Proceedings of the Madras Government, Revenue Department, 20th December 1860.

No. 356. Read the following letter from H. NEWILL, Esq., Director of Revenue Settlement, to J. D. SIM, Esq., Acting Secretary to Government, Revenue Department, Fort Saint George, dated South Arcot, 11th December 1860, No. 1,394:—

SIR,

I have the honor to submit a correspondence with the Principal Inspector General, Medical Department, regarding the retention of Assistant Apothecary Mr. Callaghan in Wainád, as being peculiarly suited for the medical duties connected with the Settlement and Survey parties there, as described in my letter of the 30th ultimo, No. 1,346, to the Principal Inspector General, Medical Department, and to request the Government may be pleased to sanction the continuance of Mr. Callaghan's services in Wainád. A liberal batta can be allowed him under the sanction dated 14th November 1860, No. 2,137, so that no additional charge need to fall on the Medical Department.

From H. NEWILL, Esq., Director of Revenue Settlement, to G. PEARSE, Esq., M.D., Principal Inspector General of Hospitals, Medical Department, dated Madras, 30th November 1860, No. 1,346.

SIR,

Paragraphs 1 to 3.

1. In forwarding you an extract from a letter from my Deputy in Wainád, in which he shows the necessity of retaining Mr. Callaghan's services for the special duty in that locality, I have the honor to request you will inform me whether you can arrange for that subordinate's continuance in Wainád instead of his going to join his Regiment in Burmah, for which he is now in orders. I would specially call your attention to the remarks of my Deputy as to the liability of a Native Dresser to take jungle fever in Wainád, which would suspend his services and tend to cripple the work, while Mr. Callaghan has been climatized by several years' residence in that locality, and is otherwise specially qualified for the charge, which is one of much consequence as affecting the important operations being carried out in that locality.

2. Should you accede to my proposal, I shall be able to allow Mr. Callaghan a liberal batta to cover his extra expenses without further charge to the Medical Department.

The favor of an early reply is requested.

Extract of letter from the Deputy Director of Revenue Settlement in the Wainád, to the Director of Revenue Settlement, dated 22nd November 1860, No. 114.

Dated 21st instant.

1. I have the honor to forward for your favorable consideration, and submission to higher authority, if necessary, the accompanying copy of a letter from Assistant Apothecary Callaghan in charge of the Settlement party, requesting he may be permitted to draw the pay and allowance of a 2nd Apothecary in consideration of his employment in Wainád.

2. Mr. Callaghan, as you are aware, has been removed from the Settlement Department and posted to a European Regiment serving in Burmah, and he is only awaiting the arrival of his successor in order to leave.

3. I consider it necessary that the services of a Medical Officer of Mr. Callaghan's description and standing should be retained in connection with the Settlement Department in Wainád. A Native Dresser would be as readily liable to attacks of fever as other Natives generally are, and would, in consequence, perhaps be frequently incapacitated for the performance of his duties by sickness. Whereas Mr. Callaghan has served for some time in Malabar, and in Wainád for upwards of a year; he is himself acclimatized and has had experience in the treatment of complaints peculiar to the District; and what may not be considered out of place to mention in a personal recommendation, whether from the success which has attended his treatment or from his care and attention to the sick, I am aware that the opinion of him generally is complimentary to his professional character, and that he enjoys the confidence of the Natives.
