No. 65. Read the following letter from C. PELLY, Esq., Member of the Board of Revenue, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, dated 13th September 1860, No. 508:—

SIR,

1. Adverting to paragraph 21 of my letter to Government, dated 5th instant, I have the honor now to submit a list of Táluqs classified on the principle laid down in the order of Government, dated 11th April 1860, No. 556. In that order the Government directed that there should be five classes of Tahsíldárs with salaries for

		Rs.
1st	Class.....	250
2nd	„	225
3rd	„	200
4th	„	175
5th	„	150

The first class was to be given to Táluqs having a revenue of 5 lacs and upwards of which it was calculated that there would be 7 Táluqs. The second class was intended for Táluqs having a revenue above 3 lacs of Rupees, of which it was calculated that there were 20 Táluqs. The other three classes were to be so distributed that every District should have an equal number of each class; the number of Táluqs thus calculated for was 159 Táluqs. The principle laid down by Government has been followed in the scheme now submitted.

2. The number of Táluqs now decided on is only 158. Of these 7 have a revenue above 5 lacs of Rupees; but none of this class are found in Tinnevelly and Malabar as mentioned in the Government order; the late settlement of the revenue in Tinnevelly, as also in Tanjore on the motta fysul principle, in place of the fluctuating Olungu system, has reduced the revenue of several Táluqs. The first rate Táluqs are now found to be,

1	in the	Godavery District.
1	„ „	South Arcot „
4	„ „	Tanjore „
1	„ „	Salem „

To these a first class Tahsíldár has been allotted in the scheme.

3. Instead of 20, as estimated in the Government order, there are found to be 26 Táluqs having a revenue of upwards of 3 lacs: and it was my intention to allow these Táluqs the second class Tahsíldárs, and to make as fair a distribution as possible among the other three classes, according to the means at my disposal; but on conferring with the Revenue Secretary on the subject. I found it was intended by the order of Government, dated 11th April 1860, No. 556, that the proportions therein named of the several classes should be strictly adhered to, as to numbers; I have accordingly classified the Táluqs as follows:—

7	.....	1st Class.
20	.....	2nd do.
44	.....	3rd do.
44	.....	4th do.
43	.....	5th do.
158		

4. The cost of these 158 Tahsíldárs will be 29,200 Rupees per month; and I will, with reference to the calculations made by Government in their Proceedings now under reply, explain how the excess above the sum originally set aside for Tahsíldárs' salary, viz., 24,360 Rupees, is to be met from the funds to be obtained by the reduction of Deputy Collectors.

MEMORANDUM.

				Rs.
Cost of 161 Tahsíldárs formerly proposed.....				24,360

5. No separate Establishment is required for the Huzúr Treasury Deputy Collectors, the Huzúr Establishment provides all that is required.

6. It will be seen therefore that in accordance with the plan proposed by Government the Tahsíldárs' salaries may be raised without extra charge to the State.

7. By order of Government (dated 11th April 1860, No. 555, paragraph 13) the Sarishtadárs of Táluqs have been thrown into three classes as follows, and distributed in fair proportions among all the Districts, as may be seen in the list:—

				Rs.
50	1st Class Sarishtadárs at	55		2,750
52	2nd ,, ,, at	50		2,600
56	3rd ,, ,, at	45		2,520
	Total Rupees.....			7,870

* *See letter to Government, dated 15th December* 1859, *No.* 122, *para.* 11, *Clause VIII.*

which sum is 180 Rupees less than the amount originally* proposed for Sarishtadárs.

8. In my letter of 5th instant, No. 499, paragraph 25. I recommended that there should be two Shroffs for Táluqs whose collections amounted generally to about 3 lacs and upwards, and a single Shroff for all other Táluqs; and in accordance with this proposition I have allotted.

	Rs.
120 Shroffs to 60 Táluqs, at 2 to each Táluq, at 15 and 10 Rupees each.....	1,500
98 Shroffs to 98 Táluqs at 15 Rupees.....	1,470
Total.....	2,970

* *See the scale which accompanied my letter, dated 29th September* 1859, *No.* 39, *which provides* 15 *Rupees for a Shroff for* 160 *Táluqs.*

which sum is above the sum originally* set down for Táluq Shroffs by 555 Rupees; the allotment of Shroffs has been made with reference to the total collections generally received into Táluq Treasuries from all sources, but the amount cannot be entered in the statement as the information is not completed for all the Districts.

9. The new salaries of the Tahsíldárs, Sarishtadárs and Shroffs would not have effect until new Táluq Establishments consequent on the introduction of the new Police has been fully introduced into every Táluq. But the Police has been organized and the new Establishments introduced already into several Táluqs, and I have the honor to request, that the salaries now recommended for the Tahsíldárs and Sharistadárs may take effect from the date on which the new Establishment was introduced into each Táluq, and which, as the settlement of the question of their salaries was still pending, could not simultaneously be sanctioned, and these officers, with their enlarged charge, have been drawing only their former small salaries; the Collectors of Tanjore and Madras have particularly requested that the new scale of the Tahsíldárs' salary should be thus made retrospective.

Letter from Collector of Tanjore to the Board, dated 23rd August 1860.

Letter from Collector of Madras, dated 30th July 1860, *No.* 749.

Abstract Statement of classification of Tahsíldárs, Sarishtádárs, and Shroffs for the new Táluqs in the several Districts of the Madras Presidency.

REVENUE BOARD OFFICE,
FORT SAINT GEORGE,
September 1860.

(Signed) C. PELLY,
Member.

No. 66. ORDER THEREON, 5th November 1860, No. 2,046.

1. In this letter Mr. Pelly submits his proposals for classifying the new Táluqs of all the Districts, on the principle laid down in the order of 11th April No. 556, with reference to the pay of the Tahsíldárs and Sarishtadárs, and the number of the Shroffs.

2. The proposed arrangement appears to be a correct carrying out of the Government order. It is accordingly confirmed, subject to any changes within Districts which may seem expedient on representation from the Collectors, who do not appear to have been consulted as to the final arrangement.

3. Where the new establishments have already been introduced, the new rates of pay to Tahsíldárs and Sarishtadárs will have effect retrospectively from the date of the introduction, as recommended in paragraph 9.

(Signed) J. D. BOURDILLON,
Secretary to Government.
