In Cons., 30th July 1860, *No.* 3,697.

SIR,

1. With reference to the Proceedings of Government, dated 9th September 1859, which paragraphs relate to the demand of a payment on account of water supplied to the Sarva Mányamdárs of Tanjore from Government works of irrigation, I am directed by the Board to request that should no objection be considered to exist to the measure, they may be furnished with a copy of the Minute of Sir H. Montgomery which is referred to in the Despatch and which appears to have contained sundry arguments against the demand, based on the circumstances of the Inám Grants and of the execution of the works and on the condition of the lands before the construction or restoration by Government of the works which now supply irrigation.

2. The Board consider it essential to a right decision in the matter that the evidence for or against these arguments should be obtained from the District and duly weighed.
