Proceedings of the Madras Government, Revenue Department, 27th January 1862.

Read the following papers:—

No. 218.

From Lieutenant R. H. BEDDOME, 1st Assistant Conservator of Forests, to the Secretary of Government, Madras, dated Clapham Common, 22nd November 1861.

1. I proceeded to England on fifteen months' sick leave retaining my Staff appointment, under medical advice I am induced to get it extended to eighteen, as it is important that I should get the Winter months in this climate. At the India House I have been directed to apply to you and to the head of my Department for the guarantee of my appointment, they state that they grant me the leave, but that your Government alone can give the guarantee, at the same time they inform me that it has in no case been refused since the twenty months' sick leave have been sanctioned in orders.

2. I may here state that I was compelled to leave India from a violent attack of jungle fever, contracted whilst in discharge of my duties in the Forests, and when I was otherwise in robust health, and that the extra months of Winter are considered important in eradicating the fever.

3. I have written upon the subject privately to the Chief of my Department, Dr. Cleghorn, the Conservator of Forests.

ORDER THEREON, 14th January 1862, No. 10.

Referred to the Controller of Military Finance for report.

(True Extract.)
