Dated 20. 9. 1861.

Not to be folded or roughly handled

No. 192. Read the following letter from R. A. DALYELL, Esq., Acting Sub-Secretary to the Court of Wards, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 25th March 1861, No. 1,574:—

SIR,

1. In accordance with the instructions contained in paragraph 6 of Extract Minutes of Consultation, dated 4th August 1855, No. 931, I have the honor by desire of the Court of Wards, to submit for the information of Government the annual Report on the management of the Estates under their charge during Fasli 1269, accompanied by the usual number of Statements.

In Cons., 19th September 1855, A. No. 2,187.

2. The Estates under the Court's management in Fasli 1269 were twenty in number, being one less than in Fasli 1268. This decrease resulted from the three Estates of Shevagunga in Madura, Purvapolliem in Coimbatore, and Jarada in Ganjam, having been made over to their Proprietors on their attaining their majorities, and to two Estates, viz., those of Beridi in Ganjam and Royempett in Tanjore, having been newly brought under the control of the Court in consequence of the deaths of their owners.

3. All these Estates are under the Court's administration in consequence of the minority of their respective Proprietors, except that of Parlakimedi, which continues under their management, in consequence of the mental incapacity of the owner.

STATEMENT No. 1.

4. The number of villages comprised in these Estates are 1,400, settled under the following tenures:—

Ryotwar...	668
Rented	245
Amani...	46
Inám and Shótrium...	441
Total...	1,400

The number of villages in the Parlakimedi Estate is one in excess of what it was in Fasli 1268 owing to the formation, by the clearing of jungle, of a village called Kunneapettah.

5. In this Statement the cultivation and settlement of the Ryotwar villages is exhibited. The extent of land brought under cultivation during the Fasli was 1,95,839 acres, as particularized in the margin, with a total assessment of Rupees 6,99,658. The addition of the Fasul and Teerwa Jasti, amounting to Rupees 283, brought the entire assessment up to Rupees 6,99,941. The remissions amounted to Rupees 19,021, a great part* of which occurred in the Pittapur Estate in the Godavery District. Deducting this sum from the total assessment, the net demand on account of the several Estates amounted to Rupees 6,80,920, to which the ready money collections of Rupees 29,802 being added, the entire demand was raised to Rupees 7,10,722.

STATEMENT No. 4.

8. The next Statement, No. 4, contains the particulars of Demand, Collection and Balance under the two different heads of Current and Arrears. The following is an abstract of this Statement:—

Items.	Current.	Arrears.	Total.
Demand for Fasli 1269	9,30,077	1,69,159	10,99,236
Collections within the Fasli	8,69,042	54,826	9,23,868

Subsequent collections	19,635	148	19,783
Balance.....	41,400	65,615	1,07,015

The entire current demand of the Estates under management amounted to Rupees 9,30,077, of which Rupees 8,69,042 was collected within the Fasli, leaving a balance of Rupees 61,035 which was reduced by subsequent collections to Rupees 41,400. Of this sum Rupees 27-8-0 in the Kassimkotta Estate was sanctioned to be written off the accounts.

9. The demand on account of arrears amounted to Rupees 1,69,159 at the commencement of the Fasli, which was reduced by collections and remissions during the Fasli to Rupees 65,763. Of this sum Rupees 148 were subsequently realized, leaving an uncollected balance of Rupees 65,615. Of this amount Rupees 5,807-14-1 are considered irrecoverable, and the Court have accordingly sanctioned their being written off the accounts of the Estates. Of the remainder, the largest sum is due in the Pittapur, Gundracotta and Kabistallum Estates. The Collector of Godavery has been desired to expedite the collection of the large balance in the first-named Estate, and the collection of the arrears in the two others is left to the Proprietors to whom the Estates were made over at the beginning of the present year.

