PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from W. ROBINSON, Esq., Inspector General of Madras Police; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 26th August 1861.

General Department.

I have the honor to report that I took the opportunity of a recent visit to the Nellore District to concert with the Collector and the local Superintendent, the Establishment &c., required to enable the Police to undertake the guarding of Salt Treasuries and Store-yards of the District, together with the Preventive duty.

2. There are 21 Salt Works scattered at various distances along the Coast and Back-water line of about 150 miles, with 12 Treasuries, from which remittances have to be conveyed to distant Taluq Offices. There are 18 Store-yards. The permanent Establishment maintained at present for the guard of these is 198 men. This, under the new arrangement, will be reduced to 150 men. It has been customary to detach, during the season of manufacture, a strong body of Peons from each Taluq, (the Peon Establishment in Nellore was very strong) to aid a small extra Establishment of 21 men in the duty of preventing illicit manufacture, sale and theft during this season. It will be requisite to entertain 60 men during the four months of the manufacturing season, to aid the permanent Establishment, for which I request the sanction of Government.
