No. 90. ORDER THEREON, 17th March 1860, No. 410.

Ordered to be recorded.

(Signed) J. D. BOURDILLON,
Secretary to Government.

In Con. 16th January 1860, No. 214.

From W. FISHER, Esq., Collector of SOUTH CANARA,
dated Mangalur, 9th January 1860, No. 1.

I have the honor to acknowledge the receipt of the Proceedings of Government, dated 26th November 1859, No. 1605, which accompanied the Board's order, No. 4923.

2. In reply to the latter, I beg to state, that the decrease in salt revenue up to the end of October last, was correctly attributed in my remark on the comparative statement for that month, partly to a falling off in sale, and partly to the changes which have been made in the account department.

3. The collections compared were those of Fuslies 1268 (1858-59) and 1269 (1859-60). Up to the end of September 1858, the old forms were in use, and the account rendered for any one month represented, in point of fact, the transactions between the 16th of the previous month and the 15th of that which appeared in the heading of the statement. Hence the accounts rendered for July (the first month of Fusly 1268,) represented the transactions occurring between 10th June and 15th July.

4. In October the new system was introduced, and the accounts for that month necessarily included the transactions from 16th September to 31st October; so that at the close of October, the fourth month of the Fusly, the transactions of four months and a half were really brought to account.

5. These are now compared with those of four months only, that is to say, the collections from 16th June to 31st October, Fusly 1268, are compared with collections from 1st July to 31st October, Fusly 1269.

The total deficit is.....	Rs.	17,381
Of this, due to decreased sales about...	„	4,000
Do. to difference of period really represented by the two accounts...	„	13,381
