No. 447. Read the following Proceedings of the Board of Revenue, dated 1st December 1860, No. 5,635 :—

Read the following letter from A. PURVIS, Esq., Collector of the Godavery District, to J. D, SIM, Esq., Secretary to the Board of Revenue, Fort Saint George, dated Cocanada, 17th November 1860, No. 186.

SIR,

1. With reference to the Board's Proceedings of the 12th and 14th March last, Nos. 1,246 and 1,325, I have the honor to state that I communicated to the Zamíndár of Nidadavól at the time of receipt, the suggestions contained in the Proceedings of the Director of Revenue Settlement, dated 5th March 1860, No. 191, but was not successful in eliciting any definite reply. I have lately had an opportunity of personally conferring with him on the subject. He now agrees to bear the expenses, estimated to amount to Rupees 18,273-15-8 already incurred for demarcating, surveying, classifying the lands and erecting the boundary pillars in the Nidadavól Pergunnah. He does not however require the Maps. I explained to him that he would find these of great use, and in conversation he appeared willing to have them and bear the expense of their preparation, but in his written address he declines them. He is not desirous of availing himself of the services of the Settlement Department in making or revising the Settlement of his Estate.

2. In the Baharzalli Pergunnah in which the demarcation and classification, only have been done at a cost of Rupees 4,298-12-9, but the Survey not commenced, the Zamíndár also agrees to have the Survey completed, begging at the same time that the progress thereof may be deferred till the crops are all off the ground, and that a Gumáshta on his behalf should attend the Surveyors. The utility of this latter arrangement is not very apparent, but there can, I imagine, be no objection to it, provided delay is not caused thereby. He does not require Maps, and wishes, as in Relangi,* to make the Settlement himself. He also begs that he may be furnished with duplicates of the Survey accounts already prepared.

* *Nidadavól.*

3. I have communicated the above views of the Zamíndár to the Director of Revenue Settlement.

Ordered to be submitted to Government with reference to their Proceedings, dated 12th March 1860, No. 370, Revenue Department.

The Board have no remarks to offer in the matter.

No. 448. Proceedings of the Board of Revenue, dated 3rd December 1860, No. 5,641.

Read the following letter from H. NEWILL, Esq., Director of Revenue Settlement, to W. HUDLESTON, Esq., Acting Secretary to the Board of Revenue, Fort Saint George, dated Madras, 28th November 1860, No. 1,310.

SIR,

1. Referring to the papers noted in the margin, I have the honor to submit, for the information of the Board, a letter from the Collector of the Godavery District to my address, dated 10th instant, No. 705, on the subject of the classification, demarcation, and survey of the Nidadavól and Baharzalli Estates. It will be observed that the Zamíndár is willing to bear the expense of these operations although he dispenses with the preparation of Survey Maps, and as the adjoining Táluqs have been already surveyed, I beg to request that the orders of Government may be obtained as early as practicable to the reference made in my Proceedings of 5th March, No. 191.

2. It is to be understood that the Zamíndár bears all the expense of the operations conducted and of what he now further requires. The Survey of the Baharzalli Pergunnah is not likely to take long, particularly if fair Maps are dispensed with as suggested by the Zamíndár.

3. If the Survey is to be made, any delay will cause inconvenience, loss of time, and additional expense, as it will then be necessary to send a portion of the Establishment back for the purpose from the more distant Táluqs.

Proceedings of the Madras Government, Revenue Department, 24th December 1860.

1. Submitted to Government with reference to the Board's Proceedings dated 1st December 1860, forwarding the Collector's letter on the same subject addressed to them direct.

2. The Board recommend that the Director of Revenue Settlement be authorized to complete the survey of the Estate to the extent and under the terms agreed to by the Zamíndár

No. 449.

ORDER THEREON, 24th December 1860, No. 2,509.

1. Agreeably to the recommendation of the Board of Revenue conveyed in their Proceedings of 3rd instant, recorded above, the Government authorize the Director of Revenue Settlement to complete the Survey of the Nidadavól Estate to the extent and under the terms agreed to by the Zamíndár.

2. Considering that the Survey was originally commenced when these Estates were in the possession of Government, and that Government will reap some advantage or convenience from its completion, the Governor in Council resolves that village maps of the Survey shall be furnished to the Zamíndár at the expense of Government. These will tend to perpetuate the Survey, and will be of great use to the Zamíndár hereafter.

3. The Government presume that boundary marks have been duly set up in the same manner as in the Government Táluqs. The Collector should impress on the Zamíndár the importance of preserving them.

Acting Secretary to Government.

carried out before the Estates were delivered to him. The advantages to him & to Govt are set forth in paras 3. & 4 of Govt Revenue letter of 15 July in G.O 12 March 1860 No 370. It seems due regard by Govt to make the Zemindar pay for all which Govt profit & some Estates perhaps in consideration of these advantages - in addition to the water-rate Govt might be supplied with maps of the Survey which would help to perpetuate what has been done. Neither the Govt nor Mr Revenue allude to one important particular - the Govt should insist & protect the boundary marks - little of which the Survey will soon exist as rather

2. Considering that the Survey was originally commenced when these Estates were in the possession of Govt and that Govt with that view advantage or convenience from its completion, the Govt think it reasonable that Maps of the Survey should be furnished to the Zemindar at the expense of Govt. These will tend to perpetuate the Survey and will be of use to the Zemindar also.
