Proceedings of the Madras Government, Revenue Department, 5th September 1861.

No. 38. Read the following letter from Captain H. R. MORGAN, Officiating Conservator of Forests, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Ootacamund, 27th August 1861, No. 603:—

SIR,

In reply to the Proceedings of Government No. 1,661, dated 19th August 1861, I have the honor to inform you that the boundary line between the two named points, viz., Vengoly Peak and Anamalai Chery is not a straight line, and indeed has never been actually defined, so that when we come to cut in that direction there will be constant disputes between us and the Cochin Circar. I would, therefore, suggest that as there is a Survey party in the neighbourhood that they should, in communication with an Officer deputed from the Cochin Government, lay down a defined boundary which might be a trench or pillars erected at convenient distances.

No. 39. ORDER THEREON, 5th September 1861, No. 1,764.

Referred to the Resident of Travancore and Cochin for his opinion.

(Signed) J. D. SIM,
Secretary to Government.

Suggests that in order to avoid disputes at a future date between us and the Cochin Sirkar, the boundary line between Vengoly Pattam Amamalai Cherry should be permanently defined by the Survey party.
