Proceedings of the Madras Government, Revenue Department, 13th November 1860.

No. 216. Read the following letter from C. PELLY, Esq., Member of the Board of Revenue, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated 12th September 1860, No. 502 :—

SIR,

Proceedings of Government, 24th December 1859, *No.* 1,763, *para.* 5.

1. I have the honor to report on the names and Cusbahs of the new Táluqs of the Trichinopoly District as desired by Government.

2. The names of the Táluqs as at present known, and the Cusbahs as existing, and still recommended by the Collector, are as follows :—

Táluq.	*Cusbah.*
1. Kónád	Trichinopoly.
2. Vettikatti	Kulutalli.
3. Torriúr	Musari.
4. Válkondápuram...	Perambalúr.
5. Wudiárpollem	Ieyenkondasholápúr.

Letter 22nd August 1860, *No.* 119.

Letter 8th August 1860, *No.* 111, *para.* 6.

3. The reasons assigned by Mr. McDonnell for retaining the present Cusbahs are generally sufficient. But Mr. McDonnell is averse to changing the names of the Táluqs because "he thinks it would cause "great confusion as the names now in use are well "known to all." But it must be remembered that the new Táluqs are different from the old ones, being formed by a combination of two existing Táluqs and by the division of one old between two new Táluqs; and I see no special reason for departing from the rule directed by Government to be observed generally, and which has been carried out in other Districts, of calling the Táluqs by the name of the Cusbah, which is generally the principal town in them. And I believe it is not at all unusual for the people to call a Táluq by the name of the Cusbah which is familiar to them, though the Táluq has another name in the public accounts. Mr. McDonnell does not object to the Torriúr Táluq taking the name of Musari as Musari was the name of one of the combined Táluqs; and he thinks the change of name from Kónád to Trichinopoly would cause no inconvenience.

4. But I would change the names also of the two Táluqs of Vettikatti and Válkondápúr to Kulutalli and Perambalúr respectively. With regard to Wudiárpollem I am in some doubts whether the Táluq name should be changed. The Cusbah at present is Ieyenkondasholápúr. This place is "every way suited to be the Head Quarters station "of the Táluq, there is no other town in the Táluq better fitted for the Cusbah, excepting "Wudiárpollem, which is a Zamíndári, and is the residence of the Zamíndár; the population "of Wudiarpollem, is 4,669 while that of Ieyenkondasholápúr is only 1,549." It is thus evident that Wudiárpollem is the *principal* town of the Táluq. Its situation is central. But Ieyenkondasholápúr is, though not quite so central, not more than five miles eastward of Wudiárpollem and in the opposite direction from the Head Quarters of the Collectorate. But there is no building available for a Kacheri at the Wudiárpollem town, but at Ieyenkondásholapur there are old buildings available.

Letter Collector's, 5th September 1860.

5. The Government might consider that the Cusbah should eventually be at Wudiárpollem; and Ieyenkondásholápúr is not a very desirable name to retain; and I would therefore request orders as to the name to be given to this Táluq which is now composed of the old Táluq of that name and part of the Arrialúr Táluq.

6. I should explain with regard to Musari being selected as the Cusbah of the combined Musari and Torriúr Táluq, that Kannanúr the Cusbah of the old Torriúr Táluq is more central than Musari, being 12 miles more towards the centre, but Mr. McDonnell recommends Musari as the best situated for the Cusbah as it is near the Cauvery river and conveniently situated for the people, and it enables

See Letter from Collector, dated 22nd August 1860, *para.* 4.

the Tahsíldár to supervise the construction of the Korumbús (dams) in the river which have to be so constantly renewed and on the permanence of which so much revenue depends.

7. The names of the Táluqs and their Cusbahs would then be as follows :—

Táluq.	*Cusbah.*
1. Trichinopoly...	Trichinopoly.
2. Kulutalli	Kulutalli.
3. Musari...	Musari.
4. Perambalúr	Perambalúr.
5. Wudiárpollem	Ieyenkondasholápúr.

But as regards the last the order of Government is specially required.

No. 217. ORDER THEREON, 13th November 1860, No. 2,124.

1. In this letter Mr. Pelly reports as to the Cusbahs and names of the new Táluqs of Trichinopoly as required in paragraph 5 of the Order 24th December last No. 1,763. The Acting Collector and Mr. Pelly are agreed with respect to the Cusbahs which they think ought to continue as at present but Mr. McDonell is unwilling to alter the names of the Táluqs of Vettikatti, Válkondápúr and Wudiárpollem while Mr. Pelly sees no reason why the two former should not be named after their Cusbahs ; and refers to Government as to the proper name for the latter.

2. The Government approve the names of the Táluqs proposed with one exception. If Musari is to be the Cusbah of the combined Táluq of Musari and Torriúr, that should be the name of the Táluq ; but as Kannanúr is so much more central for the whole Táluq, the Government think the selection of Musari may properly be reconsidered. The reason given for it does not seem to be sufficient.

3. For the reasons given by Mr. Pelly in paragraphs 4 and 5 the Honorable the Governor in Council approves of Wudiárpollem being still the name of that Táluq. Ieyenkondasholápúr will continue to be the Cusbah for the present.

No 111.

From H. R. McDonell Esqre
Offg Collector of Trichinopoly

To
C. Pelly Esquire
Member of the
Board of Revenue
Fort St George.

