ORDER THEREON, 18th May 1860, No. 733.

From the Proceedings of Government in the Revenue Department, 12th January 1858, No. 47, it appears that the residents on the Shervaroy Hills contemplate the erection there of a Dispensary, estimated to cost Rupees 1,000, towards which a contribution from Government is asked to the extent of one-half the outlay; the Committee, who have the management of the "Yercaud Apothecary fund," engaging to keep the building afterwards in repair.

2. Before complying with this application, the Government wish to have before them the opinion of the District Engineer, (which will be obtained through the Department Public Works,) whether the proposed Dispensary can be built for the sum mentioned and—also, a Plan and Estimate of the building.

3. The Plan, when prepared, will in the first instance be forwarded by the District Engineer to the Zillah Surgeon, who will submit, through the Principal Inspector General, Medical Department, his opinion as to the fitness of the intended building for the purposes of a Dispensary.

4. In submitting that opinion, Dr. Pearse will state what establishment will be required and how much of it can be provided from the present establishment attached to the Civil Dispensary at Salem.

5. The Collector will ascertain and report what sum the residents on the Shervaroy Hills are prepared to contribute monthly towards the maintenance of the proposed Institution.
