Captain J. L. Pearce
Secretary to the Commissioner.

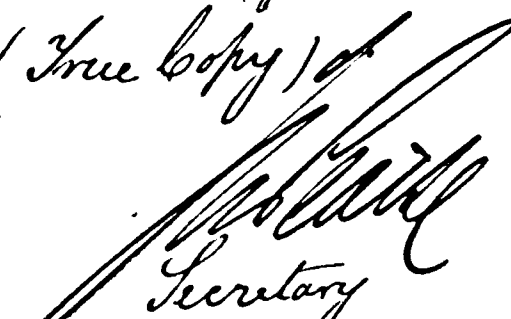

Sir,

I have the honor to forward, for submission to the Commissioner, a copy of the Banarase Dialogues on Revenue matters &c by S. B. Krishnaswamy Iyengar lately printed at the Government Press.

I am of opinion that they form a volume of great value to all who are studying the language. The subjects introduced are all of practical utility; and the style is as simple and familiar as possible while the interlinear English translation is so exactly literal as to secure attention to the different idioms of the two languages and thus enable the learner to conquer the greatest difficulty he has to surmount.

I have the honor to be &c.
