Read the following letter from W. FISHER, Esq., Collector of Canara, to W. HUDLESTON, Esq., Acting Secretary to the Board of Revenue, Fort St. George, dated Mangalúr, 7th November 1859, No. 195.

I have the honor to forward copy of a contract entered into by the Commissioner of Customs, Bombay, for the supply of two thousand garce of salt at the ports of Mangalur and Cassergode, and to request authority to make the necessary payments for the same to the Commissioner, through whose valuable assistance I have been able to obtain the salt in question.

Agreement entered into by Jacub Haji Abdula.—Government having occasion to buy salt for the Mangalúr authorities, I do hereby agree to deliver at Mangalúr and Cassergode any quantity of salt which may be required to the extent of from 1,000 garces upwards to 2,000, (Government hereby purchasing 1,000 garces certain) at the price of Rupees 55 per garce of 120 Indian maunds. The above quantity will be delivered before the close of the current season, that is before the end of May next. I also agree to produce the requisite certificates of delivery of the salt at Mangalúr from the authorities there, and when the said certificates are produced, I am to be paid for the salt so delivered at the above stipulated price. The salt, which will be shipped from this place, will be subject to approval by the Commissioner of Customs. On the salt leaving the port, I am to be paid an advance of half the price to be calculated at the abovementioned price. But it is hereby agreed, that I shall not be entitled to receive advances until I shall have delivered to the Mangalúr authorities salt to the value of Rupees 5,000, and the advances as aforesaid to be paid to me on all quantities shipped over and above the quantity worth Rupees 5,000 as above specified. When certificates will be produced of the quantity of salt landed at Mangalúr, I am to be paid the full value which may be due on account of the salt covered by the said certificates, after deducting thereform the advances, which may have been paid to me on account of the said salt. The salt to be landed at Mangalúr by the authorities there at their own cost. I shall deliver the same alongside. The salt delivered by weight, the weight being ascertained by the actual weight of only 10 per cent. of Phura measure, which will be used in delivery. The price stipulated of Rupees 55 per garce, is the price to be paid to me, inclusive of the cost of salt charges, Government duty, and all other charges. Government having nothing else to pay to me for the salt, I have hereby stipulated to deliver to the Mangalúr authorities. The quantity of salt which I have contracted to deliver at Mangalúr, I do hereby agree to deliver by instalment of 40,000 Indian maunds within each month. The above contract I shall faithfully carry out, and should I fail, I hereby agree to make good any loss or injury which the Government may suffer.