10. The Court will now proceed to notice the financial position of the several Estates under their charge. There was at the beginning of Fasli 1268 a sum of Rupees 15,21,944 to the credit of the several Estates to which the income during the year under the several heads of revenue, interest on funded capital, rents of houses, &c., being added, make a total credit of Rupees 25,77,532 against this amount. The charges of Rupees 9,07,583 as particularized in the margin must be set, which reduces the sum to Rupees 16,69,949, of which Rupees 14,88,247 are invested in Government Securities in the names of the following Estates and the remainder is in cash:—

The increase of Rupees 27,169 under the head of Charges results from a gross increase of Rupees 47,758 in nine Estates,* and a gross decrease of Rupees 20,589 in eleven others.† The largest increase under the item of Charges occurs in the Parla-

Kimedi Estate occasioned by the unusually large expenditure under the head of Maramut works. The expenditure in Lakavaram in Fasli 1268 referred only to the last month of June, while that of Fasli 1269 is for the whole year: hence a large increase in this Estate also.

13. The general conduct and education of the Wards next comes under notice.

GANJAM.—14. The Parlakimedi Zamíndár continues in the same unfortunate state of mental incapacity. The Minors of Beridi and Barwah are studying the Oriya language, and the former is also reading Telugu.

VIZAGAPATAM.—15. The Kassimkotta Minor is prosecuting his studies in the Government School at Rajahmundry. The Chamuda Minor, now in his twelfth year, is attending the Grant-in-aid School at Vizagapatam, and appears to be making some progress in Telugu and in English.

GODAVERY.—16. The two Minors of Pittapúr continued to prosecute their studies under the superintendence of Mr. C. G. Macdougall until the month of October 1860, when death deprived them of their Tutor. The Kirlampudi Minor attended the Rajahmundry Zillah School for some time, but his health has lately necessitated a return to his home; it is now however stated to be improving. The Lakavaram Minor is being educated at the Government School at Elúr, where he is reported to have made satisfactory progress, and to have behaved very well.

KISTNA.—17. The Minor Zamíndár of Utkur has made but little progress in Telugu. He was formerly instructed at the Mission School under the direction of the Reverend R. T. Noble; but in consequence of ill-health he was permitted to reside at Bezoarah, and placed under the orders of the Head Assistant Collector, who was requested to arrange for his attendance at the Reverend Mr. Darling's School for instruction.

MADRAS.—18. The Proprietors of Uttakaudu and Eroongadukotta and Suttur, are being educated at the Government Normal School and their progress appears to be fair.

TANJORE.—19. With the exception of the Kabistallum Zamíndár, who was under private tuition till his Estate was handed over to him in February last, the Minors of this District are attending the Government Táluq School. The Kabistallum Minor though never an apt pupil has been fairly educated, and bears a respectable character. The Proprietors of Gundracottah and Paliavanam do not exhibit any eagerness or desire for improvement, but the Minor of Royampet is a sharp and intelligent lad, and is studying Tamil with success.

MADURA.—20. The young Zamíndár of Ayakoodi is now pursuing his studies at the Government Provincial School at Combaconum. His conduct is reported to be good, but he is stated to be wanting in application.

TINNEVELLY.—21. The Proprietor of the Munnarkotta Estate is learning the Tamil and English languages at the Church Missionary Society's Native English School at Palamcottah and his progress is satisfactory. The Saptur Minor is studying Tamil and Telugu at his family residence.

No. 193. ORDER THEREON 20th September 1861, No. 1,843.

1. In these Proceedings the Court of Wards report on the Estates, twenty in number, under their management during 1269 (1859-60).

2. Since the date of last report three Estates had been made over to their proprietors who had come of age, and two others had been newly brought under the guardianship of the Court.

3. Statement No. 1, showing the number of villages in the several Estates, and other particulars, has not been drawn up as carefully as might be, especially in columns 8, 9 and 10. The *age* of the Minors is not always given, and where it is, in several instances it is wrong, if the similar statement received with the report of 1268 is to be depended upon. The same remark applies more or less to the other two columns named.

4. The Government observe with satisfaction from Statement 2 that in seven of the Estates containing Ryotwary villages there is a net increase of Revenue as compared with Fasli 1268 of Rupees 20,807, in one only (Uttakaudu) there is a small decrease of Rupees 152. Royampet, the ninth Estate containing lands under this tenure, came under management only in the year under review.

