Official Memorandum

The undersigned has the honor to inform the Secretary to Government in reference to his Memorandum dated 2d December 1861, that the extent of Cultivation of Cotton and Indigo entered in the Statement, for Fasles 1270 and 1271 represent the same period, that is from July to September of both years. The cause of the great decrease preferred to by Government is failure of rain. but the Collectors have not been explicit on the subject. Only the Collector of Timevelly states that the great decrease in the Cotton cultivation occurs only in one Taluq and is in consequence of the entire failure of rains.—
