Proceedings of the Madras Government, Revenue Department, 7th August 1861.

No. 101. Read the following letter from A. M. MONTEATH, Esq., Under Secretary to the Government of India, Home Department (Revenue), to J. D. SIM, Esq., Secretary to the Government of Fort Saint George, dated Fort William, 23rd July 1861, No. 1,398 :—

SIR,

1. I am directed to acknowledge the receipt of your letter, No. 1,298, dated the 29th ultimo, with its enclosures, and to state that under the circumstances therein represented, the Governor General in Council is pleased to sanction the grant of waste land bearing an annual assessment of Rupees sixty for the support of the choultry erected at Mangalagiri on the Northern Trunk Road in the Kistna District.

2. The original papers and the plan of the building are returned as requested.

No. 102. ORDER THEREON, 7th August 1861, No. 1,579.

Ordered to be communicated to the Board of Revenue, with reference to their Proceedings, 6th April 1861, No. 1,765.

(Signed) J. D. SIM,

Secretary to Government.

No. 2,143.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 2nd May 1860.

Read the following letter from W. KNOX, Esq., Collector of Kistna District, to J. D. SIM, Esq., Secretary to the Board of Revenue, Fort Saint George; dated Masulipatam, 20th April 1860, No. 79:—

With reference to paragraph 5 of the Extract Minutes Consultation, dated 7th June 1858, No. 765, Revenue Department, circulated with the Board's Proceedings of 14th July of that year, I have the honor to submit the accompanying Plan and Estimate of the Mangalaghiry Choultry constructed about 14 years ago by one Nackalapalli Soobbarao, at a probable cost of 4,000 Rupees as estimated by Lieutenant Magnay. The Choultry is on the high northern road, and the arrangements are adapted for the accommodation of all classes as it will be seen from the Plan that the Choultry is sufficiently large so as to admit of nearly fifty Travellers halting at one and the same day. Besides, there is a small tiled shed near the gate of the Choultry in question, which is purposely built for the use of Mussulmen, Parias, and other classes. The monthly expenses incurred by the owner of the Chuttrum are detailed in the margin. The annual charge will amount to Rupees 72. As the present circumstances of the heir (widow) of the original builder do not permit her to maintain the Establishment intended for the security of the Choultry, she prays that the indulgence provided by the Circular under reference may be accorded.

	Monthly pay. R. A. P.
1 Sweeper.....	1 8 0
1 Attendant...	3 0 0
Oil.....	1 8 0
	6 0 0
Per annum...	72 0 0

2. Under these circumstances, I beg to recommend that waste land yielding an annual income of 60 Rupees may be endowed for oil, and the pay of the Establishment entertained by the owner of the Chuttrum. I trust that this may be allowed as one of the exceptions contemplated in paragraph 3 of the Choultry Regulations, to the general rule that no Chuttrums within 10 miles shall be entitled to grants of waste lands, as the situation of the Chuttrum above alluded to is 13 miles north of Guntoor and 7 miles south from Seetanagarum, where is a Government Chuttrum constructed from the Pagoda funds of Macheerla in the Palnaud, for which an endowment was granted under the Orders of Government, dated 7th December 1852. This, however, need not bar the grant of the endowment applied for, as the distance from Guntoor to Seetanagarum is too long for one march, and a half-way-house is very desirable. The other Chuttrums in the Guntoor portion of this District except those* already provided for do not seem to be much used by all classes, nor have the owners applied for such indulgence.

*1. Datchapalli.
2. Ventapolliam.
3. Purchoor.
4. Nundipaud.

3. As for the Chuttrums in the Masulipatam portion of this District, an application for Ponumbalum Mudiliar's Chuttrum was made on the 4th January 1860.

ENCLOSURE No. 1.

ABSTRACT.—Plan of Chuttrum.

ENCLOSURE No. 2.

ABSTRACT.—Estimate of the expense of the Chuttrum, &c.

Before submitting this application to Government, the Board require a distinct assurance that the main building is available for the use of all classes; or if not entirely so, that the distribution of the accommodation for the different classes or castes of Travellers be explained.

2. Institutions devoted to sections only of the general community cannot be recommended to Government for endowment.

(A true Copy and Extract.)

