*Proceedings of the Madras Government, Revenue Department,
23rd February 1861.*

No. 347. Read the following Proceedings of the Board of Revenue, dated 28th January 1861,
No. 469:—

Read letter from the Collector of Vizagapatam, dated 10th December 1860, No. 1,280.
(In Cons. 18th December 1860, No. 6,655.)

1. Submitted for the information of Government,
In Cons. 11th April 1860, No. 1,640. with reference to their Order, dated 5th April 1860,
No. 547.

2. It will be observed that the facts represented in the papers formerly submitted are borne out by the reports of the Engineer Department, with the exception that there is a Choultry within a shorter distance from Nakkapilli than was supposed by the founder of that for which endowment is now sought.

3. Considering the great expense which has been incurred in the construction of the Choultry, and the extent of accommodation it provides for all classes, though not in the proportion prescribed by the Rules, the Board beg to repeat their recommendation that sanction be granted for the assignment of waste land of the value of 60 Rupees per annum as an endowment for the purpose of maintaining the building in repair, the land being selected from the waste in the Government Taluq of Sarvasiddi.

(A true Extract.)

(Signed) W. HUDLESTON, *Sub-Secretary.*

Ordered that the following letter be despatched.

No. 348. From J. D. BOURDILLON, Esq., Secretary to the Government of Fort Saint George, to the Secretary to the Government of India, dated 23rd February 1861,
No. 431.

SIR,

1. I am directed to submit for the favorable consideration of the Government of India an application for the grant of waste land, bearing an annual assessment of Rupees 60, in endowment of a choultry lately erected at Nakkapilli, in the Vizagapatam District, and on the high northern road, between Yellamunchilli and Tuni, by one Muttumari Sanyasi Chetti, an inhabitant of Madras.

*Board's Proceedings 28th January 1861, No. 469,
with enclosures and plans.*

2. The accompanying papers and plans show that more than 10,000 Rupees have been expended on the building and its out-houses, wells, &c. The accommodation for all classes is ample, and the traffic along the road being considerable, I am to express a hope that the grant solicited may be sanctioned, though the rules for the construction of choultries in general have not been fully acted up to in this case, inasmuch as the building itself is not in accordance with the established plan, nor was the previous sanction of the Board of Revenue obtained for its erection. There is also another choultry within the prescribed limit of ten miles. These objections are, under the circumstances, of no great moment, and the spirit of the rules having been complied with, are insufficient as reasons for declining to forward the application for sanction.

3. It is proposed that the assignment of land should be selected from the waste lying in the Government Taluq of Sarvasiddi.

IN CON. 18TH DECEMBER 1860, No. 6,655.

From E. G. R. FANE, Esq., Collector of VIZAGAPATAM,

dated Vizianagrum, 10th December 1860, No. 1,280.

Referring to the Proceedings of Government, dated 5th April 1860, No. 547, forwarded with the Board's Order, No. 1,808 of the 14th idem, I have the honor to forward * Sent separately. herewith plans* and estimate of the Suttrum at Nuckapilly, prepared by the Engineer's Department. The probable cost of the buildings is set down at Rupees 10,202-8-3, exclusive of superintendence, but if the usual 10 per cent. for that were added, the cost of the edifice, the District Engineer says, would be Rupees 11,222.

2. The accommodation afforded, as shown by the plan, is for Christians and Mahomedans 532 square yards, for Bramins and other Hindus square yards 2,622; the lower orders, such as Pariahs, are intended to be accommodated in the Mahomedan portion of the building, and no separate part was allotted to them.

3. At present there are two other Suttrums on the trunk road one at Gumalur six miles, and another at Yellamunchilly 13½ miles from Nuckapilly, but from Mr. Supervisor Bevan's report it is understood that neither of these furnish the same amount of accommodation as the one at Nuckapilly does.
