(Signed) P. P. HUTCHINS,
Acting Deputy Secretary to Government.

MARINE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of Government in the Revenue Department.

Referring to the Collector of Madras for information as to the conditions on which permission was granted for the erection of the 4 Coal Godowns proposed for sale by the P. and O. Company. (Dated 5th February 1862, No. 208.)

Referring letter from the Collector of Madras, stating that the Coal sheds of the P. and O. Steam Company erected on the Esplanade would appear to be removable at the pleasure of Government under their Resolution, dated 24th September 1850. (Dated 10th April 1862, No. 809.)

ORDER THEREON, 10th June 1862, No. 145.

The late Acting Agent of the P. and O. Steam Navigation Company in his letter of the 9th November last, applied for permission either to sell or sublet four Coal sheds which have been erected on Government ground at Royapooram.

2. The Chief Engineer and the Superintendent of Marine to whom the Agent's application was referred, have recommended that the Government should have the first option of purchasing or renting the sheds in question. Colonel Horsley suggests that one of the sheds should be purchased or rented for the purpose of storing away the Coke which is from time to time received for the use of his Department, and Mr. Franklin proposes that one, if not two, of the sheds should be purchased as stores for Coal belonging to Government.

3. It appears from the letter of the Collector of Madras, under date the 14th March last, and from the correspondence which took place when permission to erect the sheds now under notice was granted by Government, that that permission was given subject to the condition that the P. and O. Company should remove the sheds at any time that the Government might require them to be removed. Subsequently, the Company's Agent was allowed to enclose the North side of the Coal sheds by a palisading and to open a way of access to the street through the Town Wall, he engaging to reclose the opening and to restore the wall to its original condition should it ever be considered necessary by Government.

Extract Minutes Consultation, 24th September 1850, No. 858, Public Department.

4. His Excellency the Governor in Council sees no objection to the sale or rental of the sheds or of such of them as may not be required for Government purposes, subject to conditions similar to those on which their erection was originally authorized, viz., that the owner shall be bound to remove them at any time in the event of the Government requiring it. The Chief Engineer and the Superintendent of Marine will ascertain from the Agent on what terms the Company will be prepared to sell the sheds which they require for their respective Departments, and will thereupon submit definite propositions for purchasing them, stating from what funds the cost can be defrayed. The Agent to the P. and O. Company will be at liberty to sell or sublet the remaining shed or sheds subject to the conditions above laid down.
