Proceedings of the Madras Government, Revenue Department,
15*th April* 1861.

No. 222. Read the following letter from G. N. TAYLOR, Esq., Inám Commissioner, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Palmanér, 4th April 1861, No. 17:—

SIR,

Referring to paragraph 12 of the Order of Government, dated 20th March 1861, No. 656, on the proposed settlement of the Ináms in the Kangundi Polliem of North Arcot, I have the honor to solicit further instructions in regard to the limitation to be placed on the term *present Poligár*; as I do not feel certain whether the restriction refers to grants made by the Poligár now in possession, who succeeded to the Polliem about ten years ago, or to grants made by the Poligárs after the British assumption of the country, as distinguished from those who were in authority under the former Governments. The wording of the last part of the paragraph leads to the belief that Government intended to show greater consideration to the claims of the Poligár in this respect than was recommended by me. But from paragraph 20 of my letter it will be observed that I proposed not to interfere with Ináms granted by the Poligár subsequent to Captain Graham's survey of Fasli 1205, when the first registration of the Ináms was made, where the grants were not directly or indirectly in substitution of older grants resumed. It may be the opinion of the Government that as the present Poligár has had the benefit of resumptions made subsequent to Fasli 1205, he cannot claim an interest in the Ináms newly given during the above period, excepting those that were given by himself during the last ten years. On the other hand, the Poligár may urge that his ancestors resumed for the most part only Military service Ináms. These points have no doubt already received the consideration of Government, the object of the present letter is to obtain for my guidance more explicit instructions in regard to the proposals made by me in paragraph 20 of my former letter, which probably escaped notice from the circumstance of their being inadvertently made to follow, instead of precede, the remarks in paragraph 19.

No. 223. ORDER THEREON, 15th April 1861, No. 833.

The Inám Commissioner will act on the proposal contained in paragraph 20 of his letter of December 6th 1860, viz., Ináms granted by the Kangundi Poligár subsequently to Captain Graham's survey, will not be interfered with, except where, directly or indirectly, in substitution of older Ináms resumed.

(Signed) J. D. BOURDILLON,
Secretary to Government.

notice from the circumstance of their being inadvertently made to follow, instead of precede, the remarks in Para 19.

I have the honor to be,
Sir,
Your most obedient servant
