' bungalows at Dindikal and Palany, and requesting instructions whether, in reference to Board's Proceedings, dated 23rd January 1860, he must submit his report on the public bungalows for the present official year.

(In Con. 20th February 1860, No. 775.)

The bungalow at Pettai Agraharum being reported by the Collector as not now required, he is requested to ascertain whether the building will be useful for any purpose in connection with the Police, Public Works or Educational Departments.

2. It is doubtful whether the Taluq of Madakulum will be abolished. But with regard to the bungalow there and to the bungalow at Aminaiyanayakenur, the Collector will request the District Engineer to state roughly the probable cost of a new building, and meanwhile to obtain permission to repair the present bungalow on the estimate of Rupees 110 prepared by Sub-Engineer Oakes. The Board wish to know the number of bungalow on this line of road, their distance from each other and the number of travellers who halted at each in 1858 and 1859.

3. The annual Report for the past year should be submitted as early as possible. It may embrace only the 8 months from 1st May to 31st December last.

The Board request that the Acting Collector will call upon the District Engineer to adopt early measures for the repair of the Bungalows which are out of order.

2. They wish to know whether the Soldiers' sheds are made any use of, and if not, whether such of them as are detached building might not be disposed of.

3. The Bungalows on the Cuddapah line do not seem to have been visited at all by travellers. One or two other Bungalows are also little frequented. It is for the Collector to consider whether such buildings as from the extension of Railways and other causes become comparatively useless, should be kept up, and to give the Board prompt information on the subject.

On the cross road from Rajahmundry to Masulipatam.....	Narsapur....	.....	18	Sub Officer, 1st July 1859. Sub Collector, 14th March 1860.	Requires a good deal of repair. The wood-work of the roof, doors, and windows is very generally failing. The outhouses are in a bad condition, and one of the gate posts of the compound has fallen down. Communication made to the District Engineer.

The Collector will adopt measures for the early repair of the Bungalows out of order.

2. Before the Narasapore Bungalow is repaired the Board wish to know whether it is worth while retaining it. The question has been raised before, and the Collector will state whether he sees any prospect if its being much frequented hereafter.

(Signed) A. HATHAWAY, Collector.

The Collector will request the District Engineer to adopt early measures for the repair of the Bungalows which are out of order.

2. The Board wish to know whether, with reference to Board's Proceedings, 8th February 1859, No. 465, the Engineer Department are prepared to take charge of the Bungalows there referred to, or whether these or other Bungalows which are little, if at all, used by travellers, may not be converted to other public purposes, as Police Stations, Schools, &c.; or, if not so required, sold to the best advantage. The Collector in his next Report will give a List of such Bungalows with his recommendation in each case.

IN CON., 8TH MAY 1860, No. 2,143.

From E. G. R. FANE, Esq., Collector of VIZAGAPATAM,
dated Vizagapatam, 1st May 1860, No. 507.

With reference to the Board's Proceedings, dated 4th April 1860, No. 1,690, I have the honor to state that on examination of the Bungalow Books which have been sent for to my Office, the number of Travellers mentioned as having visited the several Bungalows to which the Board made special notice (with the exception of that of Cotapalem) have been found to be correct.

2. The Bungalows at Soobavarum and Cottavalsah are on the Trunk Road to Vizeanagrum; the road is little used by Europeans, and the Bungalows are but little frequented; the same may be said of the Beemsinghee Bungalow. The Cotapalem Bungalow Book was lost, and, therefore, no information can now be given regarding the number of Travellers putting up in it.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th June 1860.

Read the following letter from A. PURVIS, Esq., Collector of the Godavery District, to J. D. SIM, Esq., Secretary to the Board of Revenue, Fort Saint George; dated Cocanada, 6th June 1860, No. 71:—

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue of the 1st ultimo.

2. The Travellers' Bungalow proposed to be done away with in this District is that at Pengonda on the road from Rajahmundry to Masulipatam viâ Nursapur. Prior to 1853, this building was occupied by the District Munsiff as his Court House, and is rather a choultry than a bungalow, but little would be realised by its sale. It would be well adapted for a Police station, should Pengonda be selected hereafter as the locality of one. I consider it unadvisable to sell the building, until, on the introduction of the new Police, it be ascertained whether it is required or not.

