SIR,

1. I have the honor to state that since my last report,* there have been favorable rains throughout the District, which have proved beneficial to all the dry crops, but the staple Jonna, which has been seriously injured, more especially in low grounds.

*Dated 4th instant.

2. The harvest of the Poonasa or early crops, is being housed by the Ryots, the black Paddy, Jilama, &c., dry crops are coming into ear.

3. In the Táluqs in which the wet crops were raised early in the season, they are in a good condition; but those raised later in the season, in the Western and Northern Táluqs, have been affected by blight.

4. In some localities, cholera and small pox, as well as fever and ague are prevalent There is abundant forage for cattle, but they are suffering in some villages from murrain.

Submitted for the information of Government.
