Proceedings of the Madras Government, Revenue Department, 2nd February 1861.

No. 20. Read the following Proceedings of the Madras Government in the Military Department, dated 23rd January 1861, No. 287 :—

Desiring that a certain piece of land at Perambore be taken under Act VI of 1857. } (Vide Military Proceedings, 23rd January 1861, Nos. 467, 468.)

No. 21. ORDER THEREON, 2nd February 1861, No. 266.

1. Resolved accordingly that the following declaration be made and recorded under Section 2 of Act VI of 1857.

" Whereas a certain piece of land at Perambore, Madras District, measuring about 2,750 square feet and stated to belong to one Ratnála Venkataswámi Náyudu, is required for the construction of a Latrine, for the use of the men of the Regiment located at Perambore, the Governor in Council in the exercise of the authority vested in him by the provisions of Act VI of 1857, does hereby declare the said ground to be land required for a public purpose."

2. The Governor in Council also resolves under Section 3 of the said Act, to direct Mr. B. Cunliffe, Collector of Madras, to take the necessary measures for the acquisition of the said land, and to adjust the claims to compensation on account of it in the manner provided by the Act.

(Signed) J. D. BOURDILLON,
Secretary to Government.

MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter:—

From the Chief Engineer, Department Public Works, Chepauk, 16th January 1861, *No.* 8909; *to the Acting Secretary to Government, Public Works Department.*

Enclosures 6.

1 *Letter from the District Engineer Presidency, No.* 1184, *dated* 15*th October* 1860.
1 *Copy of letter from the Collector of Madras, No.* 133, *dated* 25*th September* 1860.
1 *Letter from the District Engineer Presidency, No.* 1533, *dated* 3*rd December* 1860.
1 *Do. No.* 1655, *dated* 21*st December* 1860.
1 *Estimate.*
1 *Sketch.*

6

I have the honor to forward a Sketch Plan and an Estimate, amounting to Rupees 460, for constructing a Latrine for the use of the men of the Regiment located at Perambore.

2. In his letter No. 1184, dated 15th October 1860, the District Engineer Presidency forwarded a copy of a communication from the Collector of Madras requesting authority for taking possession of the piece of ground at Perambore on which it is proposed to erect a Privy for the Regiment stationed at that place, as directed by Government in their Proceedings No. 1607, dated 27th July 1860.

3. The ground in question, shown in the accompanying Sketch, belongs to one Rutnala Vencatasawmi Naick and measures 2000 square feet; and adjoining it there are some 750 square feet belonging to the same individual, which is also recommended by the Collector to be purchased, as it will be useless to the Proprietor. The two pieces of ground, it is stated, can be obtained for about 40 Rupees, but as the Proprietor is absent from Madras and no arrangements can be made till his return, the Collector is of opinion that Act VI of 1857, should be enforced in this case if the ground is required immediately.

4. The Estimate which has been approved of by the Barrack Master, having been duly examined in this Office, and Government, in their order above quoted, having authorized the erection of the Privy on emergency, I have to request that it may be sanctioned for immediate execution from the general fund at the disposal of the District Engineer Presidency, and that authority may be granted for obtaining possession of the land by means of the Act above referred to.

ORDER, No. 287, 23*rd January* 1861.

With the foregoing letter the Chief Engineer submits an Estimate for constructing a Privy at the Perambore Lines, and requests authority for the ground required for the purpose, being taken over for Government under Act VI of 1857.

2. The Governor in Council observes that the Order of Government recorded as per margin, dated the 19th of July 1860, directed the *immediate* erection of a suitable Privy on the established Plan, for the use of the men and followers of the Regiment occupying the Perambore Lines—the papers recorded in those Proceedings sufficiently exhibit the emergency of the case.

Proceedings of Government, No. 2620.

3. By the correspondence now submitted, the Governor in Council observes that the Collector of Madras in his letter dated 25th September last, was prepared to secure and hand over the site required in about 20 days from the date he might receive orders on the subject.

4. From that date (25th September 1860) nothing further appears to have been done as regards the requisition of the land, beyond a resolution passed by the Deputy Chief Engineer Centre Circle on the 20th of December 1860, apparently without reference to what had gone before. The Chief Engineer in laying the Estimate before Government, affords no explanation of the delay that has taken place, but merely asks for sanction to the immediate execution of the work, which had already been granted in the order above quoted.

5. The Governor in Council directs that the Chief Engineer may be called upon, through the Public Works Department, to submit an explanation of the prolonged delay that has occurred in carrying out the Orders of Government in this instance.

6. The necessary orders will be issued in the Revenue Department for the Provisions of Act VI of 1857, being complied with, in view to the ground in question being taken over for Government purposes—and the work will then be proceeded with without any further delay.
