Proceedings of the Madras Government, Revenue Department, 28th May 1862.

No. 529. Read the following letter from G. N. TAYLOR, Esq., Inám Commissioner, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Vellore, 12th May 1862, No. 30:—

SIR,

1. With reference to the Order of Government, dated 26th April 1862, No. 899, I have the honor to submit a list of the Deputy Collectors still in this Commission, of whom there are only twelve besides the two Special Assistants. I have added the names of my Manager and his Deputy who are Officers of high character and ability, and whose claims may be considered by the Board of Revenue deserving of consideration.

2. Although the merits of the Inám Deputy Collectors have been fully recognized by the Government, I deem it my duty in the interest of these Officers to offer a few remarks explanatory of their position as regards the public service generally, and of their special claims to the consideration of Government.

3. In view of the very great responsibility which would devolve upon the Deputy Collectors of this Department, it was determined on the first organization of the Commission, as will be seen on reference to the Order of Government dated 14th June 1859, No. 784, to select the best and most qualified Officers of the Uncovenanted Service for these appointments. Accordingly some of the most distinguished of the Deputy Collectors, who already stood appointed to different Districts and some of those who were nominated in the original list submitted by the Board of Revenue, were first selected for the Commission. Of the former Officers there remain only my two Special Assistants, and of the latter the three Deputy Collectors at the head of the present list: and if the Government will refer to their Order dated 17th June 1859, No. 804, on my letter of the 16th idem, they will perceive that these last Officers were appointed on the understanding that they then formed part of the general Staff of Deputy Collectors; two of them were strongly recommended by the Board of Revenue, and the third had even higher qualifications, and their claims were preferred by the Government to others in the Board's list who were subsequently appointed.

4. Ayalu Naidu, No. 4 in the present list, was one of a few Deputy Collectors who were afterwards appointed to the General Department, and his services were then transferred to the Commission in consideration of his superior qualifications. (See "Fort Saint George Gazette" 5th August 1859). The several Deputy Collectors from 5 to 12 were with two exceptions selected from the second batch of candidates recommended for these appointments by the Board of Revenue and the Court of Sadr Událat. The printed list was sent to me by the Honorable the Governor with this view, and the appointments in the General Department were filled up from those that remained after my selection was made. All these Officers with the exception of Nos. 11 and 12 entered the Inám Department on the assurance that they belonged to the general class of Deputy Collectors, and though the exigencies of the service required that the original number of Deputy Collectors should be increased, it was intimated to me that they should not suffer on that account, but that, on the contrary, their selection for the Inám Commission would always be regarded as a marked distinction in their favor.

Fort Saint George Gazette, 29th July 1859.

5. Such is the position of the Deputy Collectors in this Commission, and it only remains for the Government to consider whether, under the circumstances above set forth and with special reference to their selection in the first instance from three successive batches of Officers recommended for Deputy Collectors in the General Department, the members of this Commission have not a preferential claim to be provided with these appointments over other candidates who now come forward for the first time.

6. In regard to the period when their services can be dispensed with, it will be seen that Muttusámi Aiyar and Ayalu Naidu will be available within a month or two. The others, with one or two exceptions, are now engaged on their last work, which cannot, however, be completed in less than from six to ten months. As the period is not very distant when the whole of them will be available for general duty, I would again respectfully suggest, with reference to my

letter of the 22nd February 1861, and the Government Order thereon, dated 25th March 1861, No. 697, that the best of them be nominated to vacancies among the Deputy Collectors as they occur, others being appointed for them till they are relieved.

7. As it may be desirable to print the accompanying list in the Government Office, I have not forwarded it direct to the Sadr Court or to the Board of Revenue.

No. 530. ORDER THEREON, 28th May 1862, No. 1,191.

1. The Government do not see the necessity of this communication, the subject having been fully considered in their Order of the 25th March 1861.

2. The Acting Commissioner will forward copies of the list, adding to it the names of the two Special Assistants, to the Sudr Court and Revenue Board.

(Signed) J. D. SIM,
Secretary to Government.
