PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Lieutenant-Colonel J. OUCHTERLONY, Acting Deputy Chief Engineer, Centre Circle, to Lieutenant-Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Chepauk, 30th May 1862, No. 1,216:—

Sir,

1. Adverting to the Order of Government No. 1,022, under date 12th May 1862, I have the honor to submit herewith a letter* from the District Engineer Malabar explaining the circumstances under which the Custom House sanctioned for erection at Beypore was first stopped, and afterwards deferred in successive Budgets through want of funds.

2. It would be expedient I think to direct its construction to be resumed without delay; since, even at the low rate of 4 Rupees a month rent for a temporary Customs Office, Government are paying 7 per cent. on the amount of estimate sanctioned.†

3. I fear however as the original estimate was framed in 1857, some addition must be made to the total to cover enhanced building rates. A revised estimate could be called for; but in the meantime perhaps Government would not object to sanction the collection of materials for which the District Engineer can arrange out of his General Funds, leaving the full amount to be provided for when passed, out of the Reserve.

ORDER THEREON, 6th June 1862, No. 1,280.

1. Communicated to the Revenue Department, with reference to the orders in that Department No. 1,026, dated 9th May 1862.

2. Should it be decided that the erection of the Custom House is at once to be proceeded with, the necessary orders will be issued by this Department to the District Engineer Malabar, and a revised estimate in keeping with present rates will be called for through the Deputy Chief Engineer Southern Circle.
