No. 27. Read the following Proceedings of the Board of Revenue, dated 14th August 1861, No. 4,434:—

Read the following letter from J. FRASER, Esq., Collector of South Canara, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Chepauk, dated Mangalore, 26th July 1861, No. 123.

SIR,

1. I have the honor to forward a Statement, showing the actual expenditure of Sádirwárid in this District, as charged in the accounts of the official year 1859-60, amounting in the aggregate to Rupees 6,391-8-4, being an excess of Rupees 323-8-4 over the standard Estimate sanctioned* for the undivided District of Canara; and request that the special sanction of Government may be obtained for the same.

* 20th May 1850.

2. The account is for the undivided District of Canara from May to December 1859, and the divided District of South Canara from January to April 1860.

3. The excess expenditure is chiefly owing to an unusually large number of printed forms of accounts for Huzúr and Táluq use having been struck off during the year and distributed. It is to be observed, that though division of the District was from 1st January 1860, the cost of paper for these printed forms of accounts used in North Canara till 30th April has appeared in the accounts of South Canara, whence they were supplied. There is another cause for the additional consumption of paper—the issue of District Gazettes. In the year under review or a little before it, it was printed weekly instead of bi-monthly as before, incurring of course an additional expenditure of paper.

4. The high price of lamp oil has also contributed to the excess over the sanction. In the Revenue Department the quantity used has fallen short of the Estimate by 93 maunds, but the rise in price has increased the expenditure of that article by Rupees 237.

5. In the Police Department alone there is a very large increase under lamp oil. The quantity used exceeds the standard by 32 maunds, which, together with exorbitant prices paid for this article, increased the expenditure by Rupees 248 above the standard Estimate. The above excess was in consequence of the disturbances on the Goa frontier. The large number of prisoners involved the cost of additional lights for their guards and for the extra Police Establishment entertained at that time.

1857-58	7,133.
1858-59...	6,544.
1859-60	6,391.

6. The marginal entries show the actual expenditure incurred during four successive years including the one under report, from which it will be seen, that the cost of the year under review has been comparatively low.

---

1. Submitted for the orders of Government, with the Board's recommendation that, under the Collector's explanation, the actual Sádirwárid charges entered in the accounts of South Canara for the official year 1859-60, amounting to Rupees 6,391-8-4, be sanctioned.

2. The above amount, it will be observed, is composed of the expenditure on account of the undivided District of Canara for eight months, and that of South Canara for four months after the division, and it exceeds the standard Estimate sanctioned for the undivided District by Rupees 323-8-4, which, however, is satisfactorily explained. The excess above the standard amount in 1858-59 for the undivided District was Rupees 476-5-1, which was sanctioned in Government Order, No. 724, dated 7th May 1860.
