No. 62 A. ORDER THEREON, 5th January 1860, No. 30.

1. Some items in this statement require explanation.

Collector's Kachahri.			
1 *Gumasta*	17	8	0
1 *Do.*	14	0	0
1 *Writer*	20	0	0
	51	8	0
Principal Assistant's Kachahri.			
Sub Manager's allowance	35	0	0
1 *Gumasta*	15	0	0
	50	0	0

2. Large establishments, as shewn in the margin, are kept up in the Collector's and Principal Assistant Collector's kachahris, on account of the Kimidi estate. It does not appear to Government how these servants can be required for the management of this single property, which is not larger than an ordinary táluq; and the Board will be requested to ascertain and report in detail how they are employed. They will also state their opinion whether they may not be greatly reduced in number.

3. The Board's attention will also be called to the very large number of peons kept up in the estate, being not less than 250 including dafadars, as well as to the very small rate of pay which some of the men receive, viz. 2 Rupees each. Independently of these peons there is a company of Sibbendies kept up for service in this estate; and the Government cannot but think that this large number of ill paid subordinates cannot be necessary to an efficient administration, and must be a great evil to the peaceably disposed inhabitants.

4. The Government wish further to be informed if the School and Civil Dispensary, for which also establishments are maintained, were instituted after the estate was taken under management; and if so, under whose authority they were so established.

Secretary to Government
