MADRAS RECORD OFFICE.

Government of Madras.

Revenue **DEPARTMENT.**

G.O. No. 61 Press ~~Mis.~~

3-24

Dated 11 — 1 — 1860.

Not to be folded or roughly handled

No. 3. Read the following Proceedings of the Board of Revenue, dated 25th November 1859, No. 4840.

Read again Proceedings of Government, dated 26th September 1859, R. D., No. 1301.

(In Con. 27th September 1859, No. 4834.)

The remarks of the Board on the several points noticed by Government, having been communicated to the Collectors in their Circular Proceedings, dated 10th October 1859, it only remains for them now to reply to a few points on which information is called for by Government.

2. In paragraph 2 of the order, the Government observe that the diminution in the number of statements submitted to them for Fasli 1267, appears to have been effected for the most part by throwing the contents of two or more statements into one; and while deprecating the change under that impression, they remark that these forms ought not to have been thus extensively altered without their previous approval. They also desire the Board to submit for consideration and orders the forms as before approved by Government, and as now adopted by the Board, with information as to the changes made and the reasons of them.

3. The Board observe that in making the revision above noticed, they were chiefly led by the consideration, that the statements submitted to Government should be presented in as simple and concise forms as possible, unencumbered with a vast amount of unnecessary details, which characterized the former returns, and that information on particular points should be placed before them in a complete shape. A diminution in the number by combining several statements together, was not the main object in view. Such in fact was done in only one particular case, as will hereafter be explained.

4. The Government appear to be under the impression, that they either issued or approved certain forms for the statements which accompany the Board's general report, but this is not the case. In Extract Minutes Consultation, dated 11th March 1854,

In Con. 6th July 1854. Government directed the submission of a general report by the Board, on the settlement of land revenue for each Fasli, in lieu of separate reviews on the Collectors' reports. In accordance with this order a report of the description was for the first time submitted to Government for Fasli 1262; and the Government while reviewing this report, observed in paragraph 34 of Extract Minutes Consultation, dated 6th November 1854, that the tables forming the Board's Appendix were very clear and simple. Those tables were in some respects wanting in fulness, and further details were, therefore, given in the statements submitted to Government, with the Board's settlement report for Fasli 1263.

5. In like manner, the statements for Fasli 1264 underwent alterations, though to a trifling extent only. In Fasli 1265 the statements submitted to Government were considerably enlarged and improved in reference to the Collectors' statements, which were furnished to the Board for that Fasli, according to the new forms circulated by Government on the 23d of August 1856; and the same forms were adopted for the

From Government, dated 3d in Con. 6th September 1856, *No.* 3463.

statements submitted to Government for Fasli 1266, some enclosures only to certain statements which referred to the settlement of revenue in Canara, Madras, Tanjár and Tinnevelli being omitted, as they were merely copies of the returns received from those Collectors.

6. From the foregoing remarks the Government will perceive that the forms of statements submitted to them, were framed by the Board, and modified afterwards as appeared to them necessary. When preparing the statements for Fasli 1267, their attention was particularly drawn to the greatly increased bulk of some of the statements, and this led to their revision.

7. With the foregoing remarks the Board resolve to submit to Government in conformity to their orders, a separate memorandum explanatory of the alterations made.

8. From this memorandum it will be seen that of the twenty-six statements in the form submitted in Fasli 1266, eleven were left untouched, four were slightly altered, two were considerably abridged by the omission of all unnecessary detail, one was discontinued, and eight were thrown into one as they related to one subject only. Thus the number of statements was reduced to eighteen, to which a fresh one, showing the financial transactions on salt, which was

hitherto submitted with a separate report, being added, the total number submitted in Fasli 1267 was nineteen. Of the thirteen enclosures which were attached to the former statements, only three were retained, and two were newly added to show the particulars of salt wastage and import duty on salt, making the number of enclosures five. The number of pages occupied in print by the former statements was 97, which has now been reduced to 47, showing a saving of nearly half of the work formerly done. This reduction has been effected without, in the opinion of the Board, sacrificing any useful information hitherto submitted to Government.