5. The large balances in some of the Estates at the close of the Fasli are not creditable. Even after subsequent collections and remissions there remained a sum of 1,07,015 to be collected out of a demand of 11,00,000 (in round numbers). The Districts marginally noted appear the most behindhand.

7. *Peshkash.*—In seven only of the Estates named in this Statement does the Peshkash of the year under review correspond with that of 1268. In some* of the remaining ones the expenditure under this head is smaller (in one or two instances considerably so), and in others† larger than in 1268. Explanation should have been afforded regarding this discrepancy.

8. *Government Commission.*—No entry of this kind is made in the Statement No. 5 submitted with the report for 1268. It is understood, however, that this "commission" was included under the head "Miscellaneous disbursements" for that year. The Government request information on the manner in which this commission is calculated. They observe that it varies very much and seems to bear no fixed proportion to the collections.

9. *Maintenance and Education.*—The disbursements under this head vary somewhat from last year, but not sufficiently to require explanation. The Governor in Council observes, however, that in Barwah and Lakavaram no expenditure on this account was incurred either in 1268 or 1269. The owner of the former Estate is an infant it is observed, but the Lakavaram Minor is between eleven and twelve.

5. Kabistallum	8,342.
6. Munnarkotta	2,863.
7. Saptur	11,121.

10. *Miscellaneous disbursements.*—In the Estates noted marginally the expenditure on this account has been considerable, and seems to deserve some explanation. In the 1st, 2nd, 5th, and 6th of the Estates referred to, it far exceeds the expenditure under the same head for last year. For some of the others it is less.

11. There was a net increase in the balance to the credit of the Estates at the end of 1269, over that remaining at the expiration of 1268, of nearly a lac and a half of Rupees. The greater proportion of the balance in question is invested in Company's paper.

* 1268	9,33,267.
1269	9,30,078.
	3,189.

12. The demand in the several Estates was, it is observed, less by 3,000 Rupees* in 1269 than in 1268, while the collections were better in 1269 by 12,000 Rupees and odd.

13. The report on the education of the Wards is on the whole satisfactory.

Deputy Secretary to Government.

management only in
the year under review.

5. The large balances
in some of the Estates
at the close of the Fasli
are not creditable. Even
after subsequent collections
& remissions there remained
a sum of
1,07,015 to be collected out of a demand
of 1,09,000 (in round numbers).
The Districts marginally noted
appear the most behind hand.

1. Vanjore
2. Godavery
3. Madras
4. Ganjam
5. Vizagapatam

6. The following statement exhibits the charges
for those estates which were under the Courts
of Wards ship both in 1268 and 1269.

1. Parlakimedi	19,215
2. Berwah	1,685
3. Pittapur	18,526
4. Hirlampudi	2,956
5. Habistallum	8,342
6. Munnarkotta	2,863
7. Saptur	11,121

They observe that it varies very
much and seems to bear no fixed
proportion to the collections.

7. Maintenance & Education. The
disbursements under this head
vary somewhat from last year,
but not sufficiently to require
explanation. The Governor in
Council observes however that
in Berwah & Sahavaram no
expenditure on this account
was incurred either in 1268
or 1269. The owner of the former
estate is an infant it is true:
: served, but the Sahavaram
minor is between 11 & 12.

10. Miscellaneous disbursements.
In the Estates noted marginally
the expenditure on this account
has been considerable, and
seems to deserve some explanation.
In the 1st, 2nd, 5th & 6th of the Estates
referred to, it far exceeds the
expenditure under the same
head for last year. For some
of the others it is less

11. There was a net increase in the balances to the credit of the estates at the end of 1269, over that remaining at the expiration of 1268, of nearly a lac and a half of Rupees. The greater proportion of the balances in question is invested in Company's paper.

12. The demand in the several estates was, it is observed, less by 3000 Rs in 1269 than in 1265 — while the collections were better in 1269 by 12,000 Rupees odd.

1268	9,33267
1269	9,30078
	3189

13. The report on the education of the Wards is on the whole satisfactory.
