No. 133. Read the following letter from J. D. SIM, Esq., Secretary to the Court of Wards, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, dated 24th April 1860, No. 1,848.

I am directed by the Court of Wards to submit for the information of Government the usual Annual Report on the management of the Estates under their charge for Fasli 1268, A. D. 1858-59, accompanied by a set of Statements prepared in accordance with the instructions contained in paragraph 6 of Extract Minutes of Consultation, dated 4th August 1855, No. 931.

In Con. 19th September 1855, A. No. 2,187.

2. The Estates under the Court's management in Fasli 1267 were 21. Of these Balleparu in Masulipatam and Paryur in Tinnevelly were made over in Fasli 1268 to their respective Proprietors in consequence of their both having attained their majority; on the other hand the Estates of Barwa in Ganjam and Lakaveram in Rajahmundry were newly taken under the Court's charge in consequence of the death of their Proprietors. The number of Estates to be now reported upon is consequently 21 as in the preceding Fasli.

3. The Parla Kimidi Estate is under the Court's charge, owing to the mental incapacity of the Proprietor; the rest on account of the minority of their owners.

STATEMENT No. 1.

The Estates comprise 3,431 villages settled under the following tenures:—

Raiyatwárí	672
Rent	219
Amáni...	899
Inám and Sr triyam..	1,641
	3,431

4. The Season and its effects upon Cultivation during the Fasli under Report having been only so lately reported upon by the Board in their Settlement Report for that year, they deem it unnecessary here to recapitulate the information then given.

STATEMENT No. 2.

5. The extent of land brought under raiyatwárí cultivation was 204,529* acres, assessed at Rupees 6,99,815 inclusive of "Fasl and Tirvai-jasti." The remissions for "Snávi," &c., amounted to Rupees 21,750, the major portion of which occurred in the Pittapúr and Áyakudi Estates. The net Demand of the year, therefore, amounted to Rupees 6,78,065; the addition of ready-money collections to the extent of Rupees 22,973 raised the Settlement of the year to Rupees 7,01,038. This is in excess of the preceding year by Rupees 34,706,† of which Rupees 7,558 is the raiyatwárí revenue of Lakaveram Estate newly brought under management in Fasli 1268. The other Estate, Barwah, was rented out, and is, therefore, not included in this Statement.

STATEMENT No. 3. 6. The entire Land Revenue Demand of the Estates under management amounted to Rupees. 15,35,058, classed under the following heads :—

	Rupees.
Raiyatwárí...	7,01,038
Village rents	1,38,227
Amáni	5,96,952
Srotriyam	98,841
	15,35,058

which together with the demand under the head of Sundry Sources, amounted to Rupees 15,65,108. On comparing this amount with that given for Fasli 1267, the Board observe a striking increase in the demand of the two Estates named in the margin. The increase in the Pittapúr Estate, is owing to the facilities afforded for cultivation by the Anicut works, and that in Sivaganga to the larger amount of produce falling to the Zamíndár in the Amáni villages consequent on the favorable character of the season.

STATEMENT No. 4. 7. This Statement exhibits the Demand Collection and Balance of the entire Revenue of the Estates under management on account of "Current and Arrears." The following is an abstract of it :—

8. "*Current.*" Of the entire Current Demand of Rupees 15,65,108 Rupees 11,26,151 have been collected within the Fasli leaving a balance of 4,38,957 at its close. Subsequent collections reduced this amount to Rupees 2,36,828. Of this sum the Court have sanctioned the remission of Rupees 7,940, being a portion of the demand on account of the increased selling prices in the Kabistalam Estate in Tanjore. This will again reduce the current balance to Rupees 2,28,888, which comprises Rupees 2,03,478 in Sivaganga and Rupees 25,410 in the other Estates, in course of realization.

9. "*Arrears.*" The balance an account of old arrears at the commencement of the Fasli amounted to Rupees 7,06,916. Out of this sum Rupees 2,73,921 were realised within the Fasli, and Rupees 2,31,820 were remitted, thus leaving a sum of Rupees 2,01,175 uncollected at the

close of the Fasli. Of this sum Rupees 23,085 were subsequently collected, which, being deducted from the above, leaves a net balance of Rupees 1,78,090 classed as under :—

	Rupees.
Recoverable.....	96,800
Doubtful.....	16,620
Irrecoverable.....	64,670
	1,78,090

10. Of the recoverable balance of Rupees 96,800 the large sum of Rupees 60,401 occurs in Sivaganga. The special attention of the Collector was directed to the collection of this balance ; before the transfer of the property to the Zemindar who has since attained his majority. The sum due under the head of "Doubtful" is reserved for further enquiry. The remaining balance, Rupees 64,670, is pronounced by the Collectors to be altogether irrecoverable. They are to be found in the Estates noted in the margin. Of this amount Rupees 3,579 belonging to Kabistalam and Rupees 178 of Sivaganga were sanctioned for remission on the Reports of Fasli 1267, and authority has since been granted for the remainder, Rupees 60,913 being written off the Public accounts.

