Proceedings of the Madras Government, Revenue Department, 9th July 1862.

No. 149. Read the following Proceedings of the Board of Revenue, dated 25th June 1862, No. 4,083:—

Read again letter from the Deputy Chief Engineer, Southern Circle, dated 10th April 1862, No. 12,559.

(In Cons. 12th April 1862, No. 2,193.)

Read also the following letter from the Collector of Tanjore, dated 7th June 1862, No. 200.

With reference to the Proceedings of the Board of Revenue, dated 20th ultimo, No. 3,227, requesting me to state from what item in the Budget Estimate the expenditure of Rupees 88-15-8, on account of charges incurred by the District Engineer for the survey of the boundaries of the new Táluqs in this District can be met, I have the honor to report that, as no provision has been made for it in the Budget of 1861-62, I am of opinion that it can be paid from the sum of Rupees 2,000 "X Miscellaneous" "other items" provided for in the Budget for 1862-63.

With the first of the letters above recorded, the Deputy Chief Engineer, Southern Circle, submitted a Bill for a sum of Rupees 88-15-8 on account of charges incurred by the District Engineer, Tanjore, for the survey of the boundaries of the new Táluqs in Tanjore, with reference to the Proceedings of Government, dated 31st January 1861, No. 254, authorizing the expenditure of a sum not exceeding Rupees 120 for the work in question. He stated at the same time that the Civil Paymaster had refused to audit the Bill for want of provision in the Revenue Budget of 1861-62. The Collector was, therefore, desired to state from what item in the Budget the charge could be met, and in the second letter above recorded Mr. Morris observes that as no provision was made for it in the Budget of 1861-62, the charge can be met from the sum of Rupees 2,000 under "X Miscellaneous" "other items" provided for in the Budget of 1862-63. As the charge was however incurred in 1861-62, the Board doubt whether it can be allowed to be met from any provision made in the current year's Budget. They therefore request that the Civil Paymaster may be authorized to pass the charge from any saving which may have been effected in the Public Works Budget, or that the special sanction of the Supreme Government may be obtained.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 20th May 1862.

Read the following letter from Colonel W. I. BIRDWOOD, Deputy Chief Engineer Southern Circle, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Madras, dated Chepauk, 10th April 1862, No. 12,559:—

1 Bill.
1 Memorandum.

1. I have the honor to request that the orders of Government may be obtained for the payment of the accompanying Bill, of Rupees 88-15-8, on account of charges incurred by the District Engineer Tanjore, for the survey of the boundaries of the new Taluks, in the Tanjore District.

2. In the Proceedings of Government, dated 31st January 1861; No. 254, authority was granted for the expenditure of a sum not exceeding Rupees 120 for the above work, but in consequence I believe of my having, in reply to a reference made to this office on the subject by the Civil Paymaster, informed him that the charge should be debited to the Revenue Department, that Officer now states the bill cannot be audited for want of provision in the Budget of that Department for 1861-62, and hence I have considered it desirable to send the bill to you with a view to the orders of Government in connection therewith being obtained.

It appears that no regular provision has been made in the Collector's Budget for 1861-62 for the charge referred to in this letter. The Collector of Tanjore is, therefore, requested to state from what item in the Budget the charge in question can be met.

Acting Sub-Secretary.