9. The statements submitted to Government for Fasli 1267, were prepared after careful consideration, and may be taken as the forms which the Board propose ultimately to adopt. No further alterations occur to them, and they beg to submit them for the consideration and final orders of Government as required in paragraph 2 of the Minutes of Consultation under reply. It was only in the case of the new statement No. 17, that the several old statements were thrown into one, and this statament the Government have been pleased to condemn as an extremely cumbrous and awkward document. A description of this statement has been given in the accompanying memorandum, and, with the explanation there afforded, the Board trust that it will receive the approval of Government. It does not occur to them that additional columns are necessary for clearness, and if any more are considered desirable, such as are shewn in the accompanying form A, the form cannot be printed on Foolscap size paper.

10. If the form does not meet with the approval of Government, the only alternative is to revert in some degree to the old system of preparing the statements for the Demand Collection and Balance. The former eight statements and two abstracts may be thrown into four statements without enclosures. The Board accordingly resolve to submit for the consideration of Government four forms, B, C, D and E. Form B will shew only the transactions connected with the current revenue, C those of arrears, and D will exhibit the subsequent collections and remissions with the particulars of the balance recoverable and irrecoverable. From E is an abstract of the preceding three statements without particulars as to districts.

11. Having thus submitted their explanation on the statements, the Board will await the instructions of Government. They request that they may be favored with these orders as early as possible, as the preparation of the general statements for the past Fasli is now in progress in their office.

12. In paragraph 15 of the order, explanation is demanded as to why the sum of Rupees 5,77,297, which was left uncollected in Tanjúr, is still retained in the accounts, the order of Government for its relinquishment being unconditional. Mr. Cadell explains that the sum originally proposed for remission out of the gain by price for Fasli 1267 was only approximately given, and that when the exact sum was ascertained after the close of the Fasli, it was not struck off in the accounts under the impression that formal authority was necessary for so doing. The exact sum, which appears, however, to be the same as originally proposed for remission, has, under the directions of the Board, been written off the Collector's accounts for October 1859. In the same paragraph, 15, enquiry is made whether the sum of Rupees 3,93,124 there mentioned as in course of realization refers to the 1st February 1859 or to a subsequent period. From column 11 in the statement No. 17, it will be seen that the collections and remissions subsequent to the Fasli extend only up to February 1859. The balance of Rupees 3,93,124 refers to the end of February 1859. Is does not extend to a later period.

From Tanjúr 25th in Con. 28th October 1859, No. 5344.

13. As regards the difference noticed by Government in the last part of paragraph 18, between the sum sanctioned for remission on 12th February 1859, and that which is stated to have been so remitted, the Board beg to observe, that the amount mentioned by them refers not only to the sanction of 12th February 1859, but also to the sums previously sanctioned on the Board's reports for Faslis 1264 and 1265. The particular date, though it was the last one, should not have been quoted in paragraph 58 of the Board's report. The sum, viz. Rupees 2,18,621 there mentioned is, however, correct. It was the amount which remained to be struck out of the Collector's accounts out of the sums which were sanctioned by Government for remission. The practice of some of the Collectors retaining old balances in the accounts even after the receipt of the Government sanction for remission, lately attracted the particular notice of the Board, and strict orders were issued for their being written off at once, and this has been attended to in all the districts.

In Con. 14th February 1859.

In Con. 14th February 1859.

14. As observed by Government in paragraph 23, the abkarry balance includes that of Mr. Kenrick in Chingleput, which has since been ordered to be written off.

15. With reference to paragraph 25, the Board observe, that all the papers printed in the Gazette office are there examined. Measures will, however, be taken for the examination of the proofs in all important papers before they are struck off.

16. The wishes of Government for the early tramsmission of the report for Fasli 1268 will be attended to. It is right, however, to mention that the reports from all the Collectors have not been received, but as orders on the subject have been given, where the reports are still due, the Board trust their arrangements for the early preparation of their general report will not be retarded.

(A true Extract.)

(Signed) W. HUDLESTON, *Acting Secretary.*

Memorandum shewing the alterations made in the forms of statements submitted to Government for Fasli 1267 compared with those for Fasli 1266, and the reasons for making the changes.

