No. 86. Read the following letter from H. CLEGHORN, Esq., M. D., Conservator of Forests; to J. D. BOURDILLON, Esq., Secretary to Government, dated Madras, 19th December 1859, No. 881.

I have the honor to submit for the favorable consideration and decision of the Honorable the Governor in Council, letter from the Collector of Canara, dated 31st August 1859 to my address, together with a detailed account of contingent charges in the Forest department of the zilá of Canara for the year 1858-59, amounting in the aggregate to Rupees 34,325-7-9.

2. In addition to the permanent conservancy establishment sanctioned by Government, extra servants have been employed from year to year in the Forest department and paid out of the sale proceeds of timber, &c. the net amount received after payment of expenses being carried to the credit of Government as forest revenue.

3. After the department came directly under my control, the Accountant General directed that gross receipts and gross charges should be distinctly shown in the treasury account, which was accordingly done, and the above sum of Rupees 34,325-7-9, being contingent charges require the sanction of Government for the final adjustment of the account for the official year 1858-59.

4. I would avail myself of this opportunity to solicit sanction for the disbursement of Rupees 35,000, being the probable amount required to meet similar charges during the year 1859-60, and to bear out the charges to the above extent, detailed account particulars shall be submitted monthly to the Civil Auditor.

No. 87. ORDER THEREON, 7th January 1860, No. 43.

1. The Honorable the Governor in Council is unable to sanction the account submitted with this letter, till the Board of Revenue have reported upon it agreeably to paragraph 2 of the order of Government dated 3rd February 1859 No. 143.

	Rs.
* *Paid to Venkatesh Prábhoo for conveying timber to the coast*	2,453
Do. to certain contractors for conveying bamboos to do	900
Total	3,353

2. The Government observe that* two sums called *advances* are included in the account for sanction. They see no use in sanctioning at this late period of the year any advance for working the Forest during 1859-60. Dr. Cleghorn will submit through the Board of Revenue a statement of charges for that year also, and if he requires advances for the year 1860-61, he will send in his application in good time.

3. The Board of Revenue will be good enough to procure from Dr. Cleghorn full information as to the rules and caution observed in entertaining the large temporary establishments charged for in the account referred to in paragraph 1, as also in regard to the degree of control exercised over them.

Chief Secretary.