The Collector is requested to ascertain from the Inspector General of Mofussil Police, whether he is likely to require the building. If Mr. Robinson does not need it, the Collector should ascertain whether the Public Works or Educational Departments require it.

Proceedings of the Madras Government

Under date the 26th October 1860.

Read the following Proceedings of the Board of Revenue.

Submitting with the Board's remarks, Extracts from the Collectors of the several Districts reporting on the condition of the Travellers Bungalows during the year 1859.

1 The Board of Revenue forward with their remarks the reports of the Collectors on the state of the public bungalows throughout the various Districts of the Presidency for 1859. The Governor in Council will proceed to pass remarks and orders on points which seem to require notice.

2 Ganjam para 2. There is no objection to the course proposed regarding the two bungalows in question.

3 Vizagapatam para 4. The three bungalows named being situated on a road little used seem unnecessary. The order in which the

R. 1991/60.

Letter from the Collector of the Godavery District to the Secretary to the Board of Revenue No. 1 dated 16 June 1860. With Statements A & B Nos. 1 & 2 and Reports Nos. 1 to 6 dated 16 June 1860.

the bungalows are named in the Collector's list is inconvenient. Those on each road should be entered in regular order of position from one end to the other ~~beginning at the north or South as may be thought best~~.

2 Godavery-para 5. The Govern=ment will expect to receive the Collector's proposals in the two cases noticed. With regard to the Narsapoor bungalow they would however refer the Board to their order respecting it in the table in Para 2 of the Proceedings of Government of 28th March last No. 475.

5 Kistna-para 6. The Collector ~~is quite right in saying that the number of travellers entered in the lists does not by any means show the true state of the case~~. The subject was noticed in the Government order review=ing the reports for 1858. The now bungalows referred to were noticed in G.O. 28th March last. This order seems to have been lost sight of.

6 Nellore-para 7. The Board's order respecting the Sidkapalli bunga=low is approved.

7 Bellary-para 9. The bungalows named may be disposed of in the manner proposed. In the case of the one at Kogerra, effect should be given to para 5 of the order of 28th March.

8 Chingleput-para 11. The Collector's attention should be drawn to para 3 of G.O. dated 18th February 1860. No. 258. Not a single bunga=low has been examined by himself or his assistants.

9 North Arcot-para 12. It is not necessary to enter bungalows already made over to other Depart=ments. It appears to Government that several bungalows in this District may be dispensed with, especially on the Madras, Vanien=bady road, with the exception perhaps of the one at Vellore.

10 South Arcot-para 13. The Bunga=lows in this District were report=ed on exclusively by Tahsildars, and no dates of their examination appear. The Government Sanc=tion the retention of the Erriyar bungalow as the Collector re=commends it. The one at Chetput was noticed in the order

Proceedings of Government of

order of 28th March. ~~The Govt do not agree with the Collector in his estimation of the value of entries in bungalow books.~~

11 Erichinopoly. para 15. Here also the bungalows were examined only by the Collector's native subordinates. If the bungalow at Watur is sold, it may be necessary to enquire whether a new one will be wanted on the road. The course proposed by the Collector regarding those at Manjavaram and Pudupolliam is approved. The Board say nothing about Bungalow No 6, which the Collector mentions. is not required in consequence of the abandonment of the road on which it is situated. The Government observe that no action has been apparently taken upon their order of 28th March regarding bungalows Nos 14. 17 & 18 which were among those then recommended by the Board to be given up.

Madura

12 Madura. para 17. Para 3 of the order of 18th February last No 258 should be attended to in this District. In their letter of 8th Feby last the Board recommended that four bungalows should be given up, and Government agreed (28th March) in the case of three of them. That at Ammanaikanur was the exception, but looking at the small number of travellers in 1859, this too may be abandoned.

13 Trinevelly. p 18. Only one bungalow in this District was examined by the Collector.

14 Coimbatore. p 19. The Board do not notice whether any steps have been taken regarding the eight bungalows, the abolition of which was sanctioned in proceedings of 28th March last.

15 North Canara. The Boards remarks in para 22 are approved. The Bungalows in this District seem generally to require more looking after. Most one of them it is observed was [illegible] examined in the year under Report by

by a European Officer.

16. South Canara. P. 23. The same remark applies here. The proposal regarding the Sarpadi bungalow is approved.

17. Malabar. P. 24. In this District again the examination of the bungalows has not been conducted in any case by the European officials.
