Proceedings of the Madras Government, Revenue Department, 13th December 1861.

No. 140. Read the following Proceedings of the Board of Revenue, dated 9th October 1861, No. 5,491:—

Read letter from the Collector of Nellore, dated 21st June 1860, No. 89.

(In Cons. 25th June 1860, No. 3,059.)

1. In this letter the Collector reports on the Shrótrium balances with reference to the Order of Government, dated 24th December 1859, No. 1,762, but the report is incomplete, and the further report promised by the Collector regarding the villages not then inquired into, has not yet been furnished. It appears however from the Settlement Report for Fasli 1269, that the circumstances of a few more villages were subsequently inquired into, and remission of arrears recommended in the case of those villages which were either restored or resumed. This remission was sanctioned by Government in their Order, dated 22nd April 1861, No. 907, on the recommendation of the Board, and no further orders appear necessary until a more complete report shall have been received. The Board, however, deem it proper to make a short review of these balances.

In Cons. 23rd April 1861, No. 2,541.

2. The balances reported upon in the letter above recorded, have been closed to the end of Fasli 1268. The number of villages into the arrears of which inquiry had to be made, were 73 besides Tummaguntah lately incorporated with the Government lands. Of these 74 villages, 45 are included in the Statement which accompained the Collector's letter, and 7 in the Settlement Report for Fasli 1269, leaving 22 villages for subsequent inquiry.

3. The number of Shrótrium villages reported upon in the Board's Proceedings, dated 31st August 1859, No. 3,417, was 39, of which the balances in 5 were doubtful, and in the rest irrecoverable. Of these 39 villages, 32 are included in the Collector's Statement under review and in the Settlement Report for Fasli 1269. The remaining 7* villages probably form part of the 22 above referred to as remaining for subsequent inquiry.

4. To render the subject more clear and to show the results in a complete shape, a Statement (Enclosure A) has been prepared in the Board's Office, giving the particulars of the 52 villages above alluded to. The 32 villages formerly reported upon and the other 20 are distinctly shown, and again the 7 villages included in the Settlement Report for Fasli 1269, are entered in *italics*. The several balances, the remission of which was sanctioned by Government, are indicated by asterisks. It will be seen from the Statement that the instructions contained in the Order of Government, dated 24th December 1859, No. 1,762, have been carried into effect, and several villages finally resumed in cases where the owners refused to take them back or failed to pay the arrears according to the engagement previously entered into. The results of the disposal of the 52 villages shown in the Statement will be briefly noticed.

5. Of the 52 villages, the arrears were remitted for 25, of which 19 were finally resumed, three were restored to the owners, and three had continued in the possession of the Shrótriumdárs. On two† of these 3 Shrótriums, there still existed some balance after deducting the arrears remitted to the extent of the reductions allowed in the Jódi, and the Collector states that the Shrótriumdárs engaged to pay the arrears by instalments within 30th June 1861.

6. Out of the remaining 27 villages 8 were reported to be under inquiry; in 10 villages the balances were very small, and for the collection of these the necessary measures had been adopted, and in the cases of 6, further time was allowed for payment of the arrears. The Collector will report whether these arrears have been fully discharged.

7. There still remain 3 villages to be noticed. In the case of two of these Potireddypolliem and Ragavaramapuram, a reduction of Jódi was made from Fasli 1266, and in paragraph 7 of their Proceedings, dated 31st August 1859, the Board objected to the remission of arrears recommended

for these villages as the arrears appeared under Fasli 1266. It however appears from the subsequent papers that the balance in Fasli 1266 was equal in amount to the reduction granted on account of land appropriated for public purpose, the full amount of Jódi having been paid in the previous Faslis instead of the reduced amount. Out of the balance of Rupees 22-6-0 due for Fasli 1266 on Tokkalapoody village a sum of Rupees 20-15-6 was recommended for remission in a former report on account of land taken up for public purpose. The Board do not understand why these 3 villages were not included in the Settlement Report for Fasli 1269, when the Collector recommended for remission the balances of the other villages, which proved to be irrecoverable. Mr. Dykes will include them in his next report.

8. The Board observe that the 3 villages noted in the margin, were restored to the owners either in Faslis 1266 or 1267, in accordance with the views expressed in paragraph 8 of Extract Minutes of Consultation, dated 27th September 1855, No. 1,090, they find that in the case of the 2nd and 3rd villages time was allowed for payment of the arrears, and the 1st village Tallapudy appears to have been finally resumed on account of the small balance of Fasli 1265, notwithstanding the Jódi of the subsequent years has been paid punctually. The Collector is requested to report how this has occurred and to state what was the outturn of the village in Fasli 1270 in which it was under Government management.