No. of the old statement.	No. of the new statement.	
1	1	This shews the number of villages settled and number of puttahs issued. The old form contains 18 columns, and after all does not shew the number of táluqs, villages and puttahs of the preceding Fasli for the sake of comparison. It is printed in two pages. In the new form, the column shewing the number of jamabandi stations in each táluq, which is not considered to be of much use, is omitted, and the transactions of the previous Fasli are shewn. The whole information is brought within 16 columns, and the statement printed in only one page of Foolscap.
2 *A in 2*	2 *A in 2*	These relate to prices and have undergone no alteration. One shews the average prices in all the táluqs of a district, and the other the average of prices in the principal towns. The Board believe that No. 2 may be dispensed with as conveying no useful information, and enclosure A in No. 2 may be retained as No. 2, without any alteration in the form, the average prices of all tàluqs being given instead of the average prices of principal towns.
3 *Enc.* 1	3	This shews the rayat's holdings at the commencement of the Fasli and subsequent alterations and contains 59 columns. The only alteration made in this form is the omission of particulars of dry, wet and garden under the several heads, in order to abridge the form and to present all the transactions in one view. It now contains 17 columns and is printed in a Foolscap folio. The Board consider that the particulars of dry, wet and garden are not essential in a statement like this, as they are obtainable from the Collector's returns if required for any special purpose. The improvement, now alluded to, rendered also the preparation of a separate abstract, attached to the old form, unnecessary.
4 5 Enc. 1	4 A in 4	The former statement, No. 4, shewed the cultivation and settlement and contained 29 columns. No. 5 gave the same particulars in comparison with those of the preceding Fasli, with details of increase and decrease in each case, containing no less than 61 columns, and an abstract was appended to this shewing again the same particulars for the entire

MEMORANDUM shewing the alteration made in the forms of statement, &c.—*Continued.*

No. of the old statement.	No. of the new statement.	
		Presidency. The revised statement, No. 4, has been slightly altered by omitting the particulars of converted dry and garden, the Fasljasti and Tervaijasti being given under proper heads. The total extent of cultivation and the assessment of the previous Fasli in each district are shewn in the new form for comparison, and the statement has been so prepared, without omitting any useful information, as to make it practicable to print it in one folio of Foolscap paper. The former statement, No. 5, which, as already observed, shows the same particulars compared with those of the preceding Fasli, has been altogether dispensed with as superfluous, the enclosure A in No. 4, which has been retained, showing such particulars in abstract, which is sufficient for all useful purposes. What is essential has been given in statement No. 4 for each district, the aggregate results being compared with those of the previous Fasli.
6	9	This shews the cultivation and settlement of Amani villages and no alteration has been made in it, none being needed.
7	5	Contains particulars of remissions in abstract not altered.
8	6	This is the statement of savi and remains unaltered.
9 Enc. 1	7	This is a statement of lands held on progressive kaul and contains 21 columns. It has been abridged a little, without omitting any essential information, and is brought into one page of foolscap in print. The abstract attached to the former statement No. 9, which contains the same information, has been discontinued as unnecessary.
10	8	This shews the particulars of sundry items and remains as before.
11	10	This is the comparative statement shewing the cultivation of sugar cane, cotton and indigo for each district. In this the columns of increase and decrease under each of the above heads are omitted as not being of any importance.
12 Enc. 1 A in 16	16	This comparative statement shewed the demand on account of all sources of revenue and contained no less than 93 columns. In it all the component items of each branch of revenue were compared with those of the preceding Fasli. The size of the statement has been greatly reduced by omitting the numerous comparisons and giving them only for the principal heads of revenue. The statement, as now prepared, contains only 23 columns, being printed in two pages of foolscap. The enclosure A in the new statement, No. 16, gives in abstract as formerly all the items of revenue in detail compared with those of the previous Fasli and shows the increase and decrease.
13 Enc. 1	12	Shows particulars of Muhtarafa compared with the previous Fasli and has undergone no alteration. The abstract attached to the statement has been dispensed with, as superfluous, as it gives only the totals of the statement.
14 14 A. Enc. 1 14 B.	13 A in 13 14	These relate to the salt transactions. The former statements contained only the quantity of salt manufactured and sold and comparisons with previous Faslis. They did not shew the money transactions. Besides this it was usual to submit to Government another report on the salt, with three statements, two of them containing a repetition of the same information as is given in the statements above alluded to. A further report was sent to Government on the salt wastage accompanied by a statement. In lieu of all these statements, those numbered 13 and 14 were submitted to Government

MEMORANDUM shewing the alteration made in the forms of statement, &c.—*Continued.*

