Dated 27-4-1860.

No. 108. Read the following Petition from N. Ponnuswámi Mudali and Kumáraswám Mudali, Mirásdárs of the village of Nedungundram of the Táluq of Tiruppórúr, Chingleput.

Referring to their former Petition of 2nd December 1859, *pray for orders to the District Engineer to furnish them with a copy of the Order under which repair to a certain Tank in Chingleput was declined.* (Here enter 17th February 1860.)

No. 109. ORDER THEREON, 27th April 1860, No. 656.

1. This Petition will be sent to the Board of Revenue for disposal with reference to the Order of Government, dated October 1st, 1859, No. 2,348.

2. As noticed in that Order, the assessment of the land referred to appears to have been fixed very low, for the reason that, though it was classed as Nanja, the Tank was breached, and there was at that time no means of irrigation. It is proper that the Tanks should be repaired; but it is fair and proper also that when that is done the assessment shall be raised to a suitable but moderate amount.

3. The Board will cause this to be done by the Acting Collector on due consideration and enquiry, and will report the result. When the Ryots shall have agreed to such revised assessment, the Tank should be repaired.

4. Ordered that the following endorsement be made on the Petition:—

"Petitioners are referred to the Board of Revenue to whom Orders have been sent on the "subject of their Petition."

Secretary to Government.
