REV. SETTLEMENT OFFICE,
MADRAS, 18*th October* 1860.

EXPLANATORY MEMORANDUM.

(*Vide Order of Government, dated 8th June* 1860, *No.* 1,043.)

Settlement parties.

1. The Trichinopoly and Salem Settlement party, completed the demarcation in this month, of villages to the extent of 94 square miles, and about double this area is in progress; so that there has been a full amount of work performed. The classification also came up to the monthly standard.

2. The Godavery party was mostly withdrawn into Office for the recess, so that there is little field work.

3. The Kistna party has done its complement in demarcation and classification.

4. In Wainád, field operations were not regularly resumed.

Survey parties.

5. The Trichinopoly and Salem Survey party in the previous month measured 20 square miles more than the standard. In this month the work is 95 square miles, or about 25 square miles under the estimate. The cause of which is, that several of the Amins were engaged in testing plans and calculating field areas.

The adjustment of the demarcation to the Survey by increasing the strength of the staff for the former operation still waits for the orders of Government on the proposal submitted on 25th June last.

6. The small Wainád branch working in Salem did an adequate amount of work for the number of Amins employed.

7. The Godavery and Kistna parties are mostly withdrawn from the field for the recess, so that little work appears from these.
