*Proceedings of the Madras Government, Revenue Department,*
*21st November* 1860.

No. 355. Read the following letter from W. GREY, Esq., Secretary to the Government of India, Home Department (Revenue), to J. D. BOURDILLON, Esq., Secretary to Government of Fort Saint George, dated Fort William, 1st November, 1860, No. 2,475 :—

SIR,

1. I am directed to state that, independently of the Return asked for in my Telegram dated the 26th instant, the Governor General in Council is desirous to receive a special report regarding the operation of the Income Tax under Schedules 1 and 2,—including also the proceeds from persons employed under Companies embraced by Schedule 4—towards the expiration of the second quarter of the year, and during which the Collections for the first quarter should be made.

2. This report should give a brief description of the manner in which the Act has worked, and of the progress made, say up to the end of December, in each District or Town in realizing the first quarter's payment of the Tax. It should also notice all prominent points connected with the introduction of the Tax, such as the extent to which Punchayets have been made use of, the extent to which people have availed themselves of the composition provision, the number of cases in each District in which surcharges have been made, and in which they have been resisted, successfully or unsuccessfully—the number of complaints, if any, of oppression or hard dealing on the part of the Assessors or other officers concerned in the execution of the Act, and the like. The Governor General in Council hopes that this report will be received not later than the 15th of February.

---

No. 356. ORDER THEREON, 21st November 1860, No. 2,194.

Ordered to be communicated to the Board of Revenue and the Income Tax Commissioners, with a request that they will respectively submit the report called for by the Government of India regarding the operation of the Income Tax not later than the 15th January next. The Government believe that if the Collectors exercise due promptitude, there will be no difficulty on the part of the Board of Revenue in fulfilling this requisition; the Presidency Commissioners should certainly have none.
