*Proceedings of the Madras Government, Revenue Department,
18th June 1862.*

No. 271. Read the following letter from Captain R. H. BEDDOME, Officiating Conservator of Forests, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Camp Nala Mallays, 23rd May 1862, No. 16 :—

SIR,

1. With regard to the Order of Government dated 15th of May 1862, No. 1,067, I have the honor to report that I consider that the Officer in charge of the Mudumallai and Segoor forests is well able to supervise the Conservancy of the Neilgherry Sholas. There are two Overseers in charge of the operations, and I was never of opinion that a separate Officer was required for this range.

2. I cannot however recommend that the Nellumboor plantation shall also be placed under this Officer, it is situated on the very opposite side of the Neilgherry mountains, and would necessitate that Officer being absent from his own range for a lengthened period. This plantation has now been placed under a trained Forester, and, I do not think, that it will require more supervision than the Conservator himself will be able to give it, in his periodical tours. The operations are simple compared to our forest ranges, and consist almost entirely of planting and thinning. I shall be visiting it shortly, and if I then find that more will be required, I shall be able to report fully upon what I consider necessary.

No. 272. ORDER THEREON, 18th June 1862, No. 1,343.

1. The Governor in Council concurs with Captain Beddome and directs that the Neilgherry Sholas be placed under the Officer in charge of the Segoor and Mudumallai Forests.

2. The Nelumboor Forest will remain as at present under the Forester and Collector.

3. The arrangement sanctioned in paragraph 1 will cause an annual saving of Rupees 10,091, being the Staff allowance and Military pay of Major Babington, whose services will be replaced at the disposal of His Excellency the Commander-in-Chief.

(Signed) J. D. SIM,
Secretary to Government.

This agreement with me whether we count anyone. I do not after the
Neddying Sholar. They contain no timber, properly so called and
are only counted for firewood - what the Madamully Seegoor
forests what timber do they contain? What is the value of timber
which the establishment ~~for~~ and the return of timber
come from there. JDD

If the Govt. concurs
with Capt. Weddome, the Neil
Sherry Sholas will be placed under
Major Morfau, and Major Ma-
brington's services will no longer
be required. This will cause
a saving to the Department of
rather more than 10,000 Rs annually.

Major Babington is a
Staff Corps officer & will probably
be willing to serve on his Staff.
Corps pay - Rs. 640 - without the Con-
vance allowance of Rs. 200 - In
that case the Forest Dept. will
still be debited with the former
sum of Rs. 76.80 per annum while
the Revenue is estimated at only
Rs. 5000. He must get his Staff
Corps pay wherever he is, but

It cannot be expected
that for this reason the
Civil Budget should be
saddled with it - es-
pecially as his services
are not required by
the Civil Dept.