(Signed) W. HUDLELTON,
Sub-Secretary.

To W. Knox, Esq., Collector of Kistna District.

IN CON. 26TH DECEMBER 1860, No. 6,836.

From G. THORNHILL, Esq., Acting Collector of the KISTNA DISTRICT,
dated Mangalagiri, 21st December 1860, No. 297.

With reference to the Proceedings of the Board, No. 2,143, under date 2nd May last, regarding an endowment for the choultry at Mangalagiri, I have the honor to report that I have personally inspected the choultry.

2. The main building is not available for Pariahs, but for all other classes including Moosalmans, who are allowed to sleep in the front verandah. The verandah rooms are used by Soodras, and the inner rooms by the three higher castes.

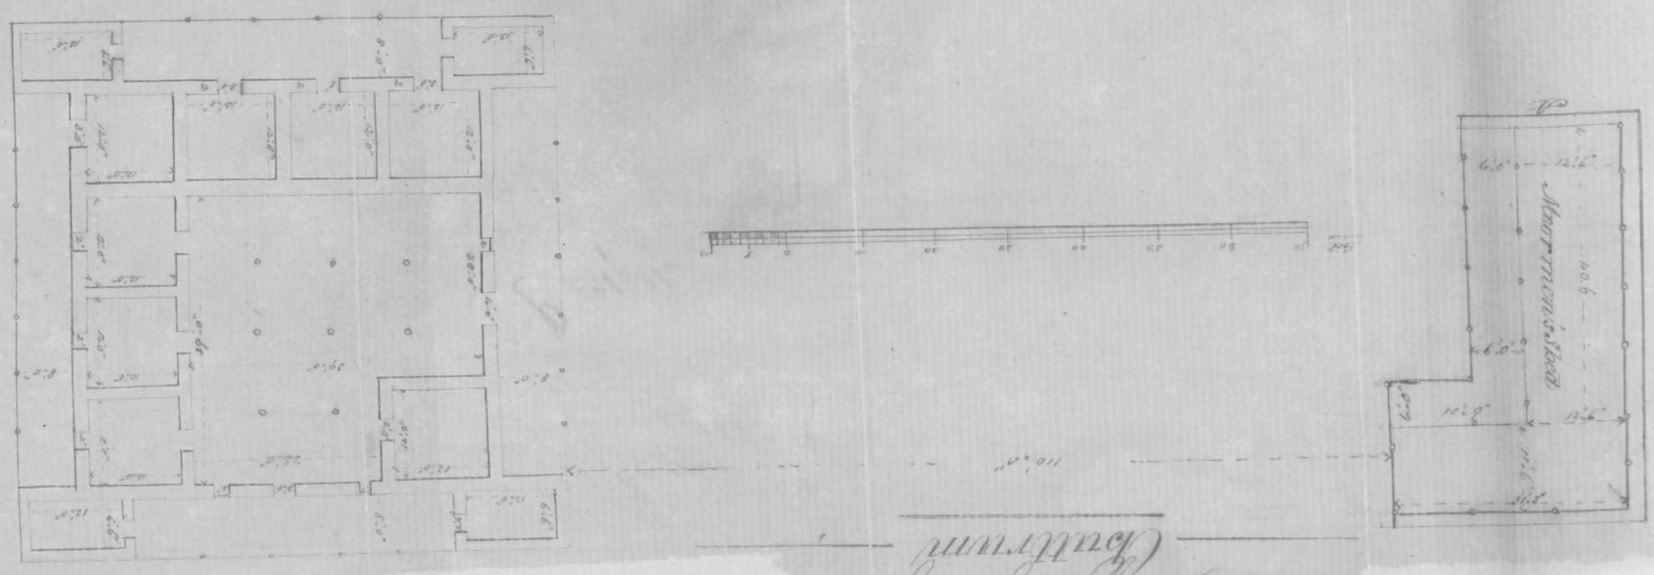

3. The tiled shed in front of the choultry is used both by Moosalmans and Pariahs.

4. The shed itself is a spacious building, and affords a comfortable accommodation to travellers as will be seen by the enclosed plan. As the choultry is situated in the high road, and is much frequented, I beg respectfully to support Mr. Knox's recommendation for an endowment.