9. As regards the 2nd village Gundalapollium, the Board observe from the Collector's Endorsement, dated 30th June 1860, on Petition No. 1,558 of 1860, that the Shrótriumdár has agreed to pay the balance amounting to Rupees 954-4-10 by three instalments. It appears, however, from the remark entered in the statement which accompanied the Collector's report, that a portion of this balance, viz., Rupees 640-13-7 arises from that sum having been taken for the repair of the Nellore tank while the Shrótrium was under the management of Government, and that it is in excess of the proper share due. If so the Board consider that this portion of the balance should properly be remitted or reduced to its proper amount. Mr. Dykes is requested to furnish explanation on this point.

10. In reference to paragraph 8 of the letter recorded at the head of these Proceedings the Collector is informed that the steps taken by him for the resumption of the Shrótriums, with reference to the views expressed by Government have the approval of the Board in the present instance. In future however he will act up to the Circular orders of the Board referred to by him. Mr. Dykes is requested to complete his inquiries regarding the arrears of Shrótrium villages up to Fasli 1270, and when furnishing the information called for in these Proceedings on the several points noticed, he will submit a list of all Shrótriums in Nellore, showing the balances at the end of Fasli 1270, on account of each Fasli and any collections subsequently made. This should be submitted to the Board with as little delay as possible, with the Collector's remarks and recommendation on each village.

11. Ordered that the foregoing Proceedings be submitted to Government, with reference to their Order, dated 24th December 1859, No. 1,762.

26th April 1860.	B. Venkataraya Baslu. - M. Kristnama charlu. - C. Subarayalu	The Shrotriemdars being present, & called on to take charge of their Shrotriem, have stated their willingness to take charge next year if the whole arrears be remitted, & refusing to take charge otherwise, Orders have been issued to resume the Shrotriem at the close of the Fasli, if the whole of the arrears are not paid up by that date, and the Shrotriemdars have been duly warned thereof. Their claim, for remission, on the ground that their Tank has been burst, is inadmissible.
26th April 1860.	K. Venkataroydu.	This Shrotriem was sequestered prior to 1255 Viz, in Fasli 1240, & is therefore entitled to a total remission of arrears. The Shrotriemdar being asked whether he is willing to take back the Shrotriem on the terms offered, states that he is willing from the 1st of the comming Fasli, & that he takes it, well knowing that the land will be finally resumed, should he fail in his agreement; on which terms the restoration of the Shrotriem is ordered.

They are informed that under the orders of Government no remission can be made for such reason & having been further allowed the option of paying the arrears in 2 instalments Viz. on the 30th June 1860 & 61, & having flatly refused, they have been informed that their Shrotrium will be resumed, if the arrears are not paid up at the close of the Fasli, & orders have been issued accordingly.

The Shrotriemdars admit the arrears, but urge that they have suffered from inundations, & consequently have not paid up their Kodi: The Shrotriem lands in question have been inundated by the tank of Varigonda, & the Government in their Proceedings of the 28th April 1860 have sanctioned in consequence a reduction of Rs. 80 in the Kodi- Deducting this reduction from the arrears, with rissums, leaves a balance of Rs. 140, which the Shrotriemdars agreeing to discharge by two instal=ments the offer is accepted, & the 30th June 1860-61 have been fixed & agreed to as the two dates respectively. The arrears in Fasli 1265 arise, it is stated, from Rs. 640-13-7 having been taken for the repair of the Nellore Tank the same being in excess of the proper share due, & paid because the Shrotriem was then under attachment. It has been paid it is urged for items remitted by Government. The balance of Rs. 314 is similarly objected to as attachment arrears. The Shrotriemdars, being present, refuse on behalf of themselves & other seven partners, being ten in all, to take back the village & orders to resume the Shrotriem at the close of the Fasli have been duly issued.

These Shrotriemdars on behalf of themselves, & the fourth shareholder, being absent, refuse to pay up existing arrears, being 682-11-0 by two instalments viz, at the close of the current fasli, & by the 1st January 1861.- They admit their fully understanding the orders of Government under date the 24th December 1859, & injury done by floods. The orders of Government in this respect have been fully explained to the Shrotriemdars, as laid down in Para 14, & their village they have been informed will be finally resumed on the 1st July, if the arrears have not been discharged in full by that date both current & past.

The Shrotriemdars being called on to pay up the arrears on their village of Rs. 1092-6-2, by 3 instalments, at the close of the Current Fasli, by the 1st January 1861 & by the close of fasli 1270, in behalf of themselves & the 4

												shareholder who is absent, refuse to undertake the payment thereof, & state that they are fully aware of the Government orders on the subject. They claim reduction of the Jodi for loss sustained by a channel dug in Fasli 1260, when the Shrotrium was under attachment & over which a bridge has been built, by which floods are thrown back & their lands injured. In Con. 25th June 1860, No. 3,059.

From J. W. B. DYKES, Esq., Collector of NELLORE,
dated Nellore 21st June 1860, No. 89.

With reference to the Proceedings of Government, dated 24th December 1859, No. 1,762, on the balances outstanding in the shrotriem villages of this district, I have the honor to state that no time was lost in commencing the requisite inquries; and, in submitting a statement showing the result of those inquiries up to this time, to express my regret at the length of time over which these inquiries have been protracted.

