No. 183. Read the following letter from C. PELLY, Esq., Member of the Board of Revenue, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 28th March 1861, No. 819:—

SIR,

1. In the Order of Government, dated 17th January 1860, No. 79, paragraph 5, I was directed to settle the boundary between the Districts of North Arcot and Chingleput, in communication with the Collectors of the two Districts, and report the result for the approval of Government.

2. After several communications* with the Collectors, I have now the honor to submit for the approval of Government a proposition† made by the Collector of North Arcot, and assented to by the Collector of Madras, for the final settlement of the boundary between the Talúqs of Wallájah in the North Arcot and of Streeperambattúr in the Madras Collectorate, and which, under the explanation given by Mr. J. Robinson, appears the best arrangement that can be made.

3. The new boundary line is shown on the accompanying sketch; all the villages to be transferred are clearly laid down on it, with the exception of one village, Vélur, the position of which has not yet been clearly ascertained. The Madras villages are written in red ink; those on the western side of the boundary are to be transferred to Arcot. The villages of North Arcot are written in black ink, and those found on the eastern side of the boundary will go to Madras.

Paragraph 5, Mr. Robinson's letter, 22nd March 1861.

4. There will be thus twenty villages to be transferred from North Arcot to Madras, and twenty-two villages (besides Companipettah, a hamlet of Mélpaukum) from the latter District to North Arcot. The total amount of Revenue of these villages is nearly the same, viz., about 23,000, Rupees in round numbers. The villages are entered in the accompanying two lists A and B, and if the exchange is approved of by Government I beg to request that notification of the same may be published in the "Fort Saint George Gazette."

No. 184. ORDER THEREON, 11th April 1861, No. 813.

1. An Order of January 17th 1860, No. 79, directed Mr. Pelly to settle, in communication with the Collectors, the boundary between Wallajápetta Táluq of North Arcot, and Streeperambattúr of Madras. He has accordingly been in correspondence with the Collectors, and he now submits a plan which is concurred in by both those Officers and has his own approval.

2. The villages of the two Districts are very much intermingled at this part of the boundary; some belonging to each District being far away from the general frontier line and completely surrounded by villages of the other District. This is well shown in the map sent up by Mr. Pelly, in which the names of the North Arcot villages are in black ink, and those of the Madras villages in red ink. The proposed new boundary line is as nearly straight as it could well be without disturbing the boundaries of villages, which would be undesirable. The proposal gives twenty villages to Madras, and twenty-two and a hamlet to North Arcot; the revenue of the transferred villages is stated to be about equal on both sides, viz., about 23,000 Rupees.

3. The proposed arrangement has been arrived at after much care and consideration, and it appears to be as good as could be devised. The Government approve and sanction it, and direct that the names of the transferred villages be published in the Gazette with the usual notification. The proofs of the lists will be sent to Mr. Pelly's Office for careful correction.

Secretary to Government.
