Proceedings of the Madras Government, Revenue Department, 21st November 1860.

No. 357. Read the following Proceedings of the Board of Revenue, dated 13th October 1860, No. 4,699 :—

Read letter from the Collector of Madras, dated 5th October 1860, No. 399.

(In Cons., 6th October 1860, No. 5,049.)

In Cons., 30th August 1860, No. 4,300.

1. In the order of Government, dated 29th August 1860, Revenue Department, No. 1,466, the Board were instructed to arrange with the Collector of Madras for the transmission direct to the General Treasury of the remittance of the northern and adjacent Táluqs of that District, and to report their arrangements for approval, with a statement of the Establishment considered necessary for the Madras District Treasury.

Board's Proceedings, 21st Sept. 1860, No. 4,293.

2. The Board addressed the Collector on these subjects, and his letter above recorded is in reply to this reference.

3. As regards the first point, viz., remitting the collections of certain Táluqs direct to the General Treasury, the Collector states that he cannot report his arrangements until the commencement of next year. The cause of this appears to be a request by the Accountant General that the Collector should supply funds for the payments made at the Mount, Palaveram, Poonamallee and Tripassore. The amount required at these places has not been communicated to the Collector, and until he knows this, he cannot make the necessary arrangements for the remittance of the surplus collections of the Táluqs to the General Treasury.

4. The Board presume that the Accountant General will have no difficulty in at once informing the Collector of the probable amount of his demands, with sufficient accuracy for the present purpose, and as it is desirable that a simple matter of this kind should be settled at once, they request the Collector to apply to the Accountant General for the information.

5. As regards the second point, viz., the Establishment for the District Treasury, the Collector states that he "must request that the Board will make the modifications which they think necessary" as he adheres to the opinion he has already expressed on the subject.

6. Mr. Cunliffe must have been aware from the Board's Proceedings, that his opinion and the grounds of it had been duly considered by Government and the Board, and that a different course from the one he advocates had been decided upon by Government ; and he was merely desired to express his opinion on a simple matter of detail. Consequently his refusal to deal with a question thus decided by higher authority, except in accordance with his own notions is not only disrespectful to Government and the Board, but evinces a spirit of insubordination.

7. As the Collector declines to aid the Board in the matter, they can only submit to Government the Establishment which they think sufficient for the District Treasury, considering not only the probable cash transactions, but also the large amount of stamps and stamped papers lodged in it.

No. 358. ORDER THEREON, 21st November 1860, No. 2,195.

1. The Government sanction the reduced Establishment proposed by the Board for the reasury of the Madras District.

2. Mr. Cunliffe's opinion against the necessity of a Treasury having been overruled, it was his plain duty to give such aid as was required of him in determining the proper Establishment and the Government view his refusal to do so with disapprobation.

Acting Secretary to Government.

In Con. 6th October 1860, No. 5,049.

From B. CUNLIFFE, Esq., Collector of MADRAS,

dated Saidapet, 5th October 1860, No. 399.

ference to the Board's Proceedings of the 21st ultimo, No. 4,293, I have the honor to cannot, until the commencement of next year, report my arrangement for the Taluq emitting direct to the General Treasury.

e collections meanwhile will be very inconsiderable, and can be retained in the Taluqs. tant General has also expressed his desire that I should furnish funds for the payments onments of Palaveram, Saint Thomas' Mount, Trippassoor and Punnemalli instead of, the money being forwarded from the General Treasury.

have replied that there being no, or but small, kists in the interval, I shall be prepared ry next to take upon myself those payments, and when their amount is communicated ll report to the Board the measures proposed, in view to the remittances being con- t to the General Treasury.

n the subject of reducing the Huzur Treasury Establishment, I must request that the make the modifications which they think necessary.

must be excused if I adhere to the opinion which I have so lately expressed, and at d arrived after consideration, and after consultation with the Deputy Collector in charge easury.

proposed to abolish the Huzur Treasury, retaining under my office roof the Taluq consisting of :—

1 Gumastah on.....	17½	Rupees.
1 Shroff.....	10	„
With the addition of		
1 Stamp Darogah.....	40	„
1 Gumastah.....	15	„
1 Shroff.....	10	„

ng a saving of 175 Rupees monthly, besides that of the guard to the Taluq Treasury.

As the name is immaterial, the above might be styled the district Treasury, and is in my opinion, ample for operations averaging, as* I stated before, one receipt and about two disbursements daily.