Villages.	
52	Principal division.
21	Sub-division.
73	

2. Taking both the principal and sub-divisions of the district, there were altogether 73 shrotriems, as noted in the margin, into the arrears of which inquiry had to be made.

3. Of the 52 villages in the principal division, the shrotriemdars of 34, or their legal representatives have now appeared before me; while, as regards 10 of the other villages, it has not been considered necessary to summon the shrotriemdars from their villages to secure the due realization, within the current Fasli, of the trifling balances now due by them to Government.

4. In the remaining 8 villages in the principal division the balances have still to be inquired into, which inquiry I propose carrying out as soon as possible, and the necessary information with regard to these villages, as well as with regard to the sub-division villages, shall be subsequently sent as soon as received.

5. From the statement herewith forwarded, it will be seen, from the column of remarks, that, of the 9 villages specially referred to in paragraph 14 of the above proceedings, the shrotriemdars of 6 villages, as noted in the margin, have already been examined, and 3 villages still remain to be disposed of. On the 6 villages examined into, the total arrears were Rupees 8,302-8-10, and on making known the liberal offers of Government as contained in clause 1 of paragraph 16 of the Proceedings under acknowledgment, for 3*** of the villages the offer was at once accepted, whilst in the other 3** villages, the shrotriemdars declined to receive back at all at the present rates of jodi, even though all arrears up to this date were remitted.

* Of this sum, the shrotriemdars agree to pay Rupees 95-11-2, the balance of Fasli 1267, but no question was put to the shrotriemdars by mistake for the balance of Fasli 1266. The shrotriemdars have been again ordered to attend for inquiry.

On 8 villages with collective arrears of Rupees 2,535-2-8, the shrotriemdars have agreed to pay up the arrears demanded if allowed sufficient time.

On 9 villages, as noted in the margin, with collective arrears of Rupees 4,706-8-5, the shrotriemdars have either positively refused to pay up at all,* or else have put forward claims for remission that could not be entertained.** And on† 11 villages with collective arrears of Rupees 5,878-1-11, the justice of the arrears having been denied, either wholly, or in part, inquiry has been ordered, or remission will be recommended, since the claims put forward by the shrotriemdars either came, or seemed to come, *prima facie*, within the scope of paragraph 14 of the Proceedings under acknowledgment.

7. When the shrotriemdars have come forward, and expressed their willingness to pay up arrears, if allowed sufficient time, it will be seen that I have shown them all proper indulgence. If they have come forward in good faith, they will, I believe, have no difficulty in keeping to the terms proposed and agreed to; and where the justice of the arrears has been denied, here again I have given a favorable consideration to all claims put forward by the shrotriemdars. But where I have observed any attempt to continue the hitherto system, of allowing arrears to run on, I have taken pains to explain to the shrotriemdars the determination of Government on the subject, and, in all important cases the shrotriemdars have been required to signify their intentions in writing, before myself and in the presence of witnesses, who have been generally, shrotriemdars themselves.

8. From the note No. 2 to page 277 of the Circular Orders of the Board, it would appear that Collectors under ordinary circumstances should submit, at the close of the Fasli, a list of defaulting shrotriemdars, with a statement of the balances, &c., prior to taking further steps in the matter. But acting on the Orders of Government, under acknowledgment, I have on this occasion issued final orders on each case. I have directed the immediate resumption of the several shrotriems at the close of this Fasli, should the arrears not be paid up, as now ordered; and should this course not meet the approval of the Board, I beg that I may be early informed thereof.

9. The number of villages to be thus finally resumed, as far as is at present known, is 12, as shown in the margin, and by the column of remarks in the accompanying statement, and the total arrears against these villages is Rupees 10,620-5-5. But from what I hear, it is probable, that the arrears on one of these villages at all events, will be duly discharged before the close of the Fasli, rather than let the favorable tenure be forfeited, and I am inclined to believe that the example thus set will be followed by others, when the shrotriemdars see that the practice hitherto, as regards arrears, is to be authoritatively put a stop to for the future.

10. In addition to the arrears on the 73 villages of which the details have now been given, there are further arrears still standing to the extent of Rupees 1,138-9-3 on the late shrotriem of Tummagunta, which was finally resumed in Fasli 1266, under the Orders of Government, dated 25th November 1856, and for permission to write off these arrears as well as the arrears on the shrotriems now inquired into, application will be made when the inquiry has been brought to a close.

11. I must further add with regard to one* of the 8 villages, the shrotriemdars of which have agreed to pay up all arrears, as demanded, a mistake has been made, and the arrears for Fasli 1266 not having been demanded at the inquiry, the shrotriemdars have been re-summoned, and the final result with regard to this village will be communicated subsequently. A similar mistake was made with regard to Venkanapuram; but the Shrotriemdars having refused to meet even the arrears demanded, further inquiry in respect to this village has become unnecessary.
