Sum & C. G. Thomas Esqre
Deputy Assist. Revenue Settlement
Wynaad

F. W. Mill Esqre
Director of Revenue Settlement.

Sir

1. Should the leave of absence for which you will forward with your Recommendations my application for 1 Months leave, under Section XII. —

2. be sanctioned with your instructions contained in Proceedings 18. February 1864 my Office will depend from Mananteddy to Pollibetta about the 15. March, and the Chief Peon will be carried on thence for 2 Months will be the preparation of lists and of Notes from the Court Records, and the instructions or demarcation book of such pit persons as may thereafter join my Establishment for the first time — of my application is granted. I do not propose to avail myself of the permission till I feel that I have been able so far to arrange and direct the work of my Office as to ensure it's being properly continued under the direction of my Native Assistant during my short temporary absence, and considering the nature of it and the ease with which, on my return, I can test both the quantity

and

and quality, I think there is no reason
to suppose (it may not be so efficiently
conducted) in my absence as when I am present.

3. That Months accumulated privilege
leave can due to me by the Rules, but feeling
that so long an absence would be injurious
to the work in my hands, I ask for only
1 Month, with the Agent that my being
thus may not be considered to prejudice my
right to the Remainder, if on a future occasion
the exigencies of the Service do not render
it undesirable I should have it. —

4. I propose if permitted, being absent
during the Months of April by no means the
one I would have selected for my own personal
Convenience but the only one for some time
to come during which I can be spared my
duties could well permit my absence. —

I wish to visit my Father in Madeira
and can in hopes my visit may not be wholly
without benefit to establishment, can refer
to Mr Hamilton for any
information regarding the Hills eligible
for Coffee Cultivation between Madeira

and Madeira.

6. As you are aware I have lately
been deprived of leave to Europe on Furlough
I hope the Government may not see fit
to refuse the present application. —

I have the honor to be
Sir
Your most Obedient Servant

E. E. Thomas
Dy Director Revenue Settlt.

No 185

The month selected is the least in-
convenient for the work. Mr Thomas has
confined his application to one month in order
to avoid the serious inconveniences that would
arise from his absence for the longer period
of 3 months for which his privilege leave
and requests that may not prejudice his rights to the arrears
has accumulated. As the Director of Revenue
& Settlement can rely upon Mr Thomas to
consult the public interests in foregoing the
months leave should unforeseen circumstances
arise to require his presence with the party
he recommends that it may be granted.

2. Provision can be made for
the transmission of the Progress Report