Sir,

I have the honor to acknowledge receipt of your letter No 121 dated the 1st instant. —

2. Since the receipt of Your Circular of the 14th of May last I have twice called on the District Engineer to furnish me with the required information regarding the Areas of Zemindaries Mootahs &c. — I have this day again directed his attention to my former letters -

3. To save further delay I have prepared

prepared three Statements marked A. C. and D in accordance with the forms furnished by you - the Co= =lumns for Areas has been left blank= and on the District Engineer fur= =nishing me with the information called for, I will submit a Memo= =randum of the different areas which can then be filled in, in the blank Column -

4 Statement B is inapplicable to this District and has therefore been omitted. -

5 Referring to the 2nd para of your letter, I still retain my opinion that it would be adviseable to place the Sub Magistrate of the taluq at Salachery - this Office would have jurisdiction over 115 Vil= =lages in the neighbourhood, this a part of the Country where hither= =to Crime has prevailed - and the

6 transfer of Streemoshnum to Puchinopoly or Salachery to South Arcot would give great dissatis= =faction -

6 The Head Quarter Station of the Tahsildar of Conaud is Pu= =chinopoly - The Cusbah taluk has long been known as the Conaud taluk - I thought it best to retain the old name, which is familiar to all - the Head Quarters of the Tahsildar of Villicutty is Coloolalay that of Torriore Moosery - Volconda =puram Perumbaloor and that of Wodeiapollium Jeyenconda= =sholapuram - thus if you are desirous that your rule "that "the name of the taluq should "follow that of the Cusbahs" be not departed from every taluk's name must be changed - this would I think cause great confusion

as

as the names now in use are well known to all.-

In my letter noted in the margin* I recommended that if I were given a Head Assistant Magistrate, he should have Magisterial Charge of the Cantonment together with the Revenue and Magistracy of the new Cuaud taluk - it being a most important charge requiring an officer of some experience, this arrangement further considered desirable as I should not be tied to Tschinopoly but be able to move about the district as circumstances might require - but, if I am not to have a Head Assistant I would certainly propose, as in the case of Bellary that the present Superintendent of Police be invested

* 21st July 1860 No 97

I see his appointment as Sheristadar on 10 Aug 1860.

with the powers of a Joint Magistrate and I have reason to believe this arrangement, is the one desired by Mr Robinson -

8 The new Cuaud taluk (which includes Trichinopoly) is very large, comprising 437 villages some of them densely populated - In the Lalgudi Division, it will be necessary to have a Sub Magistrate who will have jurisdiction over 139 villages this leaves 298 Villages - and I consider that we could not get on without a Separate taluq Magistrate (Town Magistrate) The hamlets surrounding Trichinopoly such as Worriore Putur and Varacanery are crowded with inhabitants - The Tahsildar unaided would have too much on his hands, it must be remembered also that his duties call him

4

him Very frequently away from his
Head Quarter Station.—

9. With a large military
Establishment here, frequent re-
-quisitions for money on the part
of the Paymaster and Commis-
-sariat Officers the Superintendence
of accounts - payment of pensions
and Gratuities - Supervision of
the press &c. - The Deputy Col-
-lector in charge of the treasury
can be fully employed I there-
fore do not propose to give him
any magisterial charge.—

Board of Revenue
Fort St. George

Sir,

Para 1. I have the honor to acknowledge receipt of your letter of the 18th instant, yesterday, and as requested I lose no time in supplying you with the information called for.-

2. In my previous correspondence I proposed the following arrangement for taluks and Cuspahs-

1 Conaud. ——— Sruchimopoly
2 Vellicutty ——— Coolootalley.
3 Porriore ——— Mooseny.
4 Velcondapurum Perambaloor.
5 Wodiarpolliem- Jeyoncondasholapurum-

Should

3. Should you still consider it advisable, the Conand talloork might be named Trichinopoly- after the Cuspah town, which is undoubtedly the most suitable place for the Head Quarters of the Thasildar- The name of the large town of Trichinopoly is so familiar to all that I think the change of name to the talloork in this instance would cause no inconvenience further, than the District being named Trichinopoly, it is far better that each talloork should retain a distinct name as being integral parts of the whole district, and for this reason alone I would advocate the retaining the old name for the Conand talloork-

4. Coolootaly in Vitheultty and Moosery in Toriore are the best situated villages for the head Quarters of the two New talloorks of Vitheultty and Toriore- they are near the Cavery river, and conveniently situated for the people and by fixing the head quarters at these stations the Head Revenue Officer is able to supervise the construction of the Coorumboos in the River which have to be so constantly renewed and on the permanence of which so much revenue depends- Moosery is the head Station fixed for the new talloork, which includes the old talloork of that name and Toriore- I propose the new talloork be called Moosery-

5. Perambaloor the Cuspah for Volcondapurum is the most advantageously situated village for the Head Quarter Station- the only other large village is Volcondapurum itself which was some years back condemned and the talloork Cutcherry moved

moved to Perambaloor.

6. Should you approve, the talugs and their Cuspahs will now stand as follows.-

1	Conaud	Trichinopoly
2	Vitticutty	Coolootally.
3	Moosery	Moosery.
4	Valcondapurum	Perambaloor.
5.	Wodiarpolliem	Jeycondasholapurum.

7. I do not propose any change in the places already proposed for locating Sub Magistrates.-

I have the honor to be,
Sir,

To C. Pelly Esq:

Sir,

I have the honor to acknowledge the receipt of your letter dated the 31st ultimo No 489, and in reply beg to say that Jayangondee Sholapuram and the Kistnah of Woodiarpolliem Taluq is in my opinion every way suited to be the Head Quarters station of the Taluq. There is no other Town in the Taluq better fitted for the Kistnah excepting Woodiarpolliem which is an Zemindaree and is the

residence of the Zemindar. Its population is 4,669 while that of Jayamgondasholapuram is only 1,579. In the event however of Woodiampolem being made the District it is necessary to erect new buildings whereas in Jayamgondasholapuram there are old public buildings available for holding the Tasildar's Cutcherry.

2. The town of Jayamgondas: holapuram is known by no other name, and it is always called by name in full. It has no abbreviation: it is not known as Sholapore.