No. of the old statement.	No. of the new statement.	
		for Fasli 1267, which include also the financial results, by which the settlement report is rendered more complete than before according to the wishes originally expressed by Government. By this plan the submission of separate reports has become unnecessary. The forms hitherto in use have not been altered; the repetitions and comparisons alone have been dispensed with.
15	15	This shows the particulars of the current demand of extra revenue interest and remains unaltered.
16 *Enc.* 1	11	Shows the average assessment per acre and contains 20 columns. The statement in the new form has been abridged, by omitting the particulars of cultivation and assessment which are already given in other statements. The present statement contains only 4 columns, showing simply the rates per acre on dry, wet and garden lands in each district, which is the essential information wanted. The abstract attached to the former statement has been dispensed with as unnecessary.
17 *Enc.* 1 18 19 *Enc.* 1 20 21 22 23 24 25	17 18	These statements, from 17 to 25, all relate to the Demand Collection and Balance, on account of current and arrears, with the exception of No. 18 which shews the coercive process, if any, employed in the collection of the revenue. The new statement, No. 18, remains in the same form as the former, No. 18, and does not, therefore, require further notice. The old statement, No. 17 shews the Demand Collection and Balance of all items of current revenue and extends over 71 columns. An abstract is attached to this shewing the same particulars for the entire Presidency. No. 19 refers to arrears and contains 99 columns. To this also an abstract is appended. Nos. 20 to 24 all relate to particulars of arrears in each district. The first four give such particulars for peshkash, ryotwar, sundry sources of revenue and extra revenue, and the last is the abstract of the four items above mentioned. The statement, No. 25, shews the collections of current and arrears compared with those of the preceding Fasli.

From the description above given it will be seen that the information respecting the Demand Collection and Balance, is scattered over many statements and is no where exhibited in a complete and connected form. One statement shows the current and another the arrears, the whole in a voluminous form followed by abstract statements to show the particulars of arrears with the amount recommended for remission. After all, they fail to exhibit the necessary particulars in regard to the amount to be remitted, when it is to be communicated to the Collectors after the receipt of the sanction of Government.

It was to remedy these defects and to place all the particulars relating to the Demand Collection and Balance in a connected shape, that the new form of statement No. 17 was framed. The statement as it now stands presents at one view all the information given in the former returns. In the early columns the whole Demand Current and Arrears is shewn, as well as the Collections Current and Arrears, and the amount remitted. The total collections, exclusive of remissions, are then compared with the previous Fasli. After that the balance at the end of the Fasli is exhibited (column 10). The subsequent collections and remissions are afterwards given and the then final balance with particulars of Current and Arrears and the portions recoverable and irrecoverable. It will be seen that the several particulars

MEMORANDUM shewing the alteration made in the forms of statement, &c.—*Continued.*

No. of the old statement.	No. of the new statement.	
		above alluded to are given in a convenient form for all the heads of revenue in *each district* and for the *entire* Presidency. The statement serves many useful purposes.
26	19	This statement of collections and charges remains unaltered. Enclosure A in No. 26, which shows the particulars of charges, has been discontinued as conveying no useful information.
A in 26.		

(Signed) W. HUDLESTON,
Acting Secretary.

No. 4. ORDER THEREON, 11th January 1860, No. 61.

With these Proceedings the Board of Revenue submit agreeably to paragraph 2 of the order of Government dated 26th September 1859, No. 1301, a memorandum explanatory of the alterations made in the forms of returns to accompany the annual revenue reports; and they recommend that the forms so altered be approved for future adoption. The Government have attentively considered the proposed changes; there are many which are improvements, but there are others in which they cannot concur. They proceed now to notice the latter in detail.

2. The Board propose to give in the principal statement the totals of the holdings and the changes therein; the Government are of opinion that without particulars of "dry," "wet," and "garden" this statement will be of little use, and that it will therefore be proper to retain the old form. Hereafter "garden" will disappear altogether and there will then remain only "dry" and "wet."

"Statement No. 3. Enclosure 1. Ráyats' holdings."

The abstract appended to this return is not necessary even in its old form.

3. The Board propose to throw the former Nos. 4 and 5 into one (No. 4) by shewing the comparison in the latter under "total cultivation" and "total settlement," instituting the comparison under each description of land in the aggregate in A in 4, and omitting altogether the districtwar comparison in detail. The Government are of opinion that it will be much better and clearer to omit the comparison altogether in No. 4 and give it in a separate statement. The modified form No. 4 will therefore continue to be used omitting columns 8 and 9 and 19 to 21, and the comparison shewn districtwar in the old form No. 5. Enclosure A in 4 is not necessary.

