SIR,

1. With reference to the Order of Government, dated 13th August, No. 1,338, communicated with the Board's Memorandum, dated 16th June, No. 3,769, I have the honor to annex an Estimate showing the quantity of labor required for sorting the old dafters remaining unarranged in the record room of the late Guntoor Kachéri and for preparing lists of a large number of dafters previously arranged.

2. The Estimate includes the pay of a Superintendent to be employed to direct operations of other Gumáshtás. The maximum rate of work is entered in the Estimate.

ESTIMATE.

There are 4,346 dafters already sorted, but they have to be re-arranged, with reference to the new Táluqs. One Gumáshtá cannot arrange more than five dafters per day, and at this rate the whole work will take	29 months.
For making lists of the dafters in question at two per day, will occupy	72 months.
For sorting the unarranged records in 1,654 dafters, at two dafters by one Gumáshtá per day, will take	28 months.
For making lists of the last mentioned dafters at do. do. will take 28 months, but supposing one-fourth of the papers will be thrown out without the necessity of writing lists, there will remain	21 months.
Total	150 months.

For 10 Gumáshtás then, there will be 15 months full work; their salaries are proposed as follows:

	RS.
9 Gumáshtás, at 12 Rupees per mensem	108
1 Superintendent, at 20 Rupees per mensem	20
Sadírwárid per mensem	2
Total cost for 1 month.	130
	15
Total charge for the whole work.	1,950

1. Submitted for the consideration of Government, with reference to the Order, dated 13th August 1860, No. 1,338; and in continuation of the Board's previous Proceedings, dated 20th July 1860, No. 3,322.

In Cons., 14th August 1860. *No.* 3,992.

2. As the Estimate appears to be based on reasonable data, the Board recommend sanction for the amount above-mentioned.
