Proceedings of the Madras Government, Revenue Department, 13th June 1862.

No. 197. Read the following Proceedings of the Board of Revenue, dated 28th May 1862, No. 3,456 :—

Read the following letter from Æ. R. McDONELL, Esq., Collector of Trichinopoly, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Madras, dated 30th April 1862, No. 63.

SIR,

1. Adverting to the Proceedings of the Board of Revenue, No. 5,273, dated the 30th of September last, I do myself the honor to inform you that the Superintendent of the Government Gazette Press has notified to me the arrival from England of the Columbian Press intended for the use of this Collectorate, and he has begged me to at once remit the sum of Rupees 598-3-4, being its cost.

2. There is a balance only of 250 Rupees to the credit of the Press fund, so that it is wholly impossible to meet this demand. When I begged the Board to allow me an Iron Press for this District, I made the application fully believing that the Press would be supplied free of all cost, as was done in other Districts on the first Establishment of Printing Offices; it must be borne in mind that an Iron Press has never yet been furnished to this Office, and that the wooden one originally supplied, was never equal to the requirements of the District, and is now in very bad condition.

3. Under these circumstances I request that the Board will be good enough to obtain the sanction of Government for the payment of the price of this Iron Press from the Public Funds, viz., 598-3-4, as all money realized by the working of the Press is in future to be carried to the credit of General Funds, and as the placing of the Printing Establishment in an efficient condition is to the interest of Government, I trust that my present request may be complied with.

Ordered to be submitted to Government, with the Board's recommendation that sanction be granted for the sum of Rupees 598-3-4, being the cost of the Columbian Press intended for the use of the Trichinopoly District. As the District has never been furnished with an Iron Press, the charge appears absolutely necessary. It can be met from the provision made in the Budget for 1862-63 on account of "10 Miscellaneous" amounting to Rupees 4,615.
