Proceedings of the Madras Government, Revenue Department, 10th September 1861.

No. 84. Read the following letter from W. HUDLESTON, Esq., Secretary to the Board of Revenue, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 22nd August 1861, No. 4,597 :—

SIR,

1. With reference to the Order of Government, dated 2nd March 1861, No. 484, I am directed by the Board of Revenue to bring to the notice of Government that certain changes have been suggested to the Accountant General, in the arrangement of the revenue items adopted in the new form of Treasury accounts circulated by him to the Collectors, in order to assimilate the sets of accounts submitted to him and to the Board respectively, and as soon as his approval is received, a circular will be issued to the Collectors, with new forms of statements. The monthly comparative statement of collections submitted to Government needed some slight changes, and the Board have taken this opportunity to improved the form, by giving the particulars of the sundry sources of Revenue for each District, which were hitherto shown in the gross. I am desired to forward the form of statement prepared by the Board, for the approval of the Government.

2. At present the whole amount of Income Tax for the Madras Presidency is no where exhibited in the periodical returns. The statement above alluded to, would show only the assessment imposed in the Districts, by the Revenue Officers ; and if it is the wish of Government, that the Income Tax assessed in Madras town by the Commissioners, and by the ex-officio Assessors throughout the Presidency, should also be included in the statement, so as to show the aggregate amount for the Presidency as in the case of the other items of Revenue, these several Officers should be directed to furnish the Board monthly with such returns as they may require. The Board beg to be informed of the wishes of Government on the subject. The Collectors will be desired to include in the item of Income Tax in their statements all stoppages made by them from the Pay of public servants, from Pensions, and from the Interest on Promissory Notes.

No. 85. ORDER THEREON, 10th September 186, No. 1,788.

1. The form submitted by the Board of Revenue with this letter can be much abridged by omitting the comparative columns for each item of Revenue, and retaining only those for the total of land Revenue and the gross total from all sources. The last statement for each year may be prepared so as to afford this information for each item. The Board will be furnished with a form so revised and showing also other slight alterations.

2. The Board will include in their monthly statement the collections on account of Income Tax made by the Collectors and by the Income Tax Commissioners for the Town of Madras, under Schedules I and II. The inclusion of the sums realized by the numerous ex-officio Assessors under the other Schedules, would greatly impede the punctual submission of the Board's Statement to Government. The Board will, however, ascertain from the Accountant General whether he can promptly furnish them each month with a Memorandum of such collections to make their return more complete. He might perhaps be able to furnish such a Memorandum in time for the last statement of each year, but the Government do not wish the Board's Returns delayed on this account. These receipts (if obtainable) had better be entered separately at the foot of the Income Tax columns and the Total columns.

(Signed) J. D. SIM,
Secretary to Government.