Old Nos.	New No.
4	4
5	*A in* 4.
Enclosure 1.	

Cultivation and Settlement.

4. The Board reduce the number of columns from 21 to 13 by deducting "land fully assessed" and "land abandoned" in one column instead of separately and omitting other particulars. The old form is the best and should be retained. The Government must remark with reference to the abandoning of Kaul land, if this means the relinquishment of the land before the terms of the engagement are fulfilled, that they have lately* declared that whenever Kaul is given the terms should be strictly enforced. The abstract appended to the old form No. 9 may be omitted.

Old No.	*Present No.*

Enclosure 1.	7.

Statement of Kaul land.

**P. W. Proceedings* 1st October 1859, *No.* 2348.

Old No. 12	*Present No.* 16
Enclosure 1.	*A in* 16.

Demand of all sources of revenue.

5. These new forms are approved except that where the revenue of the current and previous years is given, the increase and decrease ought to be shewn in separate columns.

6. The Board propose to shew simply the average assessment under "dry," "wet" and "garden," omitting altogether particulars as to cultivation and assessment. The old form seems to Government to be the most convenient. Further the heading of the new form leaves it quite uncertain whether the average is that on the cultivation, the holding, or the total áyakat. The abstract appended to the old form is unnecessary.

Old form.	*New form.*
16	11
Enclosure 1.	

Average rate of assessment per acre.

7. These statements relate to the demand, collection, and balance, and are those that were thrown by the Board into the new number 17 which was disapproved by Government. The Board express preference for the new form but in the event of Government not concurring in that view, they propose for approval either that more columns should be added as shewn in form A submitted, or that the statement should be divided into four separate statements as specified in the margin. This second proposal is decidedly the best as calculated to make the returns useful and simple. It is far better to increase the number of statements preserving simplicity and clearness in each one, than to diminish the number by the sacrifice of those essentials.

Old form.	New form.

Enclosure 1	
20	
21	
22	
23	
24	
25	

Form B, D, C, and B, of current revenue.
" C. do. do. of arrears.
" D. particulars of arrears with the sums recommended for remission.
" E. abstract of the above.

8. The Government therefore approve the forms B. C. D. and E. with the following slight modification. In form D. the heading of columns 5, 12, 19 and other corresponding columns, as well as of column 18 in form E. should be "remission recommended, but not yet ordered."

The inner sheets of the statements should not be cut away, as in the specimens now sent up.

9. The remaining alterations proposed by the Board are approved.

(Signed) T. PYCROFT,
Chief Secretary.

* The amount of Cowle remissions this Statement does not correspond with that in Statement No. 7 owing to these remissions in Nellore and Chingleput having been made to include those of withered crops also on Cowle lands and to the entire omission of the entry in Statement No. 4 received from Trichinopoly and Malabar.

N. B.—The enclosures in this Statement A. and B. transmitted in the last Fusly have been discontinued in the current, as they are merely copies of the original returns received from the District.

25.

Current and Arrears for Fusly 1266.

* This Statement slightly differs from Statements 17 and 19 as it does not include the collections from Government Plantations in Bellary and some items of Land Revenue in Trichinopoly and Tinnevelly, on the other hand it includes Frontier duties collected in Madras and the general receipts on account of Refunds, which have not been entered in Statements 17 and 19.

Revenue Depart

No. 61

Proceedings of the Madras Government

Under date the 11th January 1860

Read the following

Proceedings from the

Board of Revenue

Submitting with the Board's
minute a Separate Memo-
randum explanatory of the
alterations made in the
forms of Statements which
accompanied the Board's
General report for Fasly 1267.

(Here enter 25th November 18
No. 4840)

With these Proceed

ings the Board of Rev

submit agreeably to para

of the order of Governme

dated 26th September 185

No. 301 a Memorandum

explanatory of the al-

terations made in the

forms of returns to

accompany the Annual

Revenue Reports, and

they recommend that

the forms so altered

be approved for future

adoption. The Gov.

have

Mr Maltby will be able to
say whether anything has
been overlooked or mistaken
in our Amendments
to Board's proposals

Mr Maltby

20 Jan

Up 3

have attentively considered the proposed changes; there are many which are improvements, but there are others in which they cannot concur. They proceed now to notice the latter in detail.

