Dated 5 — 1 — 1860.

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department, for the month of January 1860.

No. 51. Read the following letter from W. HUDLESTON, Esq., Acting Secretary to the Board of Revenue; to J. D. BOURDILLON, Esq., Secretary to Government, R. D., dated 5th December 1859, No. 5018.

Agreeably to the orders contained in paragraph 2 of Extract Minutes Consultation, dated 14th April 1859, P. W. D., Public, No. 888, I am directed by the Board of Revenue to submit* a list of those prescribed forms of returns required in the course of a year by the several Collectors under their control, which they are of opinion may with advantage be printed for the whole Presidency at the Government Gazette Press. The specimens of forms which are also herewith forwarded bear in red ink the same number as is appended to them in the list for easy reference.

In Con. 16*th April* 1859, *No.* 1740.

* *In M. S.*

2. Some of the Collectors have included in the lists forwarded by them, forms fo registers or abstracts of accounts kept in their offices for the preparation of monthly and other periodical returns; others have entered in them forms of táluq and village accounts; and some others again have added various papers of a miscellaneous nature, which vary with each district.

3. The Board are of opinion that such forms as are required for merely local purposes may be most conveniently printed at the Collectorate press whenever required, as is now for the most part done. This will, to a considerable extent, prevent the public mails from being unduly burdened. The forms of village and táluq accounts also, of which numerous copies are required to be printed in the vernacular languages, can be best struck off in the district presses. The Collector of Madras and the Collector of Sea Customs, who have no such presses, may have the whole of the forms required by them printed in the Gazette office.

4. The general list now submitted excludes all the papers above alluded to, and it is confined chiefly to the periodical returns submitted by the several Collectors to the Presidency authorities, and to such other papers as are of constant use to them. Some of the Collectors have omitted in their lists, forms which appear necessary, but they are included in the general list. The Board hope that this arrangement will meet with the approval of Government.

5. When the Board's press was under their management, it was usual† with them to print a number of copies of the forms for such periodical returns as are submitted to them, and to supply them to the Collectors from time to time in their indents. The number of such forms still on hand in their office is shewn in the last column of the list, and it will not be necessary to print such at present in the Gazette office. The Board believe that the Accountant General also furnishes the Collectors in like manner from his office with printed forms of returns and papers submitted to him.

† *C. O. dated 26th June* 1857, *page* 53.

6. In conclusion the Board are of opinion, that, to facilitate the working of the plan now proposed to be adopted, it will be advisable that the heads of the different departments shall make arrangements for obtaining the full supply of forms needed by their subordinates, and make the distribution according to the wants of the several districts.

Acting Secretary.

REVENUE BOARD OFFICE,
Fort Saint George,
5th December 1859.

No. 52. ORDER THEREON, 5th January 1860, No. 24.

Referred to the Public Department for consideration as to whether the Gazette establishment is capable of undertaking the printing of the large number of the various forms required for the Revenue Department.

2. The Chief Engineer will be called upon to submit without delay the similar list called for in the order of Government dated 14th April 1859, No. 888, for the Public Works Department.

(Signed) J. D. BOURDILLON,
Secretary to Government.

No. 5018.

From W. HUDLESTON, Esq., Acting Secretary to the Board of Revenue.

To J. D. BOURDILLON, Esq., Secretary to Government, P. D.

SIR,

In Con. 16th April 1859, No. 1740. Agreeably to the orders contained in paragraph 2 of Extract Minutes Consultation, dated 14th April 1859, P. W. D., Public,

* In M. S. No. 888, I am directed by the Board of Revenue to submit* a list of those prescribed forms of returns required in the course of a year by the several Collectors under their control, which they are of opinion may with advantage be printed for the whole Presidency at the Government Gazette Press. The specimens of forms which are also herewith forwarded bear in red ink the same number as is appended to them in the list for easy reference.

2. Some of the Collectors have included in the lists forwarded by them, forms of registers or abstracts of accounts kept in their offices for the preparation of monthly and other periodical returns; others have entered in them forms of taluq and village accounts; and some others again have added various papers of a miscellaneous nature, which vary with each district.

3. The Board are of opinion that such forms as are required for merely local purposes may be most conveniently printed at the Collectorate press whenever required, as is now for the most part done. This will, to a considerable extent, prevent the public mails from being unduly burdened. The forms of village and taluq accounts also, of which numerous copies are required to be printed in the vernacular languages, can be best struck off in the district presses. The Collector of Madras and the Collector of Sea Customs, who have no such presses, may have the whole of the forms required by them printed in the Gazette office.

4. The general list now submitted excludes all the papers above alluded to, and it is confined to such other papers as are of constant use to them. Some of the Collectors have omitted in their lists, forms which appear necessary, but they are included in the general list. The Board hope that this arrangement will meet with the approval of Government.

* C. O. dated 26th June 1857, page 53. 5. When the Board's press was under their management, it was usual* with them to print a number of copies of the forms for such periodical returns as are submitted to them, and to supply them to the Collectors from time to time in their indents. The number of such forms still on hand in their office is shewn in the last column of the list, and it will not be necessary to print such at present in the Gazette office. The Board believe that the Accountant General also furnishes the Collectors in like manner from his office with printed forms of returns and papers submitted to him.

6. In conclusion the Board are of opinion, that, to facilitate the working of the plan now proposed to be adopted, it will be advisable that the heads of the different departments shall make arrangements for obtaining the full supply of forms needed by their subordinates, and make the distribution according to the wants of the several districts.
