Proceedings of the Madras Government, Revenue Department, for the month of April 1860.

Read the following papers :—

No. 142. From E. F. HARRISON, Esq., Civil Auditor, to T. PYCROFT, Esq., Chief Secretary to Government, dated Madras 30th March 1860, No. 305.

I have the honor to enquire if the Orders of Government of the 25th May last, No. 706 authorizing the Director of Revenue Settlement and the Superintendent of Survey to make temporary changes in their Establishments, provided the fixed rates of Salary and the total expense of the Survey or Settlement pay are not exceeded, is to be considered as warranting the temporary increase of the *Office Establishments*, of the Deputy Directors, &c. out of unexpended sanctions for demarkation and classification purposes.

I have admitted a temporary increase drawn for by Mr. Puckle, Deputy Director at Trichinopoly, for his Office Establishment, amounting to Rupees 210 per mensem, the increase being provided for by the unexpended salaries per margin,* I however, feel doubtful whether such an arrangement as this was contemplated by the Government.

CIVIL AUDITOR'S OFFICE,
Fort Saint George,
4th April 1860.

No. 144. ORDER THEREON, 28th April 4860, No. 674.

The papers above recorded will be forwarded to the Director of Revenue Settlement for explanation. The changes alluded to by the Civil Auditor are not such as were authorized by the Order of 25th May 1859, No. 706; and Mr. Newill will state on what authority and under what circumstances they were made.

(Signed) J. D. BOURDILLON,
Secretary to Government.

In Con. 19th July 1859, No. 3564.

From F. B. ELTON, Esq., Collector of NELLORE,
dated Nellore, 16th July 1859, No. 112.

With reference to Extract Minutes Consultation, under date the 24th November 1858, No. 1576, communicated by the Board on the 29th idem, I have the honor to state that the Shrotrium village of Vavelatypaud has been surveyed by the head of the survey class here. The Director of Revenue Settlement having expressed an opinion that this person was able to conduct the survey of the village in question.

2. I beg to forward the plan* of the village, and to request the attention of the Board to my letter of the 21st August 1858, in which I reported in detail on the loss which had been sustained by the Shrotriumdars of Rendoo Hissa Vavelatypaud and Hissa Vavelatypaud, by the water of the Government tank of Varegondah which had been enlarged. The result of the present survey is entirely confirmatory of the opinion therein expressed, as to considerable losses having been sustained by the Shrotriumdars, the extent of which appear even greater than was supposed.

* In a separate packet.

3. I beg to submit three Statements, marked A, B, and C, respectively. Statement A. shows the Ayacut of the Vavelatypaud Shrotriums, as found by the present survey, compared with that entered in the statement formerly sent to the Board with my letter, dated 21st August 1858; the result is an increase in the extent of both the Shrotriums as shown in the margin. On the other hand the cultivated lands have been found to be less than was given in the former account sent to the Board, as shown in Statement B.

	A.	C.
Hissa Vavelatypaud.....	45	36
Rendo Hissa Vavelatypaud...	256	36

4. The extent of land rendered unfit for cultivation, as ascertained by the survey, is entered in Statement C, and compared with what was given in my former account. The result shows a large increase in the extent of land inundated or otherwise affected by the Varegondah tank which is more than was supposed. There was no water in the tank to see what was actually inundated, but it was judged of by the height of the bund, and as pointed out by the villagers.

5. Under these circumstances, I beg to solicit sanction for a reduction of Jodee on the two Shrotriums as follows :—

	Rs.
Hissa Vavelatypaud.....	160
Rendo Hissa Vavelatypaud.....	305

It will be observed that I have not altered the amount of reduction formerly solicited, which was considered by Government to be large, except in putting it in round numbers.