2 The form used in Fasly 1266 shewed the number of Salaries at which the Talugs were settled by the Collector and by each of his subordinates; the Board propose to do away with that information and to substitute columns comparing the number of the Talugs and villages in the current and preceding Fasslies. The Government attach importance to the information thus proposed

"Statement No 1
Particulars of Talugs, villages and Puttahs."

- I prefer the Board's amended Form which would be kept for occasional reference - paragraph 3 - The Talugs settled by each Officer can be shown at the commencement of each Settlement Report.

Omit

12th Novr 49 No 1086 page 506 of the Board C. O. Vol 1

19th July 1851 No 721 para 10. page 63 Board's Circular Order Vol II.

No 3
Enclosure 1.
Rayats holdings

to be rejected as shewing to some extent at least, whether each Talug was correctly settled within its own limits as required by the orders noted in the margin, and on the other hand the annual comparison which the Board propose to institute does not seem likely to be practically useful. The old form will therefore continue to be used. The comparison alluded to may be shewn in an abstract appended to the Quinquennial return A.

3 The Board propose to give in the principal Statement the totals of the holdings and the changes therein the Government are of opinion

opinion that without particulars of "dry," "wet," and "garden" this statement will be of little use and that it will therefore be proper to retain the old form. Hereafter "garden" will disappear altogether and there will then remain only "dry" and "wet". The abstract appended to this return is not necessary even in its old form.

4 The Board propose to throw the former Nos 4 and 5 into one (No. 4) by shewing the comparison in the latter under "total Cultivation" and "total settlement" instituting the comparison under each description of land in the aggregate in A in 4

and

Old Nos 4 5 Enclosure 1. } New No. 4 A in 4.

Cultivation and Settlement

Permit an English word to be substituted for the to any int o Madrasee punitillable Bell Land Tax - Assessment or some other

Old No. — Present No.
9
Enclosure 1. 7.
Statement of Kaul land.

and omitting altogether the District wise comparison in detail. The Government are of opinion that it will be much better and clearer to omit the comparison altogether in No. 4 and give it in a separate Statement. The modified form of No. 4 will therefore continue to be required omitting columns 8 and 9 and 19 to 21, and the comparison shewn in the District wise in the old form No. 5. Enclosure A in 4 is not necessary.

5 The Board reduce the number of columns from 21 to 13 by deducting "land fully assessed" and "land abandoned" in one column instead of separately and omitting other particulars. The

ab

old form is the best and should be retained. The Government must remark with reference to the abandoning of Kaul land, if this means the relinquishment of the land before the terms of the engagement are fulfilled, that they have lately declared that whenever Kaul is given the terms should be strictly enforced. The abstract appended to the old form No. 9 may be omitted.

6. These new forms are approved except that where the Revenue of the current and previous years is given, the increase and decrease ought to be shewn in separate columns.

The

7 The Board propose to shew simply the average assessment on under "dry" "wet" and "garden", omitting altogether particulars as to cultivation and assessment. ~~This change~~ ~~has been made by means of verification and~~ the Secretary of State to be old forms is the most convenient. Further the heading of the new form leaves it quite uncertain whether the average is that on the cultivation, the holding, or the total ayakat. The abstract appended to the old form is unnecessary.

8 These statements relate to the demand, collection, and balance, and are those that were drawn by the Board into the new number 17 which was disapproved by

by Government. The Board express preference for the new form but in the event of Government not concurring in that view, they propose for approval either that more ~~columns~~ should be ~~added as shewn~~ in form ~~A~~ submitted, or that the Statement ~~s~~ should be divided into four separate statements as specified in the ~~s~~ margin. This second proposal is decidedly the best as calculated to make the returns useful and simple. It is far better to ~~s~~ increase the number of Statements preserving simplicity and clearness in each one, than to diminish the number by the sacrifice of those essentials.

The

Form B. D, C, & B of current Revenue
" C- do do of arrears
" D- particulars of arrears with the sums recommended for remission
" E abstract of the above

9. The Government therefore approve the forms B. C. D and E with the following slight modification. In form D the heading of columns 5, 12, 19 and other corresponding columns per col. 6 as of column B in form E should be "Remission recommended, but not agreed".

The inner sheets of the Statements should not be cut away, as in the specimens now sent up.

10. The remaining alterations proposed by the Board are approved
