

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No. 1362	Press
309-310	Mis.
Dated 20-6-1862.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
20th June 1862.*

No. 309. Read the following letter from Major F. J. B. PRIESTLEY, Superintendent Revenue Survey, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 9th June 1862, No. 448 :—

SIR,

1. In obedience to the order of Government, under date 17th February 1862, No. 339, I have the honor to state that the instruments* referred to have hitherto been provided from the Mathematical Instrument Manufactory, Calcutta, and as they form but a small portion of the indent, I venture to suggest that application for a supply should again be made to the Deputy Surveyor General of India at Calcutta, whence they can be obtained without difficulty.

2. Plans and Sections of the referring lamp and steel standard are enclosed, the former instrument is for the purpose of taking night observations, and the latter for testing chains.

No. 310. ORDER THEREON, 20th June 1862, No. 1,362.

The Superintendent of Revenue Survey is requested to forward, for transmission to the Deputy Surveyor General of India at Calcutta, a formal Indent for the instruments referred to in this letter, specifying the number of each required.

(Signed) P. P. HUTCHINS,
Acting Deputy Secretary to Government.

Re

No. 207

Referring lamps with
sight vanes & plummet
Steel standards gradu-
ated & divided into
feet, inches & tenths

In obedience to the order of Government under
date 17th February 1862 I have the honor to state
that the instruments referred to have hitherto been
procured from the mathematical instrument
Manufactory Calcutta and as they form but a small
portion of the indent I venture to suggest that appli-
cation for a supply should again be made to the
Deputy Surveyor General of India at Calcutta where
they can be obtained without difficulty.

Plans and sections of the Refracting lamps
and Steel standards are enclosed, the former instru-
ment is for the purpose of taking night observations
and the latter for testing chains.

I have the honor to be
your most obedient serv^t

J. B. Priestley
Superintendent Revenue Survey
