*Proceedings of the Madras Government, Revenue Department,
for the month of April 1860.*

No. 66. Read the following Remarks of the Board of Revenue, dated 13th May 1859, No. 1734, on the following Tabular Report of a lapsed Yaumia:—

No. 357, From Tinnevelly, 22nd January 1859.

(In Con. 28th January 1859.)

„ 717, Do. 19th February 1859.

(In Con. 23rd February 1859.)

No. 2.—This Yaumia was granted in 1769, or nearly 90 years ago, and was both for subsistence and service at a Tomb. It was drawn till the 13th April 1841, after which year, owing to the alleged illness of the late incumbent, it ceased to be applied for even to the period of his death which occurred in 1850. Under ordinary circumstances, the Yaumia would have been continued to the heir of the deceased, but owing to the above default, it is for the Government to decide what consideration shall be shown to the family. It will be observed that the prescribed service is reported to have been kept up by the 3d son of the deceased, and that the Yaumia has remained undrawn for 18 years.

(By Order.)

(Signed) J. D. SIM, Secretary.

No. 67. ORDER THEREON, 5th April 1860, No. 535.

The Yaumia was granted for the performance of the usual annual ceremonies at the tomb of a Massalman at Trichinopoly; the recipient of the allowance being, as it seems, a resident in the Tinnevelly District, as the Yaumia was paid by the Collector of Tinnevelly.

2. The allowance, which amounted to Rupees 95 Annas 6 annually, remained undrawn, and without any applications for payment, for *eighteen years*. It is now reported that during all this time the service was performed; but the truth of this information may very safely be doubted.

3. The Government are of opinion that the Yaumia has justly lapsed by this long neglect to draw it.

4. Further, it has been ruled that these grants for Tomb services are not hereditary, but personal; and as the original grantee in the case under notice has deceased, the Yaumia has thereby also lapsed.

5. Under these circumstances the Government resolve to stop the Yaumia from date of the last payment.

6. It is observed that the Acting Collector, Mr. Levinge, first certifies, in column 4, that the grant was for service at a Tomb, and then recommends its continuance in column 8, on the ground that grants for service at Mosques are hereditary.

Secretary to Government.

After the death of the original grantee the ready money allowance was entered in the "Chittah" at Star Pagodas 27 Fanams 11 and Cash 19 per annum, and continued to his grandson Abdulkader alias Catheersah by the then Collr. Mr. Hepburn on the 28th Sept. 1818 and on the 12th Apl. 1819, the allowance was entered at Rs. 95-6 per annum in the Register.	The yeomiah of Rs. 95-6 was granted to the original income. Original grantee died on the 27th Feb. 1850.	Abdulkader grandson of the deceased was in the enjoyment of the entire yeomiah.	The deceased was in the enjoyment of the entire yeomiah. The family of the deceased is in the enjoyment of the two Cottahs of maniam land referred to in column 3.	Since the demise of the last holder, the services prescribed by the grant are reported by the Collr. of Trichinopoly where the tomb is situated to have been kept up by the 3d son Syed Ismael. This individual is competent to perform the services and his brothers seem to raise no objection to the Yeomiah being continued in his name. Under these circumstances and as mosque allowances were sanctioned by the Govt. under date the 21st Feby. 1846, to be continued in perpetuity and as an allowance of a similar nature is continued under the orders of Govt. contained in F. M. C., of 4th June 1857, received with the Board's Proceedings of the 13th idem, it is recommended that the yeomiah of Rs. 95-6 per annum be sanctioned to be continued in the name of Syed Ismael the 3d son of the deceased and that the arrears of allowance due from the 12th Apl. 1841, may be ordered to be paid to him. The applicant states that the long continued illness of his deceased father was the cause of his not having drawn the arrears from the above date up to the day of his decease. The claimant reported the death of the deceased only a few months ago and he attributes the delay to the absence of his two elder brothers whose consent he had to obtain previous to preferring his application for the continuance of the yeomiah in his name.

As now an Enoyetnamah dated 25th of Shawban, 1182 Heijera and bearing the signature of Madaroon moolook Bahathoor, is produced, and as it directs the said Inam and yeomiah to be continued, the order directing the records of the Khanooghoh, or expounder of the laws, to be searched and a sunned to be given respecting the said manibum, has been received. that during all this time the service
was performed; but it is quite
safe to conclude that the
information is untrue.

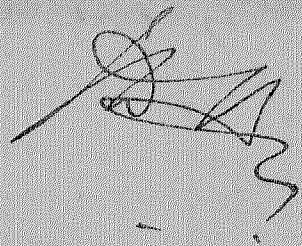

The Yamma has finally
ceased by this long neglect
to do so.

Further it has been
noted that these grants for
Tomb services are not
hereditary but personal.

Mr. Lewis first
certifies that the grant was
for services at Tomb,

Thus recommends its continuance,
because grants for service at
Mosques are hereditary -
