Proceedings of the Madras Government, Revenue Department, 14th June 1862.

No. 204. Read the following Proceedings of the Board of Revenue, dated 26th May 1862, No. 3,382 :—

Read the following letter from J. FRASER, Esq., Acting Collector of North Arcot, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Madras, dated Palmanair, 7th May 1862, No. 81.

SIR,

1. In explanation of the delay noticed in the Board's Proceedings, dated 7th March last, No. 1,525, I have the honor to state that the Inámdár deferred laying claim for compensation till the month of August 1860, viz., about five years after the appropriation of the land in question.

2. The information received from the Táluq being incomplete, the necessary statistics were after a further reference finally submitted by the local officer in January 1861.

3. Mr. Robinson's report to the Board on this subject is dated 1st October 1861, so that there was a delay of about seven months at the Hoozoor.

4. Under the instructions of the Board contained in paragraph 3 of their Circular, dated 14th June 1855, page 73, several cases of compensation being required to be included in one form, the case under notice was allowed to lie over in expectation of some others of the kind occurring under the impression that it was applicable to all Ináms.

5. The fact that compensation for land was claimable became generally known to the people only from the time when compensation on account of the lands taken for the Railway came to be largely granted. Thus some claims of past years are now coming in, and some old ones also have been recognized by the Board and Government.

In Cons. 6th March 1862, No. 1,308. Ordered to be submitted for the information of Government, as directed in paragraph 2 of their Proceedings, No. 472, dated 4th March 1862.

(A true Copy and Extract.)

(Signed) W. HUDLESTON, *Secretary.*

No. 205. ORDER THEREON, 14th June 1862, No. 1,309.

Ordered to be recorded. The Collector should have noticed in his original report the delay of the Inámdár in coming forward to claim compensation. It is an important consideration and might have influenced materially the decision of Government.
