Proceedings of the Madras Government, Revenue Department, for the month of January 1860.

No. 54. Read the following letter from B. H. ELLIS, Esq., Acting Secretary to the Government of Bombay; to J. D. BOURDILLON, Esq., Secretary to the Government of Frot St. George; dated Bombay Castle, 6th January 1860, No. 69.

I am directed by the Right Honorable the Governor in Council to acknowledge the receipt of your letter, No. 1710, dated the 19th ultimo and to inform you, that, in reply to a reference thereupon made, the Commissioner of Customs, Salt and Opium now* writes;

Salt weighing machines.
**28th December* 1859.

"As the machines arrived during the monsoon and as they were selected by Mr. Deputy "Commissioner Stewart, I did not open them until his arrival on the 30th ultimo.

"3. I have now distributed some of the machines and a report will hereafter be made, "after they have undergone a fair trial.

"4. The lever machines are very portable and handy, and ought to be cheap, but no in- "timation has been given to this department as to their value. These machines so far as I can "at present form an opinion, are likely to prove to be well suited for our Salt works.

"5. I have still on hand 3 lever machines with scoops complete, securely packed in se- "parate boxes, and if the Madras Government would wish to give them a trial, and will state "to what port or ports they require them to be sent, I will, on receiving the necessary orders, "dispatch them by the first opportunity."

2. I am directed to state that if the Madras Government will intimate to what ports and to whose address the machines above referred to should be dispatched, instructions will be issued to the Commissioner of Customs to forward them by the first opportunity.

No. 55. ORDER THEREON, 18th January 1860, No. 85.
