Proceedings of the Madras Government, Revenue Department, 16th June 1862.

No. 226. Read the following Proceedings of the Madras Government in the Public Works Department, dated 16th May 1862, No. 1,057 :—

Communicating letter from Deputy Chief Engineer, Northern Circle, in view to its being determined whether, considering that the cost of levelling the rampart and filling up the Fort ditch at Karnool will far exceed the value of the building sites rendered available by the demolition, it would be desirable to incur the expenditure on sanitary grounds.

(Vide Public Works Proceedings, 16th May 1862, Nos. 334, 335.)

No. 227. ORDER THEREON, 16th June 1862, No. 1,320.

The Government are not inclined to incur so large an outlay as that which appears to be necessary.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Lieutenant-Colonel S. O. E. LUDLOW, Deputy Chief Engineer, Northern Circle, to Lieutenant-Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Chepauk, 15th May 1862, No. 305/K-97.

SIR,

1. I have the honor in accordance with the Order of Government No. 754, dated 4th April 1862, to forward a letter dated 2nd instant, No. 12, with its accompaniments from the Acting District Engineer Kurnool, relative to the cost of levelling the rampart and filling up the ditch of the Fort of Kurnool.

1 Letter from District Engineer Kurnool. No. 12, dated 2nd instant.
1 Section.
1 Sketch.

2. It appears from this communication that the cost of this work will greatly exceed the value of the building sites rendered available by the demolition, the expectation therefrom that the outlay would be more than recovered will not be realized.

3. Unless, therefore, individuals can be induced, as suggested by Mr. Thornhill in paragraph 7 of his No. 36, to undertake the levelling, in return for the fee simple of ground, the work can only be executed at a heavy cost to Government, and whether it is worth while or not to incur such outlay must depend upon the amount of sanitary advantage which the work will secure, on which point it would seem most proper to consult the Medical Officers.

Proceedings of Board of Revenue, No. 1,111, dated 17th Feb. 1862.

ORDER THEREON, 16th May 1862, No. 1,057.

Communicated to the Revenue Department with reference to the Orders in that Department, No. 754, dated 4th April 1862, in view to its being determined whether, considering that the cost of levelling the rampart and filling up the Fort ditch at Kurnool will far exceed the value of the building sites rendered available by the demolition, it would be desirable to incur the expenditure on sanitary grounds.

If you can take down the Rampart and build
houses with the materials the ventilation will be greatly
improved - render it healthy one that the Convicts
can well live & work in the Town and the
Rampart will not affect this - I shall return
the results expected with my report