11. In regard to the large outstanding balance in Sivaganga, noticed by the Court of Wards in paragraph 11 of their last Report, the Collector states that a sum of Rupees 14,091, being arrears of outstanding for more than 12 years, are wholly irrecoverable. Mr. Clarke made a strict, personal enquiry into these arrears, and recommended their remission. The Court have accordingly authorized the sum being written off the accounts of the Estate. The balance of Rupees 96,800 classed as recoverable in paragraph 11, has thus been reduced to Rupees 82,709.

STATEMENT No. 5. 12. The financial results of the Estates next come under notice. The amount to the credit of the Estates (exclusive of those made over) at the end of Fasli 1267 both in cash and Company's paper was Rupees 17,81,122. The receipts during the year under Report, inclusive of interest on invested capital, rents of houses, &c., amounted to Rupees 15,33,522, making a grand total of Rupees 33,14,644. The charges amounted to Rupees 13,02,433 leaving a balance of Rupees 20,12,211 to the credit of the Estates. Out of this sum Rupees 16,85,555 have been invested in Government Securities, as particularized below :—

	Rupees.
Parla Kimidi	9,51,255
Kásimkotta and Mellupáka	19,000
Pittapúr	20,000
Utkúr	1,000
Kabistalam	50,900
Gundrakotta	50,100
Páliavanam	2,200
Sivaganga	3,17,400
Ayakudi and Rettiambádi	5,700
Sáptúr	54,000
Mannárkotta	27,000
Parvapuliam	7,000
Rupees	16,85,555

Kirlumpudi	11,562
Páliavanam	3,373
Sivaganga	28,670
Sáptúr	2,506
	47,475

13. The payments on account of debts amounted to Rupees 47,475. The largest sums under this head are to be found in the Estates of Kirlumpudi and Sivaganga.

14. The Demand, Collection and Charges Statement No. 6. of the Estates for the year under Report, compared with those of the previous Fasli, are exhibited in Statement No. 6, an abstract of which is given in the margin. The increase in the Demand is considerable and occurs chiefly in the Estate of Sivaganga. This is owing mainly to the cause stated in paragraph 7. The increase in the Collections is attributable to the same causes.

Fasli	Demand.	Collection.	Charges.
1268	15,65,108	11,26,151	13,02,433
1267	13,30,022	10,00,513	11,64,366
Inc.	2,35,086	1,25,638	1,38,067

15. The large increase under the head of Charges resulted from a gross increase of Rupees 1,47,540 in 14 Estates, and a gross decrease of Rupees 9,473 in seven Estates. In the five Estates noted in the margin the increase is very considerable. In Parla Kimidi it is owing to the large amount laid out on communications and irrigation works during the 13 months commencing from 1st June 1858, and closing on the 30th June 1859, and to the increased allowance granted to the Zamíndár and his brother. The increase in Barwa is apparent only and arises from the charges of Fasli 1267 not having been brought to account in that Fasli in consequence of the Estate having been under the management of the Proprietor. The excess in Kirlumpudi is attributable to the expenditure of the whole year having been brought to account, while in the preceding year a part only was entered. In Sáptúr the increase was occasioned by augmented expenditure under the head of Miscellaneous Disbursements; and in Sivaganga the liquidation of debts, of which none were paid in the Fasli preceding the one under Report, has been the chief cause of the increase.

	Rupees.
Parla Kimidi	55,291
Barwa	11,696
Kirlumpudi	24,110
Sáptúr	19,407
Sivaganga	22,724

16. As regards decrease the largest sum is observable in the Estate of Ayakudi; this is owing to no outlay in payment of debts as in the previous year.

17. The Court will now proceed to notice the conduct and education of the Wards under their charge.

Ganjam.—18. There has been no improvement in the mental state of the Parla Kimidi Zamíndár. His brother, who is now 20 years of age, is but a little superior to his elder brother in intellectual capacity.

19. The Jarada Minor has been long affected with a kind of Rheumatic gout which causes swellings in the joints, and renders him perfectly helpless. He was absent from Chitterpore a long time on this account. During his short stay near the Collector he seemed to improve in health; but his return to the Estate again brought on his malady. He is stated to be remarkably intelligent and open in manner. He reads and writes Telugu well, but has almost forgotton his English. He is 19 years old, and the Collector has been instructed to make over the Estate to him, unless he wishes the Collector to administer it for him until his health enables him to undertake the charge.

20. The Minors of Barwa are still too young to be brought under scholastic tuition.

Vizagapatam.—21. The Zamíndár of Kásimkotta is now 14 years old. He lives with his grandfather studying English, Telugu and Persian.

22. The Minor of Chámudu resides in Vizagapatam and studies Telugu. His age is 11 years.

Rajahmundry.—23. The two Minors of Pittapúr are 16 and 12 years of age respectively. The health of the elder has much improved, but the Collector's wish to send him to the Government School at Rajahmundry was much opposed by his relatives. He, therefore, prosecutes his studies at the Cocanada School. The Court have very recently engaged a Tutor, Mr. McDougall, recommended by Sir Alexander Grant, and approved by the Acting Director of Public Instruction.

