No. 280. Read the following letter from W. HUDLESTON, Esq., Sub-Secretary to the Board of Revenue, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated 4th February 1861, No. 611 :—

SIR,

With reference to paragraph 3 of Extract Minutes Consultation dated 6th June 1843, Revenue Department, No. 596, I am directed by the Board of Revenue to submit for the orders of Government the accompanying General Estimate of charges proposed to be incurred on account of additional Establishments in the 11 Districts, marginally indicated, of this Presidency in Fasli 1270, amounting to Rupees 41,496¾ and falling below the Estimate for the same Districts in the previous Fasli by Rupees 4,187¼.

In Cons. 19*th June* 1843.

Ganjam.	*Tanjore.*
Vizagapatam.	*Coimbatore.*
Godavery.	*North Canara.*
Nellore.	*South Canara.*
Bellary.	*Malabar.*
Madras.	

2. The above decrease is principally owing to the discontinuance of the Establishments employed in the Godavery District for the Baharjalli and Nedadavole Parganás, in consequence of these two Estates having been made over to the Zamíndár ; and to the abolition of the situation of an Inkmaker in Bellary, and of a Shroff and Lecavut in South Canara.

3. The only Districts in which a net increase of charges occur are Ganjam, Madras, North Canara and Malabar. In Ganjam the increase is owing to the entertainment of an additional Gumáshta, and a larger number of measurers for the Salt Department, consequent on the proposed extension of the Salt manufacture during the current Fasli. In Madras, the increase is caused partly by the employment of an additional English Writer and Translator, sanctioned by Government in their Proceedings dated 12th December 1859, Revenue Department, No. 1,678, for the Salt Department, pending the revision of the Salt Establishment, and partly by a small Establishment required for the effective superintendence of the Salt Pans, added in the recent distribution to the Voyalúr Division. In North Canara, the increase arises by the Establishment usually allowed for the Canara District for destroying wild elephants being estimated for in this new District also, and, in Malabar, the increase is attributed to the additional Gumáshtás required to complete the translation of the Allavu Paimáish accounts. It is presumed that the amount entered in the Collector's Estimate on this account is included in that sanctioned by Government in their Proceedings dated 11th January 1861, Revenue Department, No. 82.

In Cons. 13*th December* 1859, *No.* 6,199.

In Cons. 15*th January* 1861, *No.* 281.

4. The only District in which extra Settlement Gumáshtás are asked for, is the Godavery. The Collector states that the amount entered in the Estimate was apportioned to his District by the Collector of the Kistna District out of Rupees 320 sanctioned for Masulipatam for temporary Gumáshtás. Without further explanation of the necessity for this extra aid the Board see no reason to recommend it for sanction on this occasion.

5. For the reasons given in this letter and in the remarks in the last column of the General Statement, the Board of Revenue recommend that the aggregate amount of Rupees 41,497 be sanctioned for the several Districts shown above.

6. The Estimates for the remaining Districts will be submitted as soon as received.

No. 281.

ORDER THEREON, 15th March 1861, No. 607.

1. The Board of Revenue submit for sanction Estimates of Extra Establishments to be entertained during Fasli 1270 in several Districts. The following is an abstract of the cost proposed:—

2. One of the objects of the simplification of the Village accounts and of the revision of Establishments by Mr. Pelly, was to avoid the temporary Establishments formerly employed in almost all Districts from time to time. The Land Revenue Establishments both Húzur and Táluq have been revised, though the latter have yet to be introduced in some of the Districts simultaneously with the new Police.

Madras	442
South Canara	329
Malabar	1,300

3. In the present papers temporary Establishments under this head are proposed in the five Districts noted in the margin. Of these the new Police, and therefore the revised Táluq Establishments, have not been introduced in Godavery alone. Nearly the whole of the charge proposed for this District appears to consist of the so-called temporary Establishments hitherto employed for the management of certain Táluqs of the late Masulipatam District, transferred to Godavery in 1859; it will therefore be sanctioned pending the introduction of the revised Revenue Establishment.

4. The other items noted in the margin* will be disallowed till sufficient explanation is afforded for their necessity through Mr. Pelly.

5. The sum of Rupees 800 entered in the Malabar Estimate for completing the translation of the Allavu Paimáish accounts will also be excluded; as sanction has already been granted for Rupees 1,500 on the same account in the Order of Government dated 11th January 1861, No. 82.

6. The Salt, Sea Customs, Ábkári and Miscellaneous Establishments* under which heads no unnecessary increase appears will be sanctioned. The Police Establishment for Madras amounting to Rupees 69 will be disallowed till explanation as to its necessity is submitted through Mr. Pelly.

7. With the foregoing remarks the Government grant sanction for Rupees (39,348) thirty-nine thousand, three hundred and forty-eight.

8. The Government observe that these Estimates are submitted after fully seven months of the Fasli for which they are required have expired. In their Orders quoted in the margin the Government pointed out the importance and necessity of the submission of these Estimates sometime before the commencement of the Fasli. In the first of these Proceedings they remarked that should the Estimates continue to be submitted so unpunctually, the Government would be compelled to pass a positive rule that no extra charge whatever should be incurred until their sanction for it should have been obtained by the Collector; but the marginal table shows that no improvement has taken place and that that Order has been forgotten. The dates of the letters of the Collectors are not given in the margin of paragraph 1 of the Board's present letter as is generally done. The Board will now enjoin on Collectors the early submission of such Estimates for the future.

2 One of the ~~chief~~ objects of the simplication of the village accounts and of the revision of Establishments by Mr. Pelly was to avoid the temporary Establishments formerly employed in almost all Districts from time to time. The Land Revenue establishments both Huzur and Taluq have been revised, though the latter have yet to be introduced in some of the Districts simultaneously with the new Police.

3. In the present papers temporary establishments under this head are proposed in the five Districts noted in the margin. Of these the new Police and therefore the revised Taluq Establishments have not been introduced in Godaverri alone. Nearly the whole of the charge proposed for this District appears to consist of the ~~Locally~~ temporary establishments ~~hitherto em~~ployed for the management of certain Taluqs of the late Masulipatam District, transferred to Godaverri in 1859; it will therefore be sanctioned pending the introduction of the revised Revenue Establishment.

a positive rule that no extra charge whatever should be incurred until their sanction for it should have been obtained by the Collector, but the marginal table shews that no improvement has taken place and that that order has been forgotten.

The dates of the letters of the Collectors are not given in the margin of para 1 of the Board's letter as is generally done. The Board will now enjoin on Collectors the early submission of such Estimate for the future.

The Collectors of the Districts noted in the Margin have lost sight of the order of Government of 31 March/56 No 347
