PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from W. ROBINSON, Esq., Inspector General of Mufassal Police, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 26th May 1860.

Revenue Department, 7th May 1860, *No.* 723.

1. The Government has directed by the Order noted marginally, that the Constabulary is to take charge of all Salt Stores, &c.; and, as I gather, to act generally as a Preventive Establishment in regard to Salt manufacture.

2. It is not usual for Police Constabulary to act as a Revenue Preventive Force, and I fear that the Police may fail to satisfy the Collectors. But I am anxious to give effect to the Order of Government, under circumstances affording the best promise of success, and I would take at once to try it on a limited scale.

3. I therefore request that you will obtain the sanction of Government, to our undertaking *at once*, in communication with the Collectors one of the heaviest Salt Stations in each of the Districts of Tanjore and Nellore.

4. The organization of the Constabulary is well advanced in Tanjore and the Collector will countenance us thoroughly, and I am about to proceed to Nellore and would put the matter on trial there under my own eyes.

ORDER THEREON, 31st May 1860, No. 676.

The Honorable the Governor in Council approves the proposal of the Inspector General of Police in paragraph 3 of the above letter, viz., that he should in communication with the Collectors of Tanjore and Nellore take charge, through his Constabulary, of one of the heaviest Salt Stations in each of those Districts.