24. The Minor Zamíndár of Kirlumpudi pursues his studies in his own Estate. He will shortly proceed to Rajahmundry to enter the Government Provincial School there.

25. The Lakavaram Minor resides with his grandmother at Ellúr in Masulipatam, and no Report whatever is furnished by the Collector in regard to his education.

Masulipatam.—26. The Utkúr Minor has been studying under the Reverend R. T. Noble, but in consequence of the prevalence of cholera in that part of the country, he returned to his native village. He has probably resumed his studies by this time.

Chingleput.—27. The Proprietor of Irungadukotta is only two years and four months old, and is doing well under the care of his mother.

28. The eldest of the Uttukádu Zamíndárs is stated to be employed in the Railway. The second was in one of the lowest classes of the Senior Department of the Presidency College, but left the School in consequence of having been placed in the Junior Department, owing to continued idleness. The Acting Collector has been instructed to require his attendance again. The remaining two lads continue their studies in the High and Normal Schools: their progress is satisfactory.

Tanjore.—29. The Minors of Kabistalám and Gundrakotta have made little or no progress, although every opportunity has been taken of impressing upon them the importance of a liberal education to persons of their position. The Kabistalám Minor is under the care of a private Tutor selected by the Head Master of the Provincial School at Combaconum, but has not profited by his teacher's instructions. The two Gundrakotta Minors who were attending the Táluq School at Trivadi, have ceased to attend, and decline to return although they have been repeatedly asked to do so. The Collector has been instructed to insist on their doing so, without further delay.

30. The Páliavanam Minor is still prosecuting his studies in the Government School at Combaconum.

Madura.—31. The Proprietor of Sivaganga is indolent and of no great capacity. He has since attained his majority and was placed in possession of his Estate, on the 10th November last. It is gratifying to observe that this Estate, which, when taken under management was burdened with numerous debts and a number of intricate and doubtful claims, with an uncollected balance of nearly three lacs of Rupees, decayed works of irrigation and confused accounts, was handed over to the Proprietor in a satisfactory condition; the debts of the Estate have been greatly reduced, and the outstanding balances hitherto retained in the accounts cleared off. The Zamíndár now possesses a capital of seven lacs of Rupees. The works of irrigation have been restored and will add considerably to the value of the Estate, while numerous irregularities have been rectified.

32. The younger Minor possesses superior abilities to his elder brother, but showed much opposition to the wishes of his Teacher.

33. The Minor of Ayakudi is a very promising lad; he is studious, intelligent and docile. He now attends the Combaconum School.

Tinnevelly.—34. The Minor of Sáptúr is learning Tamil and Telugu at his family residence. The Zamíndár of Mánnarkotta was prosecuting his studies in the Combaconum Provincial School, but in consequence of ill health he has returned to his native place. He has now regained his health and arrangements will be made for his education.

COIMBATORE.—35. The Minor Poliagar of Parvapuliam has attained his majority being now 19 years old. He reads and writes Tamil, and is qualified to manage his own Estate. The Collector has been instructed to make over the Estate to him.

In Con. 17th Jany. 1860, No. 230.

36. The Court of Wards are now engaged in re-considering the arrangements for the Education of their Wards in reference to the Order of Government, dated 16th January 1860, No. 76.

No. 134. ORDER THEREON, 29th May 1860, No. 880.

1. With this letter the Court of Wards submit their Report for Fasli (1268, A. D. 1858-9) on the Estates under their charge.

2. These number 21 and contain 3,431 Villages. The entire Revenue demand from all sources amounted to Rupees 15,65,108, of which the current balance is now Rupees 2,28,888, more than two lacs of which are in Sivaganga Zamíndári alone. From the same Estate also is due a large sum on account of the balances of former years, viz., 60,000 Rupees. This Estate has since the close of the Fasli under review been made over to its proprietor.

3. The figured Statements in paragraphs 7 and 9 and enclosure No. 4, do not show the actual state of the case at the time when the letter was written, as they ought to do. They give the sums collected and remitted up to some time not stated after the close of the Fasli, but other collections and remissions are omitted, and are mentioned separately in paragraphs 8, 10 and 11. Had the Statements been correctly prepared, the current balance would have appeared as Rupees 2,28,888 instead of 2,36,828, and the arrears 99,329 instead of 1,78,090. In future the Statement of collections and balance should include all known transactions up to the date of the Report.

4. At the close of Fasli 1267, the amount to the credit of the Estates was Rupees 17,81,122, at the end of 1268, it had increased to 20,12,211, of which Rupees 16,85,555 have been invested in Government Securities. This is very satisfactory, especially as in 14 of the 21 Estates the charges had from various causes increased much, altogether Rupees 1,38,067.

5. This increase in charges is out of proportion to the increase in both demand and collection for the Fasli under review—

Fasli.	Demand.	Collection.	Charges.	
1267	13,30,022	10,00,513	11,64,366	
1268	15,65,108	11,26,151	13,02,433	
	2,35,086	1,25,638	1,38,067	Increase.

but it appears to have fairly arisen.

6. In paragraphs 18 to 35 the Court of Wards report on the conduct and education of the Wards. The Report on these points is on the whole satisfactory.
